

# Tact Switch

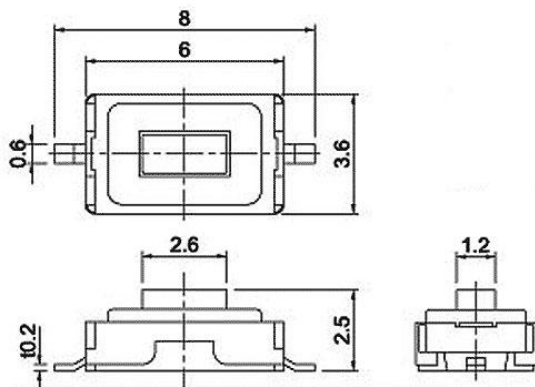

**Q-9132**

TYPE: **KFC-003A**

## SPECIFICATIONS

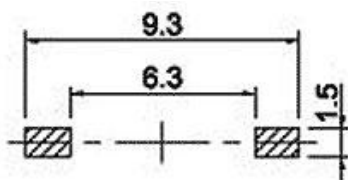

|                             |                       |
|-----------------------------|-----------------------|
| Contact Type                | SPST                  |
| Rating                      | DC 12V, 50mA          |
| Contacts Resistance         | $\leq 0,03\Omega$     |
| Insulation Resistance       | $\geq 100M\Omega$ Min |
| Minimum Load                | DC 500V               |
| Dielectric Strengths        | AC 250V / 1 minute    |
| Life Test                   | 100 000 Cycles Min    |
| Operating temperature range | -25°C to +70°C        |
| Operating Force             | 230 $\pm$ 50gf        |
