

## SMD Tact Switch KAN6247

### 6.2mm Waterproof Square Type Middle-travel SMD Tact Switch KAN6247

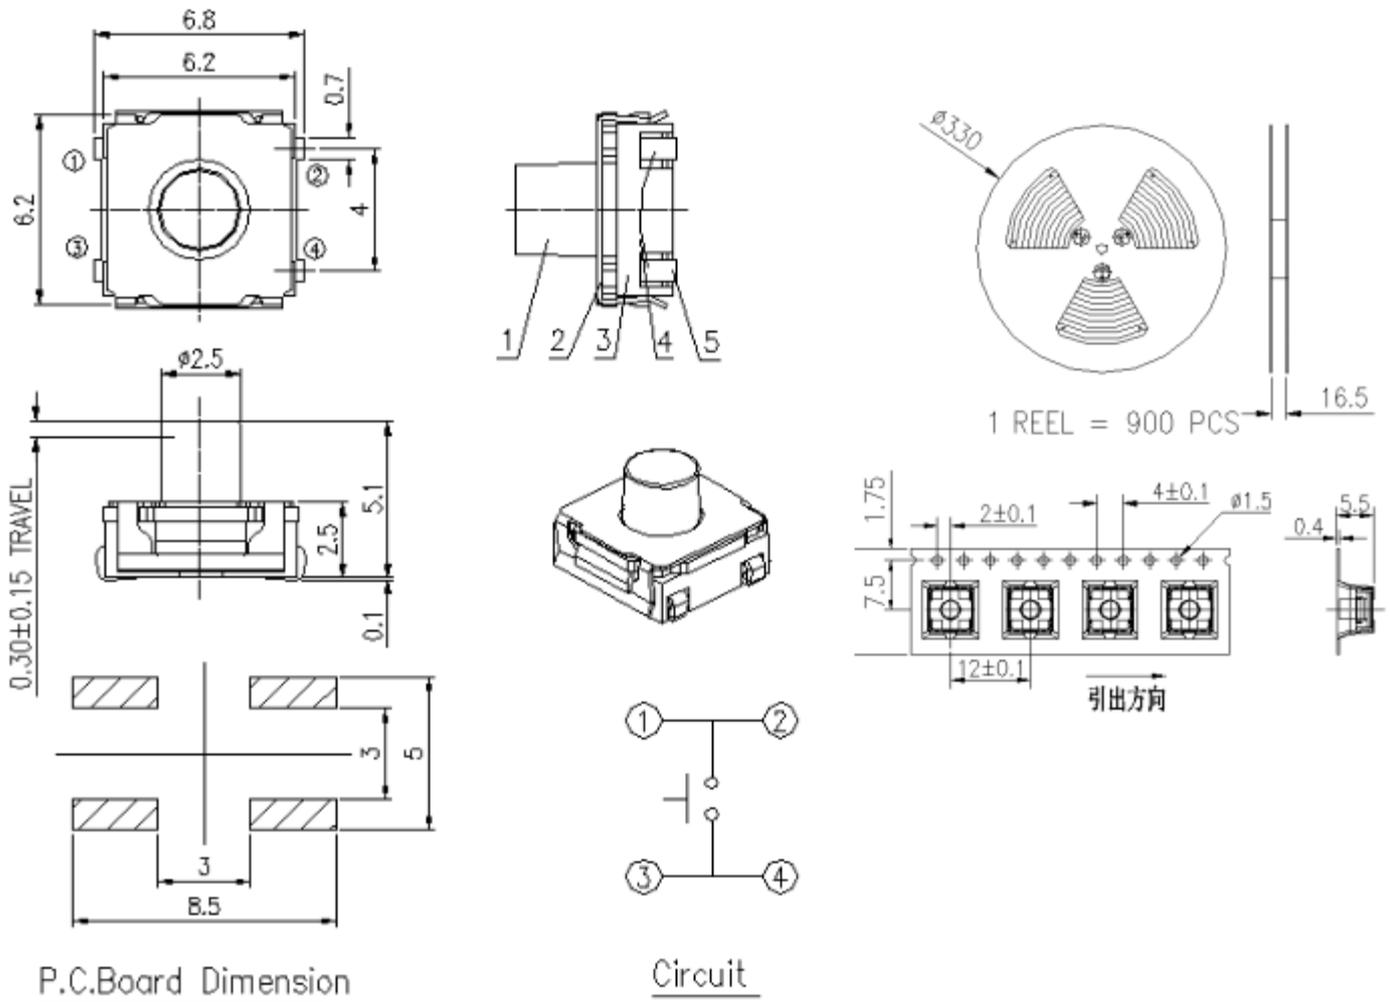

The KAN6247 is a square light tact switch with waterproof, which can be customized with a height of 3.1mm-5.1mm and a life cycle of 100000cycles. The color of tact switch cap can be customized with white, blue and red.

Brand:	Gangyuan
Item NO.:	KAN6247-0514M1
Order(MOQ):	1000pcs
Payment:	100% T/T Before Production
Product Origin:	Zhejiang, China (Mainland)
Color:	Black And Silver
Shipping Port:	Ningbo/Shenzhen
Lead Time :	7 Working Days <b>After Payment</b>

## Basic Information

Dimension	6.2×6.2×H/H=3.1/3.4/5.1mm
Rating current	12VDC 50mA
Operating force	200gf±70gf
Life cycles	100,000Cycles
Travel	0.30±0.15mm

## Dimension

General tolerance: ±0.2mm

## Tact Switch Using Attention

1. Please consult us when considering to wash tact switches
2. Please don't immerse soldering flux into tact switches
3. Please don't paint soldering flux on the surface of switch terminals and other parts in PCB board
