

JEWETT'S Portable Crock Filter.

Pat. Nov. 16, 1869, Oct. 15, 1878.

PATENT PENDING.

The Latest Improvement

consists in placing the filtering material in a separate vessel or crock. The advantage being this, viz ;

That whenever the filter part gives out, a new crock can be obtained, which will make the whole complete as when first purchased. We, therefore, recommend parties at a distance (instead of attempting to get the Filter re-packed) that they should purchase a new filter crock, the cost of which is moderate, and no more than the cost of repacking.

BOARD OF HEALTH, Washington, D. C., Aug. 27, 1877.
WEBB & BEVERIDGE:—I am just in receipt of your favor of yesterday, requesting my opinion of the "Jewett Filter" purchased of you several months ago for my personal use, and am pleased to say that it has fully answered your expressed estimate of its value. As a cleanser and purifier of drinking water it is certainly not excelled by any mechanical arrangement known to me. THE FOREGOING REMARKS APPLY EQUALLY TO THE LARGE FILTER OF THE SAME MAKE PURCHASED FOR THE BOARD OF HEALTH.

Very respectfully yours,

CHRIS. C. COX, M. D.
