

## JEWETT'S Portable Crock Filter.

*Pat. Nov. 16, 1869, Oct. 15, 1878.*

PATENT PENDING.

### The Latest Improvement

consists in placing the filtering material in a separate vessel or crock. The advantage being this, viz ;

That whenever the filter part gives out, a new crock can be obtained, which will make the whole complete as when first purchased. We, therefore, recommend parties at a distance (instead of attempting to get the Filter re-packed) that they should purchase a new filter crock, the cost of which is moderate, and no more than the cost of repacking.
