## DR. SCOTT'S ELECTRIC **FLESH** BRUSH. EXACT SIZE. **ASTONISHING CURES!**

Royalty, members of her Majesty's Government, and many professional gentlemen who have tested the power of the brush are unanimous in its praise, and its Therapeutic value cannot be disputed, having the approval of numerous medical men. Constructed upon scientific principles, the result of twelve years' study and practice, it is thoroughly and permanently charged with an "Electric" force which produces remarkable cures. It generally gives relief in five to seven minutes, and its application is most agreeable and grateful, there being no shock or unpleasant feeling attending its use. Always doing good, it cannot harm, and aside from its curative powers is a beautiful flesh brush (wet or dry), elegantly carved and lasting for years. Its power can always be tested by a silver compass which accompanies each Brush. Our Dr. Scott's Electric Hair Brush having met with the same appreciation here, which its excellent merits secured for it in England, we now introduce to the American public his Electric Flesh Brush, confident that it will soon find its way into every household.

### **TESTIMONIALS.**

ATWOOD'S PHARMACY, Broadway, New York, May 15, 1881.  
Dr. Scott: I have sold at retail over my counter, during the last few months, over \$3,500 worth of your Electric Brushes at \$3.00 each. They give splendid satisfaction, and many have come back and bought the second, third, and fourth one. I have heard many customers praise them highly, and from my own personal knowledge, I know of most remarkable cures attending their use. I cordially recommend them to the public." HERMON W. ATWOOD.

"I prescribe it for my patients with the happiest results. Its cures are unquestionable." DR. JOHN GAVETT GIBSON, F.C.S.

"Better than all liniments and embrocations. We cannot too highly recommend it to the afflicted." SURGICAL GAZETTE.

"For some time past I have suffered from Rheumatism in my knee. I tried your Brush and the result astonished me, in less than three minutes the pain disappeared and I have not had it since. Wishing to convince myself still further, I took it to my place of business and cured two workmen of Neuralgia and a third of Toothache. I am now satisfied with the virtue of your Brush, and do not hesitate to speak a good word for it to suffering humanity."  
Yours respectfully, JESSE M. HARR.

Space forbids our publishing innumerable letters of praise and gratitude from those using our Brush. Where addresses are not given they will be furnished with pleasure on application.
