READY THIS WEEK.

The Ice Age in North America,

AND ITS BEARINGS UPON THE ANTIQUITY OF MAN.

By G. Frederick Wright, D.D., LL.D., F.G.S.A., Professor in Oberlin Theological Seminary; Assistant on the United States Geological Survey.

With an Appendix on "The Probable Cause of Glaciation," by Warren Upham, F.G.S.A., Assistant on the Geological Surveys of New Hampshire, Minnesota, and the United States.

With 147 Maps and Illustrations. One vol., 8vo, 640 pages, cloth. Price, \$5.00.

The writer has personally been over a large part of the field containing the wonderful array of facts of which he is now permitted to write, but he is one only of many investigators who have been busily engaged for the past fifteen years (to say nothing of what had been previously accomplished) in collecting facts concerning the Glacial period in this country. His endeavor has been to make the present volume a fairly complete digest of all these investigations.

Although the title of the book is "The Ice Age in North America," it is really a treatise on the whole subject of the Glacial period; for, with the vast field open for investigation on this continent and the amount of attention recently given to its exploration, North America is now by far the most favorable place from which to approach the study of ice-action and ice periods.

The numerous maps accompanying the text have been compiled from the latest data. The illustrations are more ample than have ever before been applied to the subject, being mostly reproductions of photographs taken by various members of the United States Geological Survey in the course of the past ten years, many of them by the author himself.

D. Appleton & Co., Publishers,

1, 3, & 5 BOND STREET, NEW YORK.

MACMILLAN & CO.

PUBLISH THIS DAY:

Darwinism.

AN EXPOSITION OF THE THEORY OF NATURAL SELECTION. WITH SOME OF ITS APPLICATIONS. By Alfred Russel Wallace, LL.D., F.R.S., etc., author of 'The Malay Archipelago,' etc., etc., With Map, Portrait of the Author, and Illustrations. 12mo, cloth extra, \$1.75.

"The present work contains the conclusions upon this great subject of thirty years of thought and observation. . . . A contribution of the first importance to the literature of the subject. At the same time it would be difficult to find a book more entertaining to the general reader. He writes with the sincerity and easy mastery which comes of fullness of knowledge. There can be no more interesting guide in that great wonderland of science in which he has been so long one of the chief discoverers."—*New York Times*.

Nature Series—New Volumes.

THE CHEMISTRY OF PHOTOGRAPHY. By Raphael Meldola, F.R.S., Professor of Chemistry in the Technical College, Finsbury; City and Guilds of London Institute for the Advancement of Technical Education. Crown 8vo, \$2.00.

"We are delighted with the excellent arrangement and accuracy of the work. There is not, we are sure, a photographic practitioner—whether mainly technologist or essentially artist—who would not benefit largely by a careful study of Prof. Meldola's work."—*Photographic News*.

POPULAR LECTURES AND ADDRESSES. By Sir William Thomson, LL.D., F.R.S., F.R.S.E., &c., Professor of Natural Philosophy in the University of Glasgow, and Fellow of St. Peter's College, Cambridge. In 3 vols. With Illustrations. Crown 8vo. (Nature Series.) Vol. I. Constitution of Matter. \$2.00.

"The subjects of Sir William Thomson's 'Popular Lectures and Addresses' are of such deep interest, both theoretical and practical, and are treated in such a masterly manner that their republication in a collected form was only a question of time."—*Journal of Education*.

THE SCIENTIFIC PAPERS OF THE LATE THOMAS ANDREWS, M.D., F.R.S., Vice-President and Professor of Chemistry, Queen's College, Belfast. With a Memoir by P. G. Tait, M.A., Sec. R.S.E., and A. Crum Brown, M.D., F.R.S., Professors in the University of Edinburgh. 8vo. \$5.00.

"We have here in a compact form the biography and scientific works of a man who has left his mark on the science of his time. . . . The various papers in this volume, and especially the presidential address, show Dr. Andrews to have been not only an accurate and original worker, but a man of wide culture and refined literary taste. The editors have done their work carefully and well."—*Nature*.

New Mathematical Works.

ELEMENTARY SYNTHETIC GEOMETRY OF THE POINT, LINE AND CIRCLE IN THE PLANE. By N. F. Dupuis, M.A., F.R.S.C., Professor of Pure Mathematics in the University of Queen's College, Kingston, Canada. 16mo, \$1.10.

A TREATISE ON GEOMETRICAL CONICS. In Accordance with the Syllabus of the Association for the Improvement of Geometric Teaching. By Arthur Cockshott, M.A., and the Rev. F. B. Walters, M.A. 16mo, \$1.25.

TREATISE ON TRIGONOMETRY. By W. E. Johnson, M.A. 12mo, \$2.25.

A TREATISE ON SPHERICAL TRIGONOMETRY. With Application to Spherical Geometry and numerous Examples. By William J. McClelland, M.A., and Thomas Preston, B.A. Second edition. Complete in one volume. 12mo, \$2.25.

"The Week, one of the ablest papers on the continent."—*Descriptive America.*

ENLARGED AND IMPROVED.

THE WEEK:

A Canadian Journal of Politics, Literature, Science and Arts.

PUBLISHED EVERY FRIDAY.

\$3.00 per Year.

\$1.00 for Four Months.

THE WEEK has entered on its SIXTH year of publication, greatly enlarged and improved in every respect, rendering it still more worthy the cordial support of every one interested in the maintenance of a first-class literary journal.

The independence in politics and criticism which has characterized THE WEEK ever since its first issue will be rigidly maintained; and unceasing efforts will be made to improve its literary character and increase its value and attractiveness as a journal for the cultured home. Many new and able writers are now, or have promised to become, contributors to its columns, and the constant aim of the Publisher will be to make THE WEEK fully equal to the best literary journals in Britain and the United States.

As heretofore, PROF. GOLDWIN SMITH will, from time to time, contribute articles. London, Paris, Washington and Montreal letters from accomplished correspondents will appear at regular intervals. Special Ottawa Letters will appear during the sessions of Parliament.

THE WEEK in its enlarged form will be the same size as "Harpers' Weekly," and the largest paper of its class on the continent.

To Prevent Consumption.

The attention of physicians is called to the report of Drs. Prudden, Biggs, and Loomis, on p. 465, and an expression of their opinions is desired, by the editor of *Science*, 47 Lafayette Place, New York, on the following points : —

1. Is consumption a distinctly preventable disease?
2. Is consumption directly inherited?
3. Is consumption transmitted by the tubercle bacilli?
4. What measures, if any, should be taken against the use of tubercular meat and milk?
5. What measures, if any, should be taken to limit the freedom of persons affected with tuberculosis?
