

illustration, and his subject is one that cannot be made exactly entertaining; but all who are interested in the practical working of our public-school system will like to read his book.

AMONG THE PUBLISHERS.

THE Alvarenga prize of the College of Physicians of Philadelphia, consisting of one year's income of the bequest of the late Señor Alvarenga of Lisbon, has been awarded to Dr. R. W. Philip of the Victoria Dispensary for Consumption and Diseases of the Chest, Edinburgh, for his essay on pulmonary tuberculosis, which will be published by the college.

—Harper & Brothers have just ready "The Aztec Treasure House," by Thomas Janvier, who, in the form of romance, gives the result of many years of unremitting labor, and furnishes reliable facts regarding Yucatan and Mexico, put together with his special knack at artistic color in word-painting.

—In consequence of his having been appointed sole agent in America for the Religious Tract Society's publications, Fleming H. Revell announces the following periodicals published by the society: *The Leisure Hour*, *The Sunday at Home*, *The Boy's Own Paper*, *The Girl's Own Paper*.

—"A Story of Damon and Pythias," by A. Cressy Morrison, has been issued by the Pabst Brewing Company, Milwaukee, Wis. This little book will interest many of our readers, especially as it is illustrated with a half-dozen views, admirably reproduced, of scenes on the Island of Sicily. Doubtless copies can be had on application to the publishers.

—D. C. Heath & Co., Boston, will add to their series of German texts in a few days, "Selections from Heine's Poems," edited, with an introduction and notes, by Horatio S. White, professor of

the German language and literature in Cornell University. This volume will embrace selections not only from the more familiar "Buch der Lieder," but also from Heine's later and posthumous poems, an examination of which is essential to complete the picture of his matured genius.

—We learn from *Nature* of July 3 that Messrs. Mawson, Swan, & Morgan propose to issue a lithographed facsimile of an old manuscript volume of apothecaries' lore and household recipes, which was discovered some years ago among the papers belonging to the old firm of Gilpin & Co., chemists, Pilgrim Street, Newcastle. Careful examination, in which some of the curators of the British Museum have assisted, shows that the manuscript dates from about the time of Queen Elizabeth, additions having been made from time to time, in various handwritings, up to the middle of last century.

—Messrs. Macmillan & Co. have nearly ready for publication two works of great interest to students of ornithology, both of American origin. The first is a treatise on the "Myology of the Raven," intended as an introduction to the study of the muscular system in birds, by Dr. R. W. Shufeldt of the Smithsonian Institution. The second is a revised re-issue, in one volume of convenient size, of the very valuable monographs on field ornithology and on general ornithology, which were prefixed to Dr. Elliott Coues's monumental "Key to North American Birds." Part I., on field ornithology, contains the necessary instructions for the observation and collection of birds in the field, and for the preparation and preservation of specimens for scientific study. Part II. is a technical treatise on the classification, the zoölogical characters, and the anatomical structure of the class of birds, in which the examples cited in illustration of the principles of ornithology have for the most part been re-drawn by the author from British instead of American birds.

CATARRH.

Catarrhal Deafness—Hay Fever.

A NEW HOME TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N.B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King Street, Toronto, Canada.—*Christian Advocate*.

Sufferers from Catarrhal troubles should carefully read the above.

JOHNS HOPKINS UNIVERSITY, BALTIMORE.

Announcements for the next academic year are now ready and will be sent on application.

MICHIGAN, Houghton.

Michigan Mining School.

A State School of Surveying, Mining, Electrical and Mechanical Engineering, Physics, Chemistry, Assaying, Ore Dressing, Mineralogy, Petrography, Geology, Drafting, Machine Design, etc. Tuition free. For catalogues and information address

M. E. WADSWORTH, A.M., Ph.D., Director.

THIS WEEK

We shall offer in our salesroom,

IN THE BASEMENT,

Several well assorted lots of Fancy Silks, Surahs, Figured Indias in Woven and Printed Designs, Brocade Satins and various other styles of Novelties, at the uniform price of 50 cents per yard.

ON THE MAIN FLOOR,

Several thousand yards of Plain Dress Silks, Surahs, etc., in lengths of 20 yards and under, at half price. Our stock of Figured India and China Silks has also been reduced in price. Great advantages will be offered in this department.

Corresponding or visiting with Advertisers, will confer a great favor by mentioning this paper.

A New Method of Treating Disease.

HOSPITAL REMEDIES.

What are they? There is a new departure in the treatment of disease. It consists in the collection of the specifics used by noted specialists of Europe and America, and bringing them within the reach of all. For instance, the treatment pursued by special physicians who treat indigestion, stomach and liver troubles only, was obtained and prepared. The treatment of other physicians celebrated for curing catarrh was procured, and so on till these incomparable cures now include disease of the lungs, kidneys female weakness, rheumatism and nervous debility.

This new method of "one remedy for one disease" must appeal to the common sense of all sufferers, many of whom have experienced the ill effects, and thoroughly realize the absurdity of the claims of Patent Medicines which are guaranteed to cure every ill out of a single bottle, and the use of which, as statistics prove, *has ruined more stomachs than alcohol*. A circular describing these new remedies is sent free on receipt of stamp to pay postage by Hospital Remedy Company, Toronto, Canada, sole proprietors.

IMPROVED OIL LIGHT MAGIC LANTERNS.

Also Lime and Electric Light Apparatus, and mechanical, plain, and fine colored views.

J. B. COLT & CO., Manufacturers,
No 16 BECKMAN STREET, NEW YORK.
