

best collection of minerals collected in the province of Ontario during the year 1908 by any one not employed as a collector by a public institution or dealer in minerals. The collection must contain at least thirty mineral species, and it is suggested that where convenient the size of the specimens should be 2 x 3 inches. Each specimen must be labeled with the exact locality from which it was obtained, and the date on which it was collected. No specimen will be considered unless it is so labeled. A typewritten list of the specimens, with names of minerals and localities, in triplicate, together with a declaration stating that they were personally collected by the signer of such declaration in the province of Ontario in 1908 at the localities stated, with the post-office address of the collector, must accompany each collection. The collections must be addressed: "Examiners, Tyrell Prize, Government Assay Office, Belleville, Ont.," and must be sent, *prepaid*, to the Government Assay Office, Belleville, Ontario, on or before December 1, 1908, where they will be opened and examined jointly by Professor Nicol, of the School of Mining, Kingston, and Dr. Walker, of Toronto University. If requested the collections will be returned, charges collect, as soon as possible after the prize is awarded.

LECTURES ON HYGIENE AT CORNELL UNIVERSITY

It is proposed to give next year at Cornell University a course of public lectures on hygiene and public health. These lectures are to be given in cooperation with the state department of health. A committee of the university faculty has adopted a provisional scheme for the first term under which the following course of lectures has been arranged:

October 8—Introductory lecture by President Schurman.

October 13 and 15—"Public Health Administration," E. H. Porter, M.D., State Health Commissioner.

October 20—"Epidemiology," Arthur Newsholme, M.D., health officer, Brighton, England.

October 22—To be announced; foreign visitor.

October 27—"The Relation of the State to the Health of the Rural Community," R. A. Pearson, State Commissioner of Agriculture.

October 29—To be announced; Dr. W. L. Russell.

November 3 and 5—"Social Problems in their Relation to the Public Health," Professor J. W. Jenks.

November 10 and 12—"The Public Health Law," A. H. Seymour, Secretary of the State Department of Health.

November 17, 19 and 24—"The Various Aspects of Vital Statistics," Professor Walter F. Willcox.

December 1—"Public Morality," John B. Huber, M.D., lecturer on tuberculosis, State Department of Health.

December 3—"The Influence of the Action of the Laws of Heredity upon Public Health," Professor S. H. Gage.

December 8—"Voluntary Organization in Public Health Work," Homer Folks, member of the tuberculosis advisory board, State Department of Health.

December 10, 15 and 17—"Bacteriology and Comparative Epidemiology," Professor V. A. Moore.

January 5—"Recent Results of Research upon Causation and Transmission of Malignant Diseases," Professor James Ewing.

January 7—"The Relation of Psychology to Preventive Medicine," Professor E. B. Titchener.

January 12 and 14—"Immunity and Epidemiology," Herbert P. Pease, M.D., director of the hygienic laboratory, State Department of Health.
