

F. E. Breithut, of the Personnel Division of the Chemical Warfare Service.

In order to accomplish results the chemists now in military service who desire to return to chemical industry are being requested to inform the chief of the Industrial Relations Branch concerning their future prospects, while the manufacturers are being asked to designate their requirements for chemists. The administration of this work will be carried out by the Industrial Relations Branch. Any information desired may be obtained by writing to Major Allen Rogers, Chief, Industrial Relations Branch, Chemical Warfare Service, 7th and B Streets, N.W., Washington, D. C.

THE AMERICAN PSYCHOLOGICAL ASSOCIATION

AFTER the signing of the armistice, the council reconsidered its vote not to have a meeting this year. It has been definitely decided to hold a brief and somewhat informal meeting at Baltimore. The Baltimore meeting will be held on Friday and Saturday, December 27 and 28. The sessions will take place in Gilman Hall, Homewood, Johns Hopkins University. Sections H and L of the A. A. A. S. will meet in rooms in the same building.

The program has been limited to papers upon psychological work in connection with the war. Owing to the short time at the committee's disposal, it has asked a number of members in service to present papers, instead of following its usual custom of sending a general notice to the members of the association. A number of members have already consented to read papers, and the meeting promises to be an interesting one. The general scheme for the program is as follows: Friday, December 27, at 10 A.M.—a parallel session with Sections H and L; Friday afternoon—a joint session with Sections H and L; Friday at 6:33—the annual dinner followed by a business meeting and smoker; Saturday morning at 9:30—a joint session with Section H; Saturday afternoon—a symposium upon "The future of pure and applied psychology." Friday at 4:30 P.M., Professor E. L. Thorndike, the retiring vice-president of Section H, A. A. A. S., will deliver an address entitled, "Scientific personnel

work in the U. S. army." At 7:30 P.M., Professor E. F. Buchner, the retiring vice-president of Section L, will deliver an address entitled, "Scientific contributions of the Educational Survey." Among others, will be papers upon the work of the psychological examiners, upon the methods of the Committee on Classification of personnel including the trade tests, upon the work of reconstruction and upon the investigations in connection with aviation. It will not be possible this year to send a complete program to the members before the date of the meeting. All members are invited to attend the smoker, whether they are present at the dinner or not.

H. S. LANGFELD,
Secretary

THE YELLOW FEVER EXPEDITION OF THE ROCKEFELLER FOUNDATION

DR. GEORGE R. VINCENT, president of the Rockefeller Foundation, announces that with the cessation of hostilities in France the foundation is prepared to direct its activities, largely diverted into war channels, back into ways of peace. Its international health board, he said, would renew at once in cooperation with local authorities in South and Central America its combat against yellow fever.

Dr. William C. Gorgas, retired from the post of surgeon general on account of age, soon will sail, to take charge of the foundation's fight against yellow fever. The position of director of yellow fever work, which General Gorgas now occupies, he held until the war compelled him to relinquish it and the foundation to suspend its efforts. Dr. Vincent's statement continues:

Dr. Gorgas will sail within a short time for Central and South America. Dr. N. E. Connor has already preceded him to Guayaquil, on invitation of the government of Ecuador. He will guide the local operations, which will be done by men appointed by the local authorities.

The program which General Gorgas will now actively develop, results from a study of the yellow fever problem by the International Health board, which began its labors in July, 1914.
