#### THE HECKSCHER FOUNDATION FOR THE PROMOTION OF RESEARCH AT CORNELL UNIVERSITY

THE committee on general administration of the Cornell University board of trustees, on October 2, adopted a plan for the administration of the income from the Heckscher Foundation for the Promotion of Research in Cornell. August Heckscher gave Cornell University \$500,000 last summer as an endowment to promote research. The plan of administration is described in the following resolutions which the committee adopted:

That the income shall be used only for the promotion of research, including the publication of the results thereof.

That for the present the income shall not be used for permanent research professorships.

That the income shall not be used to increase the emoluments of any member of the teaching staff.

That the income shall not be used intentionally to promote investigation leading to patent rights or to the pecuniary benefit of the investigators through patent rights, or in any similar manner.

That for the administration of the foundation

there be established a council to be known as the Heckscher Research Council. This council shall consist of the president of the university, *ex officio*, as chairman; two trustees to be elected by the board of trustees whose respective terms as members of the council shall continue until the expiration of their then respective terms as trustees; the dean of the graduate school, *ex officio*; four members of the university faculty, two from each of the two groups known as the group of sciences and the group of letters as specified in Section 2 of Article XII. of the university statutes and relating to the university library; and two emeritus professors to be selected annually by the council.

The terms of the four faculty members to be elected by the groups of the faculty shall, at the first election, be for one, two, three and four years, respectively, and thereafter the term of each shall be four years.

All members of the council shall continue to hold office until their successors are elected.

This council shall, subject to the approval of the board of trustees, have general supervision of research under the Heckscher Foundation, the expenditure of the income of the fund, and all other matters pertaining thereto. The council shall report its recommendations from time to time to the board of trustees and upon the approval of the same the expenditure of appropriations shall follow the usual practice of the university.

The council shall call annually for requests for grants from individual investigators, or groups of investigators proposing to collaborate, but not from departments of the university as such, nor from colleges.

The council shall have power to establish and from time to time modify the rules and regulations governing its meetings and the details of appropriations.

The annual report of progress shall be made to the council by each investigator or group receiving a grant. An annual report to the board of trustees shall be made by the council and a copy thereof sent to the founder of the fund. A minimum of one hundred copies of all publications of the results of the investigations shall be delivered to the council for preservation in the university library and distribution under the direction of the council. A bound copy of such publications shall from time to time be transmitted to the founder.
