THE TENTH INTERNATIONAL CONGRESS OF ZOOLOGY

PRELIMINARY ANNOUNCEMENT

THE Ninth International Congress of Zoology in session at Monaco in March, 1913, decided to hold the tenth meeting in 1916 at Budapest, Hungary, under the presidency of the undersigned. Unfortunately the events of the war made it impossible to adhere to this decision, and the meeting of the Tenth Congress had to be postponed. The present international situation is now such, however, that this congress can be held during the coming year.

In accord with the Permanent Committee of the International Congress of Zoology I have the honor, therefore, to announce that the Tenth International Congress of Zoology will meet in Budapest, Hungary, on September 4 to 9, 1927, and that all zoologists and friends of zoology are hereby cordially invited to attend.

The detailed program of the Congress will be issued

before the end of the present year and sent to those interested.

DR. G. HORVÁTH,
*President of the Tenth International Congress of
Zoology, Director of the Department of Zoology,
Hungarian National Museum*
