

Chosen for Reliability

Chemists whose prestige depends upon rapid and accurate analyses show a noticeable preference for **WHATMAN** Filter Papers.

The steel chemist whose analysis must be completed in twenty minutes; the research worker with whom accuracy is paramount; the referee laboratory; the hospital—all rely upon **WHATMAN** Filter Papers.

Have you tried them lately?

NEW SCIENTIFIC BOOKS

The Oxford University Press, American Branch,
New York.

INTERPRETERS OF NATURE. George Newman. pp. x + 296. \$4.50.

Nine essays which center upon men whose careers, in science or literature, are identified with the progress of medicine—such men as Pasteur, Sydenham, Boerhaave, John Keats and Sir William Osler. The book is designed as much for the lay public as for medical men.

The Cambridge University Press, The Macmillan Company.

THE COMPARATIVE PHYSIOLOGY OF INTERNAL SECRETION. L. T. Hogben. 148 pp. \$4.00.

This is the third volume of the new series dealing with comparative physiology, which the Cambridge University Press recently started. Among other subjects, it treats of chemical coordination, adrenaline and neuromuscular coordination and endocrine factors in metabolism.

Longmans, Green and Company, New York.

AN INTRODUCTION TO THE SCIENTIFIC STUDY OF THE SOIL. Norman M. Comber. 192 pp. \$3.00.

Intended mainly for students of agriculture, the book will, however, also have an appeal for horticulturists, ecologists, etc., who seek some general account of the present conceptions of the soil.

THE MICROSCOPE

By **SIMON H. GAGE**, of Cornell University
Revised, Dark-field Edition (1927) now Available.

The Old and the New in Microscopy, with a special chapter on Dark-Field Methods and their Application.

Postpaid, \$3.50

AMERICAN MEN OF SCIENCE

A Biographical Directory

Edited by J. McKeen Cattell and Jaques Cattell

Ready December 10, 1927

The fourth edition of the Biographical Directory of American Men of Science contains about 13,500 sketches and extends to 1,132 pages. It is an invaluable work of reference for scientific men. It is useful for libraries, newspapers, educational executives and all who have relations with those engaged in scientific research.

Price, Ten dollars, net, postage paid
