# The Review of Scientific Instruments

The Optical Society of America announces that beginning with January 1930, THE JOURNAL OF THE OPTICAL SOCIETY OF AMERICA and REVIEW OF SCIENTIFIC INSTRUMENTS, which the Society publishes with the collaboration of the Scientific Apparatus Makers of America, will be published as two journals, viz:

## The Journal of The Optical Society of America and The Review of Scientific Instruments

Each journal will be issued monthly. The management and editorial control of the two journals will be the same as heretofore.

**THE JOURNAL OF THE OPTICAL SOCIETY OF AMERICA** is devoted to articles on all branches of optics,—geometrical, physical, physiological,—in both pure and applied science.

**THE REVIEW OF SCIENTIFIC INSTRUMENTS** contains original articles and abstracts covering all kinds of instruments for scientific work, in academic, governmental and industrial laboratories as well as in many branches of industry.

Both journals may be obtained at the club rate of \$5.00 per year. *Subscriptions to each journal separately, \$4.00 per year.*

Send subscriptions to

F. K. RICHTMYER, Managing Editor  
Rockefeller Hall Ithaca, N. Y.

**BRROKLYN BOTANIC GARDEN MEMOIRS**  
Volume I: 33 contributions by various authors on genetics, pathology, mycology, physiology, ecology, plant geography, and systematic botany. Price, \$3.50 plus postage.

Volume II: The vegetation of Long Island. Part I. The vegetation of Montauk, etc. By Norman Taylor. Pub. 1923. 108 pp. Price, \$1.00.

Vol. III: The vegetation of Mt. Desert Island, Maine, and its environment. By Barrington Moore and Norman Taylor. 131 pp., 27 text-figs., vegetation map in colors. June 10, 1927. Price, \$1.60.

### AMERICAN JOURNAL OF BOTANY

Devoted to All Branches of Botanical Science  
Established 1914. Monthly, except August and September. Official Publication of the Botanical Society of America. Subscription, \$7 a year for complete volumes (Jan. to Dec.). Parts of volumes at the single number rate. Volumes 1-16 complete, as available, \$130. Single numbers, \$1.00 each, post free. Prices of odd volumes on request. Foreign postage: 40 cents.

### ECOLOGY

All Forms of Life in Relation to Environment  
Established 1920. Quarterly. Official Publication of the Ecological Society of America. Subscription, \$4 a year for complete volumes (Jan. to Dec.). Parts of volumes at the single number rate. Back volumes, as available, \$5 each. Single numbers, \$1.25 post free. Foreign postage: 20 cents.

### GENETICS

A Periodical Record of Investigations bearing on Heredity and Variation

Established 1916. Bimonthly. Subscription, \$6 a year for complete volumes (Jan. to Dec.). Parts of volumes at the single number rate. Single numbers, \$1.25 post free. Back volumes, as available, \$7.00 each. Foreign postage: 50 cents.

Orders should be placed with

The Secretary, Brooklyn Botanic Garden,  
1000 Washington Ave. Brooklyn, N. Y., U. S. A.

## The Wistar Institute Bibliographical Service

is of invaluable assistance to

Librarians—Investigators—Teachers

It brings to them, in AUTHORS' ABSTRACT form, a brief review of all original papers on Biological Subjects which appear in the following journals:

Journal of Morphology and Physiology  
The Journal of Comparative Neurology  
The American Journal of Anatomy  
The Anatomical Record  
The Journal of Experimental Zoology  
American Journal of Physical Anthropology  
The American Anatomical Memoirs  
Folia Anatomica Japonica (Tokio, Japan)  
Stain Technology (Geneva, N. Y.)  
Physiological Zoology (Chicago, Ill.)

### Advance Abstract Sheets

issued semi-monthly, bearing Authors' Abstracts without bibliographic references, offer a practical means of making research immediately available in abstract form and of purchasing articles of special interest in reprint form without the necessity of subscribing to all the journals. Subscription, \$3.00 per year.

### Bibliographic Service Cards

with complete bibliographic references, printed on Standard Library-catalogue cards, are of value and assistance to Librarians and Investigators. Subscription, \$6.00 per year.

### Abstracts in Book Form

referred to above, are brought together periodically, with Authors' and Analytical Subject Indices. Price \$5.00 per volume.

Subscriptions to the Bibliographic Service  
and orders for reprints should be sent to

The Wistar Institute of Anatomy and Biology  
Thirty-sixth St. and Woodland Ave. Philadelphia, Pa.

# ISIS

**INTERNATIONAL REVIEW DEVOTED to the HISTORY of SCIENCE and CIVILIZATION**  
*Quarterly Organ of the History of Science Society*

Edited by **GEORGE SARTON, D.Sc.**

Harvard Library 185,  
 Cambridge, Massachusetts, U.S.A.

“**ISIS**” is the most important journal of its kind published anywhere in the world. It contains original papers, chiefly in English, subsidiarily in French, German, Italian, Latin; shorter articles; and an abundant bibliography. Much attention is paid to Oriental science and civilization.

A new feature is the inclusion of addenda and errata to Sarton’s “Introduction to the History of Science,” Vol. I. From Homer to Omar Khayyám (1927). Thus the readers of “**ISIS**” can easily keep their knowledge on the subject up-to-date.

The price of each volume is \$6.

Members of the History of Science Society receive free of charge every number published within the year, at least one volume. Last year (1927) they received two volumes (1110 pages, 28 plates), including 27 papers, 73 shorter items, and 2828 bibliographical notes.

Annual dues, \$5

New York, N. Y.

The Government of Bombay invite applications for the post of Chief Agricultural Officer in Sind, who will work under the Director of Agriculture, Bombay Presidency, with headquarters at Karachi.

Applicants should possess an honours degree in science or agriculture, but preference will be given to applicants who have had experience in large scale agriculture and particularly irrigation agriculture and who also possess administrative ability and experience. The officer appointed will control and direct the research propaganda and development work of the Agricultural Department in Sind which will be mainly in connection with irrigated land, much of which contains alkali.

Terms. Five years’ agreement in first instance (including one year’s probation). Pay, Rs. 2,000 per calendar month rising by annual increments of Rs. 50 to Rs. 2,250 per calendar month. (Approximate sterling equivalent at current rate of exchange £1,800: £2,025 per annum.) Local allowance. House allowance. Provident Fund. Passage out and home for officer and wife provided that officer is of non-Asiatic domicile. Strict medical examination. Forms of application and further particulars should be obtained by request by postcard from the Secretary to the High Commissioner for India, General Department, 42, Grosvenor Gardens, London, S. W. 1., England. Last date for the receipt of applications, 31st of January, 1930.

Iron Enameled or Solid Wall Porcelain Tube

The various types are made in several lengths of 8", 16", and 20", respectively, with resistance values of from 0.25 ohm and 25 amperes, to 30,000 ohms and current capacity of 0.1 ampere.

“BECBRO” Stone Rheostats are made in the following types: Single, Double, Universal, and Crossed Sections. These rheostats, with the porcelain tubular types, find their many uses in high frequency and radio work.
