

HILGER OPTICAL INSTRUMENTS

BECAUSE of long experience in the importation of Scientific Apparatus, and close relations with Adam Hilger Ltd., we are well equipped to supply instruments made by this world-famous house.

Catalogs and price data will be mailed promptly upon request.

Typical Hilger Instruments Include:—

Spectroscopes,
Spectrographs,
Photometers,
Colorimeters,
Polarimeters,
Refractometers,
Interferometers,
Strain Viewers,
Audiometers,
Comparators,
Micrometers,
Diffraction Gratings,
etc.

ELECTRICAL AND SCIENTIFIC INSTRUMENTS

1211-13 ARCH STREET, PHILADELPHIA, PA.

THE WISTAR INSTITUTE BIBLIOGRAPHIC SERVICE

ISSUES

AUTHORS' ABSTRACTS

of all papers appearing in the journals listed below prior to publication of the articles in full. By this advance information biologists may familiarize themselves with *contemporary research* in a minimum of time.

Advance Abstract Sheets are issued twice a month, each sheet containing ten or more authors' abstracts. Subscription rate is \$3.00 per year.

Bibliographic Service Cards, following the Advance Abstract Sheets, also are issued twice a month. In addition to the authors' abstracts, the cards provide subject headings and complete bibliographic reference. The cards are convenient for filing and library records. Price, \$5.00 per year.

At regular intervals the authors' abstracts are assembled and published in book form with complete authors' and analytical subject indices. Price, \$5.00 per volume. Liberal discount to subscribers to the Bibliographic Service Cards.

The Printing of Scientific Publications

The **Science Press Printing Company** has been established and equipped for printing scientific literature *in the best way*, with compositors, pressmen and proof-readers trained for technical work. It is a business corporation but it has been founded to *provide facilities essential for the advancement of science*.

The corporation owns its building at Lancaster, Pennsylvania. It has the best obtainable presses, composing machinery and binding equipment. What is more important, it has the most competent pressmen and compositors in a city which, since *SCIENCE* was first printed there in 1894, has become a center for fine scientific printing. The costs are much less than in large cities.

The press prints *The Scientific Monthly*, *SCIENCE*, *School and Society*, *The American Naturalist*, and some twenty other scientific journals and publications. The typography and presswork of these journals will bear comparison with any weekly or monthly publication, although, for example, *SCIENCE* must be printed mostly in one day in an edition of over 14,000. "The Biographical Directory of American Men of Science" and "The Biographical Directory of Leaders in Education" are examples of the work of the press. It can, to special advantage, print scientific books, monographs and doctorate dissertations.

Samples of work and estimates of costs will be supplied on application.
