

# The Drama of Weather

by SIR NAPIER SHAW

*Scientific Book Club's Selection*

- "A popular presentation of the science of the weather by one of the world's foremost meteorologists, eminently adapted to the needs of the layman."  
—*Scientific Book Club Review*.
- "Photographs which can only be described as magnificent."—*Morning Post*.
- "The author knows his subject and takes great pains to explain every statement, qualify every declaration. Scientific to a degree, he still makes scientific talk plain."  
—*N. Y. World-Telegram*.

*Cambridge University Press* • \$3.50

*Have you considered the class use of  
the following new texts?*

## A TEXTBOOK OF COLLEGE PHYSICS

By C. A. CHANT and E. F. BURTON,  
*University of Toronto*

"I am very favorably impressed with the book. The treatment of mechanics especially of motion, mass, and force, is precisely as I like it, and I am sure the student will find this treatment very clear."—W. H. CREW,  
*New York University* \$3.25

## MAN'S ADAPTATION OF NATURE

By P. W. BRYAN

"It is an excellent book and I plan to use it as a text in one of my classes next year."—DEFOREST STULL, *Teachers College, Columbia University* \$3.50

## THE HUMAN BODY AND ITS FUNCTIONS

By C. H. BEST and N. B. TAYLOR,  
*University of Toronto*

"I feel that the book is very up to date and simply told. I consider it one of the best elementary books on Physiology which has come out lately."—JEAN CAVE, *Colorado State Teachers College* \$3.25

## LABORATORY DIRECTIONS IN GENERAL PHYSIOLOGY

By E. NEWTON HARVEY and A. K. PARPART,  
*Princeton University*

"This manual has always been useful and will be more so in the excellent form you have used."—O. W. RICHARDS, *Yale University* \$0.60
