3x, 6x, 9x

2.5x

Zeiss Monocular Aplanatic Magnifiers are lens combinations giving a large flat field, sharply defined from center to margin, and with freedom from color fringes. For these reasons they are the magnifiers to use where the best possible quality of the image is essential. The Zeiss Aplanatic Folding Magnifiers, in dust-proof Bakelite mounts, are especially popular as pocket lenses for many purposes. They can also be supplied to fit ring holders with handle, or sliding sleeves, tripods and other mounts. Magnifications 2.5x, 6x, 8x, 9x, or 10x. At your dealers.
