The Middle Distance Crawl	9
The Distance Crawl	13
Relay Racing	4
The Back Crawl Stroke	28
The Breast Stroke	41
Conditioning	21
Training	19
Competitive Springboard Diving	73

The very limited amount of source material hitherto available in the field of competitive diving and swimming demonstrates the need for this new text, "COMPETITIVE SWIMMING AND DIVING." With this situation in mind Professor Armbruster presents his subject matter with the idea of aiding beginning coaches and beginning competitors, as well as improving the performances of advanced swimmers and divers.

To this end, the technique of each stroke and dive is presented in detail, both in text and illustration. Simple, clear description and well-drawn, accurate illustrations insure a thorough grasp of the teachings of the text. The drawings were secured almost entirely from a cinematographic study of some of the world's greatest swimmers.

Aware of differing opinion as to what constitutes good form in swimming, the author bases his instructions on kinesiological principles and physical laws. Practices which are generally recognized as expert are conformed to. Some of the new studies and techniques advanced are the results of experiments carried out at the University of Iowa.

In addition to form, the author takes up conditioning and training of the athlete. Diet, exercise, massage, and training schedules are presented in complete detail.

See for yourself the help that Armbruster's "COMPETITIVE SWIMMING AND DIVING" can give you. Send for your copy today.

PURINA LABORATORY CHOWS

FOR GOOD RESULTS — ECONOMY — EASY FEEDING

Purina Laboratory Chows are scientifically balanced rations which promote high reproduction, sound, uniform growth and good condition of body, skin, and coat when fed to healthy animals under sanitary conditions. Results at the Purina Research Laboratories and many independent laboratories show this to be true.

In addition, Purina Laboratory Chows are low in feeding cost and require a minimum of time and labor for feeding. If you have colonies of rats, mice, dogs, cats, monkeys, rabbits, or guinea pigs, you'll find a Purina Laboratory Chow ration to suit your needs. Investigate today — clip the coupon below for samples and *Free Book*.
