

## "Dear Mom... I never felt better in my life"

your boy wherever he is . . . Iceland, Ireland, Australia, or a camp in the U. S. A.

Remember how you used to worry about his health when he was a little fellow . . . how secure you felt in the house on Greene Street because it was just around the corner from Doc Brown's?

Right now your boy is getting the finest medical care in the world. No matter where he is, he's never farther than "just around the corner" from an

Isn't it wonderful, Mother, to get a letter like that from

army doctor . . . and a mighty good doctor he is, too.

That doctor, as all American doctors are, is armed with the knowledge that has grown out of advanced microscopical research . . . research that was made possible by Bausch & Lomb's introduction of quantity production of quality microscopes.

Today, in every field hospital, and in every base hospital a microscope stands ready to aid your boy's doctors . . . to ferret out the enemy that hides in the water and the air and the insect's sting . . . to aid in the diagnosis of disease.

And out on the battle lines, as on industrial fronts, Bausch & Lomb Instruments are creating winning standards of precision. In your homes, schools and shops, modern eyewear, as prescribed and fitted by men who have made the study of human vision a life's work, continues to do its part for the eyes of a working America.
