Leitz

ORTHOLUX

the STAR among research microscopes

Now helping to chart new frontiers in all fields of scientific research, the Leitz Ortholux is universally recognized as the ultimate in research microscopes. In addition to outstanding precision and quality, it gives you all the features needed for easier, less tiring microscopic observation. To make the Ortholux even more useful, Leitz now offers a combination monocular-binocular tube which enables you to photograph the microscope image without changing tubes. You change *instantly* from microscopic observation to photomicrography.

All yours in one outstanding instrument—

Built-in illumination system for
transmitted or incident light

Berek double-diaphragm condenser

Large, square built-in mechanical stage
with low set drive

Low set micrometer fine adjustment
on double ball bearings

Counter-balanced coarse focusing

Another of the famous Leitz Microscopes... recognized everywhere as the finest microscopes produced anywhere since 1849.
