## NEW MIKRARK ILLUMINATOR

*Using Zirconium Arc Lamp*

for  
**MICRO-PROJECTION**

for  
**PHOTO-MICROGRAPHY**

Mikrark Illuminators provide an intense, cool point source of light through the use of the new 100 watt Zirconium bulb. This steady light source is ideal for microscopy and photo-micrography. It is the correct color temperature for full color pictures. MODEL C-100 with improved cooling system illustrated.
