PHIPPS & BIRD

PIPETTE DRYER

In the laboratory, this large capacity Pipette Dryer is particularly recommended for the thorough drying of pipettes of any size up to 375 mm. in length. . . . Cylinder is mounted on vented base with specially designed heater in lower end of cylinder. This instrument is designed to take the standard rack of a 6" pipette washer. Rack is taken out of washer, drained for about a minute, then placed right into the Dryer. This method of drying means less handling by the technician, thus greatly reducing the hazard of breakage. Complete with cord and plug, but without rack. 115 volts, AC or DC

Cat. No. 71-281-1 \$45.00 Cat. No. 71-726 \$10.00

PHIPPS & BIRD, INC.

PERSONNEL PLACEMENT

CLASSIFIED: 18¢ per word, minimum charge \$3.60. Use of Box Number counts as 10 additional words.

COPY for classified ads must reach SCIENCE 2 weeks before date of issue (Friday of every week).

DISPLAY: Rates listed below — no charge for Box Number. Monthly invoices will be sent on a charge account basis—provided that satisfactory credit is established.

Single insertion	\$22.00 per inch
13 times in 1 year	21.00 per inch
26 times in 1 year	20.00 per inch
52 times in 1 year	19.00 per inch

For **PROOFS** on display ads, copy must reach SCIENCE 4 weeks before date of issue (Friday of every week).

POSITIONS WANTED

Bacteriologist, Ph.D. Presently teaching; wants position in West or Southwest. Box 26, SCIENCE. X

Bacteriologist, Ph.D.; 3 years' teaching and 3 years' research experience; bacteriology, mycology, genetics. Desires teaching or research position, East or Midwest. Box 31, SCIENCE. X

Certified Clinical Chemist; Ph.D.; 8 years as head, university department of chemistry, 5 years as chief, chemistry department, 600-bed hospital, Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Neurophysiologist, Ph.D. Electrophysiology, stereotaxic, and so forth. Publications. Three years' teaching, Assistant Professor, mammalian, general, neurophysiology. A.B., M.A., Anatomy. Desires teaching with adequate time for research. Box 20, SCIENCE. 2/10

Physiologist—Ecologist, Ph.D. Six years' teaching and research in physiology and ecology. Interested in teaching, research in biology, zoology, physiology departments. Box 25, SCIENCE. X

Physiologist—Endocrinologist, Ph.D.; 5 years' teaching; publications. Desires teaching and/or research position. Fall 1956. Box 24, SCIENCE. X

Teaching—Ph.D. desires new location. Eight years college experience. Preference: west or midwest, organic chemistry or biochemistry. Box 17, SCIENCE. 2/10

POSITIONS OPEN

Assistantships. Research and teaching appointments in Bacteriology. Specialized research in virology, general, pathogenic, soil, food and dairy bacteriology. Write to the Department of Bacteriology, Oregon State College, Corvallis, Oregon, for information. 2/17, 24

Assistant to Director of Medical Book Department of large New York publisher. Help to develop and promote medical books. Some travel. Salary open. Box 28, SCIENCE. X

Biochemist, Ph.D., with clinical chemistry experience (including flame photometry and electrophoresis) to serve as chief of chemistry in an active 200-bed hospital with possibilities for investigative work and collaboration with university laboratories, Ohio. Box 29, SCIENCE. X

POSITIONS OPEN

(a) Bacterial Physiologist and, also, Immunologist; competent teachers interested in research, medical or Ph.D. degrees; faculty appointments, medical school with extensive expansion program. (b) Assistant Director, Clinical Testing Division; one of country's oldest pharmaceutical companies; young physician preferred; \$15,000. (c) Biochemist, Biologist or Bacteriologist with considerable chemistry experience; preferably man, 35–45, with industrial experience; duties consist of directing research group of eight persons; Chicago. (d) Chemist, Ph.D., to direct chemistry section, research department, important industrial company; Pennsylvania. (e) Medical editor; M.D. or Ph.D.; outstanding opportunity, important organization, leading in its field. S2-2 Medical Bureau (Burneice Larson, Director), Palmolive Building, Chicago. X

Biochemist, M.S. or B.S., preferably with experience to assist in research. Permanent position, starting salary to \$3400 with yearly increases. Send complete résumé and photograph to Dr. David S. Kinnory, Dept. of Biochemistry, Loyola University, 706 South Wolcott, Chicago 12, Illinois. 2/10

Biochemist for laboratory that is doing research in hypersensitivity phenomena. Immunology not essential. Midwestern Medical School. Box 32, SCIENCE. 2/17

Chemist, research assistant, Atomic Energy Project, young man or woman. Box 27, SCIENCE. X

MATHEMATICIANS ON CAPE COD

This private scientific research laboratory has an immediate opening for a computer in the meteorological section. Requirements: a bachelor's degree in mathematics desirable but not essential. Would accept person who has good academic record in differential equations. In replying, please write giving complete statement regarding education, training, and experience. If called for interview, we will pay travel expenses. Woods Hole Oceanographic Institution, Woods Hole, Massachusetts. 1/27; 2/3, 10

GRANTS

THE MELVILLE TRUST FELLOWSHIP IN CANCER RESEARCH

The Trustees of the above scheme invite applications for Fellowships in Cancer Research commencing in October 1956. The initial stipend will be according to experience, but it will be not less than £800 per annum; and funds are available for the provision of equipment and for technical assistance. A fellowship is usually awarded for a period of 2 years, but thereafter may be renewed, at the discretion of the Trustees.

The research is usually to be carried out in one of the recognized clinical or scientific departments in Edinburgh, and, if possible, applicants should have made prior contact with the head of the appropriate department. If this is not possible, the Trustees will endeavor to make suitable arrangements.

The research may deal with any aspect of malignant disease, and candidates need not necessarily hold a medical qualification.

Applications, together with the names of three referees, should be submitted by 30 April 1956 to the Honorary Secretary, Scientific Advisory Committee, The Melville Trust, 26 Moray Place, Edinburgh, 3, from whom further particulars may be obtained. The application should be accompanied by an outline of the proposed research and by an account of any previous scientific or research experience.

The expenses incurred in traveling to the United Kingdom by any Research Fellow appointed from overseas will be defrayed by the Trust, which will also reimburse all candidates who are required to attend for interview. X

POSITIONS OPEN

MEDICAL EDITOR ASSISTANT

Male or female with bachelor's degree with science major, preferably premedical training, for position in Advertising Department as Assistant to Medical Editor. Experience in medical and scientific writing and editing necessary.

LITERATURE SEARCHER AND ABTRACTOR

Male or female with B.A., B.S., M.A. or M.S. degree in biological science. Major assignment would be screening and abstracting scientific articles, rewriting of abstracts, and related medical writing.

Above positions immediately available with expanding drug company located in central New York State. Send résumés to Personnel Director, Eaton Laboratories Division, Norwich Pharmacal Company, Norwich, N.Y. X

PHYSICIANS WANTED

Associate or assistant pathologist to Dr. David R. Meranze, Board certified or eligible, Major, general hospital, medical school affiliated; active teaching and research institution. Highly qualified staff. Albert Einstein Medical Center, Southern Division, Philadelphia 47, Pa. 2/3, 10, 17

COMMONWEALTH OF AUSTRALIA SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANIZATION

1) Leader, Muscle Biochemistry Unit (Senior Principal or Principal Research Officer). A new research unit with a new biochemical laboratory will be established in muscle biochemistry, linked with the existing meat research laboratory in Brisbane, Queensland, to supply fundamental information on the physiological basis of meat quality and of changes occurring during preservation treatments. The leader of the Unit must have had extensive research experience in the biochemistry or biophysics of muscle or other animal tissues and should give clear evidence of ability to lead and direct the work of a small research group.

2) Officer-in-charge, Irrigation Research Station, Griffith, N.S.W. (Senior Principal or Principal Research Officer).

It is hoped to appoint a scientist with considerable research experience in one or more fields of the Station's activities which deal with soils, hydrology, plant physiology, plant nutrition on many crops under irrigation. Preference will be given to those currently engaged in research and with experience in the leading of a research team.

The salary range of a Senior Principal Research Officer is from A £2678 to A £3000, and a Principal Research Officer from A £2228 to A £2588 per annum. The Senior salary is approximately that paid to the head of a University department in an Australian university. Appointment will be considered on a fixed time basis or permanently.

3) Research Liaison Officer, Agricultural Research Liaison Section, Melbourne.

Duties include presentation of results of research through publication designed for use by Extension workers. Qualifications, degrees in agricultural science, and capacity to write. Salary within the range of Senior Research Officer, A £1814–2078 per annum for male appointee.

Fares to Australia (including those of wife and family) will be paid. Applications giving full personal details, academic qualifications, and research experience should be sent not later than 29 February 1956 to J. E. Cummins, Scientific Attaché, Australian Embassy, 1907 K Street, N.W., Washington 6, D.C., from whom further particulars can be obtained.
