ELECTRONIC COLONY COUNTER

A brilliantly illuminated colony counter that marks as it counts automatically.

This instrument provides four precision methods for counting cultures in various containers. Plates are flooded with cool, soft, glare-free illumination. Accurately records pinpoint colonies.

A mere touch of each colony with an electric probe actuates an electromagnetic counter and leaves an identifying puncture in the agar. When puncturing is not feasible, a marking pen may be used which marks the glass plate as it counts. Complete with push button counter, automatic reset to zero and magnifying viewer.

P.O. BOX 606, NEW BRUNSWICK, NEW JERSEY

PERSONNEL PLACEMENT

CLASSIFIED: Positions Wanted, 25¢ per word, minimum charge \$4. Use of Box Number counts as 10 additional words. Payment in advance is required. Positions Open, \$33 per inch or fraction thereof. No charge for box number.

COPY for classified ads must reach SCIENCE 2 weeks before date of issue (Friday of every week).

DISPLAY: Rates listed below—no charge for Box Number. Monthly invoices will be sent on a charge account basis—provided that satisfactory credit is established.

Single insertion	\$33.00 per inch
4 times in 1 year	30.00 per inch
7 times in 1 year	28.00 per inch
13 times in 1 year	27.00 per inch
26 times in 1 year	26.00 per inch
52 times in 1 year	25.00 per inch

For PROOFS on display ads, copy must reach SCIENCE 4 weeks before date of issue (Friday of every week).

Replies to blind ads should be addressed as follows:

POSITIONS WANTED

Anatomy and Cytology. Husband, M.A. anatomy and histochemistry. Wife, B.S. and exfoliative cytology certification. Instruction experience: gross anatomy, histology, histochemistry, embryology, clinical pathology. Publications. Seek position together teaching and research. Box 45, SCIENCE. X

Electron Microscopist, M.D. Cytology, histochemistry, experimental pathology background. Publications. Wide experience research and histology teaching. Academic or research institute position desired. Box 32, SCIENCE. X

POSITIONS WANTED

(a) **Bacteriologist**, young Ph.D., post-doctoral research in immunochemistry; available for teaching or research appointment. (b) **Anatomy** Ph.D., with physiology-pharmacology teaching experience; desires commercial research or academic position. (c) **Organic Chemistry** Ph.D., with steroid and antibiotic experience; prefers research appointment at senior level. S2-4 Medical Bureau, Inc., Science Division, Burnice Larson, President, 900 North Michigan Avenue, Chicago. X

Ethologist, Ph.D., desires teaching, research; broad background in evolution, ecology, physiology. Box 33, SCIENCE. X

Gross Anatomist-Embryologist seeking permanent medical or dental school appointment. Will attend April anatomists' meetings. Box 39, SCIENCE. X

Medical Writer, experienced; "ghosting" articles, editing, literature searching, abstracting. Box 34, SCIENCE. X

Microbiologist, Ph.D. Broad background in basic research including microbial metabolism, fractionation, modern biochemical techniques. Teaching experience. Seeks responsible post. Box 35, SCIENCE. X

Microbiologist, Ph.D., desires position in university department, research and teaching. Experience in mycology, cytology, and clinical bacteriology. Publications. Box 40, SCIENCE. X

Microbiologist-Biochemist, 40, Ph.D. Ten years' research and development experience. Microbiological production enzymes, sugars, organic acids. Development peptones, yeast extract, low-cost fermentation media ingredients. Analytical microbiology. Bacteriophage. Fermentation biochemistry. Ion exchange. Desire research-supervisory position. Box 36, SCIENCE. X

POSITIONS WANTED

Biologist, Ph.D., 11 years' teaching experience. Numerous publications. Box 14, SCIENCE. 1/29; 2/5, 12

Virologist, Ph.D., desires responsible academic or industrial research position, preferably West Coast. Experienced tissue culture, human and animal virus vaccine development, public health. Box 37, SCIENCE. 3/4

Plant Breeder-Cytologist, Ph.D. in June. Wide experience at three institutions. Commercial or institutional position desired. Box 41, SCIENCE. X

POSITIONS OPEN

Assistant Clinical Chemist. Masters degree in biochemistry or bachelors degree in chemistry plus experience. Will assist in supervision of clinical chemistry laboratory; performance of special tests, research and development in methodology. New 480-bed hospital with excellent modern laboratory facilities. Located in large eastern city. Box 42, SCIENCE. X

Biochemist, to participate in several research programs dealing with carbohydrate and steroid metabolism. In charge of two-man laboratory. Minimum of M.A. degree or experience equivalent. New laboratory, liberal policies, living quarters available, salary open. Apply Personnel Department, Jewish Chronic Disease Hospital, E. 49 St. and Rutland Road, Brooklyn, N.Y.

Biologist prepared to teach general biology, anatomy and physiology, and bacteriology. **Chemist** prepared to teach inorganic and organic chemistry and quantitative analysis. Ph.D. degree preferred in both cases; M.A. or M.S. will be considered. Write chairman of respective departments, Nazareth College, 851 South Fourth Street, Louisville 3, Kentucky. X

POSITIONS OPEN

(a) **Biochemist** experienced in preparation of new drug applications to initiate and supervise research for leading animal-drug products manufacturer; Midwest. (b) **Physiology Instructor** or **Assistant Professor** for medical school; Midwest. (c) **Abstractors** with biological or medical training and knowledge of foreign languages; up to \$10,000 year; East. (d) **Research Scientist** for respiratory and entero-virus studies at leading university public health school. (e) **Biochemist**, Ph.D., for molecular biology research at university research institute; up to \$9,000 year; Southwest. (f) **Physiologist** for burn and hemorrhagic shock research; around \$11,000 year; South. (g) **Microbiology Assistant Professor** with teaching experience for new state college; Pacific Coast. (Please write for details; also many other positions available through our nationwide service.) S2-4 Medical Bureau, Inc., Science Division, Burneice Larson, President, 900 North Michigan Avenue, Chicago. X

BIOLOGICAL SCIENTIST

B.S.—M.S.

Excellent opportunity with well-known pharmaceutical firm located in Philadelphia for alert individuals having M.S. or B.S. in the biological sciences. Position in science information department offers opportunities to work with a wide variety of scientific subjects. Applicants should have good written and oral expression. Liberal benefits. Send complete resume.

Box 30, SCIENCE

(a) **Director, Clinical Research**, M.D. experienced clinical research, pharmaceutical industry; \$15,000 up; midwestern branch, prominent pharmaceutical company. (b) **Bacteriologist**, M.S., Ph.D., trained virology, tissue culture; to direct state approved laboratory, 100-bed general hospital; New England. (c) **Biochemist**, M.S., clinical experience; supervise busy section, 400-bed general hospital; midwestern university center. (d) **Virologist**, Ph.D., experienced tissue culture; research institute affiliated outstanding western medical school; to \$11,000. (e) **Biochemist**, Ph.D., experienced proteins; direct division, prominent eastern company; to \$14,000. (Our 64th Year: Founders of the counseling service to the medical profession; serving medicine with distinction over half a century.) Science Division, Woodward Medical Bureau, Ann Woodward, Director, 185 North Wabash, Chicago. X

Head of a Department of Biochemistry (with rank of professor) in the Weizmann Institute of Science, Rehovoth, Israel, to direct a program of fundamental research. Please send résumés to the Academic Secretary. X

Immunologist. An expanding Chicago medical research center, department of pathology, has opportunity for M.S. or B.S. immunologist to conduct experiments on immunopathology of cancer. Box 43, SCIENCE. X

Microbiology and Plant Biochemistry Graduate Assistantships. \$2100-\$2300 per year, free tuition. D. B. Johnstone, Hills Building, University of Vermont, Burlington, Vt. 3/4

PSYCHOPHARMACOLOGIST

Research position for a Ph.D. in **experimental psychology**, familiar with operant and respondent conditioning of animals.

Research training or experience in the fields of pharmacology and physiology would be highly desirable.

The position would involve supervision of an existing well-equipped laboratory and collaboration with a neurophysiologist and inter-disciplinary research program on behavior and the elucidation of drug action. Research of personal interest would be encouraged.

Please send complete curriculum vitae.

Employment Office
LEDERLE LABORATORIES
AMERICAN CYANAMID CO.
Pearl River, New York

POSITIONS OPEN

Marine Biologist, Ph.D., with substantial research record to develop a research and teaching program in marine biology in littoral zone. University appointment. Box 38, SCIENCE. X

Current opening for **Parasitologist**, instructor or assistant professor, for full-time research on parasitic diseases, starting salary \$5500-\$6400. Also **Chemist or Biochemist**, B.S. or M.S., as research assistant in fundamental studies on muscular dystrophy; will consider either full-time appointment starting at \$5200 or two half-time graduate students at \$2600. Write Dr. E. A. Tunncliffe, Head, Montana Veterinary Research Laboratory, Bozeman, Montana. 3/11

Pharmacologist. Physiological or pharmaceutical background for research in pharmacology and toxicology. Independent research laboratory on east coast. Salary at Ph.D. or equivalent level. Write Box 19, SCIENCE. 2/19

Physical Biochemist, prospective or recent Ph.D., as collaborator in studies of protein denaturation at Massachusetts Institute of Technology. Excellent salary, appointment renewable for several years. Early availability is very desirable. Write to Dr. J. Steinhardt, Room 20D-101, Massachusetts Institute of Technology, Cambridge 39. 3/4

Research Assistant, B.S. in biology required to assist in cancer research project. Chicago medical research institute. Box 44, SCIENCE. X

Research Associate, M.S. or Ph.D. Major in chemistry. Warburg orientation desirable. Departmentalized research laboratory in large general hospital. Immediately available. Write Dr. Robert C. Grauer, Director, Singer Research Laboratory, Allegheny General Hospital, Pittsburgh 12, Pa. 3/4

SENIOR ORGANIC CHEMIST

Organic research laboratories of major pharmaceutical manufacturer located in Philadelphia desires experienced Ph.D. organic chemist. Additional chemical engineering courses or experience with large scale preparations highly desirable. Outline all previous training and experience and give salary requirement. Liberal benefit program. All replies handled confidentially. Box 46, SCIENCE.

Virologist-Tissue Culturist, Ph.D. Training and/or experience in the isolation of viruses as well as the cultivation of cell cultures for research on problems relating to tumor viruses. Ample salary, new building, and newly organized research group in East. Box 15, SCIENCE. 3/4

FELLOWSHIPS

Graduate Study Fellowships. For students working toward Ph.D. degree in biochemical pharmacology. Good chemical background desirable. Program emphasizes thorough biochemical training as preparation for research. Tax-free stipends, \$1800-\$3800, determined by academic fees. Pharmacology Department, Washington University Medical School, St. Louis 10, Mo. 2/26

Pre- and Postdoctoral Fellowships in Medical Mycology. \$1800 to \$4400 annually, tax-free, tuition paid. Dependency allowances as required. Write Program Director, Medical Mycology, Tulane University School of Medicine, New Orleans, La. X

Postdoctoral Traineeship in Neuropharmacology and Biochemical Pharmacology. For the Ph.D. in chemistry, biochemistry, or pharmacology, or the M.D. who would like to broaden his training and enter research or teaching. Stipends, largely tax free, \$4500-\$7000 per year, determined by qualifications, experience, and number of dependents. Program emphasizes the biochemical approach to the study of pharmacology. Research areas include the nervous system, retina, kidney, antibiotics, energy-yielding processes, adaptive enzymes, and so forth. Department of Pharmacology, Washington University Medical School, St. Louis 10, Mo.

Predoctoral and Postdoctoral Fellowships in Biochemistry. Study program leading to the Ph.D. degree, also postdoctoral research. Predoctoral annual stipends begin at \$2800 plus a tuition exemption and dependency allowance and increases to \$3200. Postdoctoral fellowships range from \$4500 upward depending upon experience and dependency status. Basic research in intermediary carbohydrate, fat, protein and nucleic acid metabolism, oxidative phosphorylation, protein synthesis, enzymology. Excellently equipped laboratories. Write Dr. Harland G. Wood, Chairman, Department of Biochemistry, Western Reserve University, Cleveland 6, Ohio. 2/26; 3/4, 11

DO YOU
KNOW
THESE 4 FACTS
ABOUT
THE

Ortho-Illuminator?

- 1 ASSURES MAXIMUM OPTICAL PERFORMANCE OF YOUR MICROSCOPE**—Koebler type illumination—ideal for bright field . . . phase . . . interference . . . polarizing . . . and dark field microscopy and photomicrography. Numerical aperture . . . and field diaphragm settings regulated accurately and effectively—permit full resolving power of your microscope.
- 2 OFFERS WIDE SELECTION OF FILTERS**—Eight levels of intensity . . . plus daylight, green and red filters . . . quickly selectable by simple finger-tip rotation of turret mounted filters. Optimum intensity and correct contrasting color selection are very important factors to reveal the specimen detail you're investigating.
- 3 PROVIDES PERMANENT ALIGNMENT WITH MICROSCOPE**—Three point positioning device precisely locates and rigidly retains any make microscope equipped with horseshoe base. Microscope may be removed and easily repositioned against locating device without disturbing absolute alignment. Near parallel beam of light evenly illuminates entire field of view.
- 4 COSTS LESS THAN YOU THINK**—Model 600 AO-Spencer Ortho-Illuminator *complete* . . . \$165.00. Optically and mechanically designed to give you years of trouble-free service . . . maximum efficiency . . . and reduced fatigue.
