HERE'S A QUALITY STUDENT MICROSCOPE AT A BUDGET PRICE!

Although budget priced, the UNITRON Model MUS is definitely not just another student microscope. It includes these significant features often lacking in much more costly student models:

- NOT JUST a disk diaphragm... but an iris diaphragm for perfect control of aperture.
- NOT JUST a single focusing control... but both coarse and fine.
- NOT JUST a mirror... but a condenser for optimum illumination and resolution.
- NOT JUST one objective... but three: 5X, 10X, 40X.
- NOT JUST one eyepiece... but a choice of two from 5X, 10X, 15X.

Durable, sturdy — ideally suited to withstand the use and abuse of classroom and laboratory.
