Imagine—anyone can use your Berkeley Box facilities without changing sleeves! Work in a controlled atmosphere is now simplified by these new sleeves and interchangeable gloves. Most Wil-Gard industrial gloves up to 11-inches long can be mounted on a special collar attached to the sleeve which remains permanently flanged to the box. Changeover is made in seconds! Pin-holed or contaminated gloves can be quickly interchanged individually without replacing the sleeve—saving you money, time and manpower.

Hand temperature suppressors are molded to the inside surface of each sleeve and provide continuous circulation and change of fresh air, minimizing dew-point fluctuations inside the Berkeley Box.

No matter what you handle—radioactive materials, noble gases, chemical dusts, radioisotopes, reactor fuels, or analytical laboratory tests—this new combination makes a perfect team for your Berkeley Box needs!

**All of these Wil-Gard Industrial Gloves, up to 11-inch,
will fit our "Berkeley Box" Sleeves:**

She's Sharpening Knives...

That's right...she's sharpening microtome knives with AO's New Automatic Microtome Knife Sharpener while she busily cuts sections.

You're looking at a perfect team in action... a skilled technician using the famed "820" Microtome and the New AO Knife Sharpener. This combination assures complete control over all the factors necessary for cutting consistently uniform serial sections.

The AO Knife Sharpener provides on-the-spot facilities for honing and polishing knife edge and bevel. Operation is automatic; place knife in holder...set timer...flip the

switch. The unit stops automatically when sharpening cycle is completed. There's never any need for further hand-honing or stropping.

You always have sharp knives on hand to assure the optimum sectioning results that the "820" Microtome is designed to produce.

Ask your AO Sales Representative to show you how little it costs...to put this unexcelled sectioning team to work for you... to help you reduce expensive knife inventories and outside servicing.

For further information or a convincing demonstration...write now.
