Symposium Volume

SYSTEMS OF UNITS— NATIONAL AND INTERNATIONAL ASPECTS

Edited by Carl F. Kayan

A look at the growing problems in the conflict between international usages and our own national system of units. This volume considers them both subjectively and objectively in order to alert the technologist to the clamor, needs, and proposals to ameliorate the confusion of measurement.\$6.75

4-SHEET, BENCH-TOP

CHROMATOGRAPHY DRYING OVEN: \$360

Holds Four $18\frac{1}{4}" \times 22\frac{1}{2}"$ Sheets.

Provides Full View of Color Development.

Assures Fast, Uniform Drying Action.

Develop 4 chromatograms simultaneously in this compact drying oven. It is fully insulated and thermostatically controlled to quickly reach pre-set temperatures up to 110°C . Uniform drying action is assured by the continuous circulation of air from room through vents in the base. Air and solvent vapors are efficiently evacuated by connecting the oven to a water or motor aspirator accessory. The heating element is concealed in the base and protected from droplets of combustible solvent. Safety glass readily permits temperature reading, and observation of color development without repeated opening of the heavy, metal-reinforced door. The stainless steel oven chamber is corrosion resistant.

OVERALL DIMENSIONS:
26" Wide x 35" High x 15" Deep.

POSITIONS WANTED

Anatomist, Ph.D. Desires position in medical college teaching neuroanatomy and microscopic anatomy. Member of professional societies and fraternities. Experienced in teaching and research. Box 139, **SCIENCE**. 6/30; 7/7, 14

Five years' experience raising research rats; 1 year establishing managing branch; 1 year assistant to head, animal area research hospital; over 2 years manager inbred mice company. Age 28; family. Box 142, **SCIENCE**. X

Immunologist-Medical Microbiologist. Teaching and research experience in academic institutions. Desires academic appointment with graduate faculty; research and teaching. Box 135, **SCIENCE**. 7/7, 14

Plant Morphogenesis and Physiology. Academic experience. Box 141, **SCIENCE**. X

POSITIONS OPEN

CLINICAL BIOCHEMIST

A biochemist with either a B.S. or M.S. degree to take charge of the chemical section of the Department of Pathology in the Iowa Lutheran Hospital, Des Moines, Iowa, a general hospital of 250 beds. Salary and working conditions will be generous. Write or telegraph at our expense. Julius S. Weingart, M.D., Director.

CLINICAL MICROBIOLOGIST

Ph.D. preferred to supervise microbiology laboratory of large general hospital located in New York City. Opportunity for professional growth, research encouraged, university affiliation, salary about \$9000 annually with liberal extras. Contact: Chief, Laboratory Service, Veterans Administration Hospital, 130 West Kingsbridge Road, Bronx 68, New York.

POSITIONS OPEN

MEDICAL and Scientific Publisher, Philadelphia, offers attractive college editorial position to college graduate. Knowledge of medical or biological sciences preferable. Territory includes Chicago and surrounding states, with occasional short nationwide trips. Liberal travel allowance. Residence optional—either Philadelphia or Chicago areas. Position entails obtaining new manuscripts and their evaluation for publication. Salary commensurate with experience. Write full particulars to Box 141, **SCIENCE**.

MEMORIAL UNIVERSITY OF NEWFOUNDLAND

St. John's, Newfoundland, Canada
Applications are invited for the position of Assistant Professor of Biology to give instruction primarily in Animal Physiology.
Candidates with background and experience in Marine Biology will receive preference. Ph.D. or equivalent essential. Duties beginning September 1961 to include teaching and research. The starting salary will be based on qualifications and experience.
Applications accompanied by complete curriculum vitae and the names of three referees should be addressed to the Head, Department of Biology, Memorial University of Newfoundland.

MICROBIOLOGIST III. Position with the Hawaii Department of Health's plague research project. Requires 3 years' experience in conducting bacteriological, parasitological, and serological laboratory tests and analyses and a master's degree with specialization in a biological or medical science. Salary: \$6792-\$8256 per annum. Write to Department of Personnel Services, 825 Milliani St., Honolulu 13, Hawaii.

PHARMACOLOGIST

★ Challenging opportunity for a Ph.D. in Pharmacology with or without postdoctoral experience for fundamental experimentation on drug-receptor reactions.

★ Will design and perform basic pharmacologic research in structure-activity relationships for the recently formed Biochemopharmacology Section of the Mead Johnson Research Center.

★ Outstanding benefit program, bonus plan, and stock option. Liberal relocation allowance. Pleasant midwestern community.

Replies strictly confidential. Please send résumé and salary requirements to Manager, Technical Employment, Mead Johnson & Company, Evansville 21, Indiana.

All qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

Physical Biochemistry—Molecular Biology

Whether you call yourself a physical biochemist, a biophysicist or a molecular biologist, Abbott Laboratories needs you and has an outstanding opening for you, if you have had good formal training in both the physical and biological sciences and are versed in radioisotope methodology as applied to biological studies. Preference will be given to candidates who in addition are familiar with the tools and methods of analytical biochemistry, particularly electrophoresis and sedimentation.

This is a top-flight group leader position in our Physical Chemistry Research Department. Applicants should have several years of post-graduate experience in industrial, government or academic research and demonstrated administrative ability. Work will involve both basic and applied research in physical biochemistry and molecular biology directed towards the development of new drugs.

Abbott Laboratories' greatly enlarged research facilities are located 40 miles north of Chicago along Lake Michigan.

Reply to: Mr. J. E. Philip, Administrative Assistant, Chemical Research Division, Abbott Laboratories, North Chicago, Illinois
