

SOLID STATE COMMUNICATIONS—

A new international medium for the rapid publication of Communications in the Solid State Sciences

SOLID STATE COMMUNICATIONS is basically the letters section of the **Journal of Physics and Chemistry of Solids** (Harvey Brooks, Editor-in-Chief) which is now being issued separately in order to achieve true letter speed of publication. Communications, not normally to exceed 1,200 words, will be published in English, French, German or Russian.

SOLID STATE COMMUNICATIONS will appear once a month starting June, 1963, and it is expected that the publication time of a Communication will be from four to six weeks. To ensure the rapid distribution of the journal to areas where surface mailing time exceeds one week, copies will be airmailed at no extra cost to the subscriber.

SOLID STATE COMMUNICATIONS has a truly international Board of Editors, and each Editor has full authority to accept or reject contributions on the basis of *originality, scientific merit and timeliness*.

Board of Editors

P. Aigrain, *Paris* (Chairman)

S. Amelinckx, *Mol-Donk*
E. F. Bertaut, *Grenoble*
P. G. Bordoni, *Rome*
B. N. Brockhouse, *Hamilton*
G. Busch, *Zürich*
P. G. De Gennes, *Orsay*
H. H. Jensen, *Copenhagen*

G. Liebfried, *Aachen*
E. M. Lifshitz, *Moscow*
W. M. Lomer, *Harwell*
W. Low, *Jerusalem*
S. Lundquist, *Göteborg*
G. G. MacFarlane, *Great Malvern*
E. Mollwo, *Erlangen*
E. Burstein, *Philadelphia* (Secretary)

T. Muto, *Tokyo*
F. R. N. Nabarro, *Johannesburg*
G. W. Rathenau, *Amsterdam*
H. Suhl, *La Jolla*
J. Tauc, *Prague*
A. R. Verma, *Varanasi*
G. S. Zhdanov, *Moscow*

Annual subscription rates:

"A," for libraries, governments and research institutions, \$30.00; "B," for private individuals who place their order direct with the publisher, \$15.00; "C," for private individual subscribers to the *Journal of Physics and Chemistry of Solids*,* \$7.50.

* Gratis during 1963

MICRO MANIPULATORS

MANY NEW MODELS FOR RESEARCH AND DEVELOPMENT

Brinkman micro manipulators offer the most complete and most versatile assortment of mechanical micro positioners—now available in more than a dozen standard versions. All feature three-dimensional movements in various sensitivities, and all are available with optional facilities which include tilting devices, rotating devices, special instrument holders and scales with verniers. Micrometer systems are calibrated in inches or millimeters.

For complete descriptive literature, please contact:

MELPAR'S EXPANDING RESEARCH DIVISION

has immediate need
for key personnel to
conduct research in
the following areas:

- ❑ BIOCHEMISTRY
- ❑ VIROLOGY
- ❑ IMMUNOCHEMISTRY
- ❑ PHARMACOLOGY
- ❑ BIOPHYSICS

Applicants with ex-
perience desired, but
new graduates will
be considered.

For further details, write to:

John A. Haverfield

Manager - Professional Placement

An Equal Opportunity Employer

PERSONNEL PLACEMENT

POSITIONS WANTED

Editor-Writer, experienced. Seeks work by mail. Writing or polishing scientific papers, articles, research results. Reasonable. Wendell Smith, Orleans, Mass. 2/22

Electron Microscopist, Ph.D. Experienced teaching research—zoology, cytology, embryology. Desires academic position. Box 57, SCIENCE. X

Microbiologist-Biochemist, Ph.D., 1955; age 34; industrial, academic experience; wide background fermentation, general microbiology, antibiotics, microbial biochemistry, chemotherapy. Box 45, SCIENCE. 2/22

(a) **M.S. Pharmacologist**, 6 years' pharmaceutical experience; prefers industrial position with growth potential. (b) **Ph.D. Zoologist** (chemistry, physics); cellular biology interests; would like teaching, research. (c) **Ph.D. Botanical Science** (chemistry); prefers small college teaching with some research. (Please write for information regarding these and other scientists, senior and junior, in all fields.) Science Division, The Medical Bureau, Inc., Burneice Larson, Chairman, 900 North Michigan Avenue, Chicago 11, Illinois. X

POSITIONS OPEN

MOUNT ALLISON UNIVERSITY Appointment in Organic Chemistry

Applications are invited for a position in the Department of Chemistry. It is desirable that the successful candidate should take up duties on or about 1 July 1963.

The successful applicant will be expected to give a lecture course in modern qualitative organic analysis and also be responsible for an elementary course in biochemistry.

Applicants should have completed all the requirements for the Ph.D. degree. It may be possible, in a few instances, to arrange for a personal interview at the department's expense.

Applications should be forwarded to Dr. A. C. Cuthbertson, Department of Chemistry, Box 133, Sackville, New Brunswick, Canada. 3/1, 8, 15

Biochemist

M.S. biochemistry or related field plus 3 to 5 years' experience in drug metabolism including tracer radioisotope techniques.

Please submit résumé & salary requirements to C. K. Fetzner

Schering Corp.

Mfr of Fine Pharmaceuticals
BLOOMFIELD-NJ

BIOCHEMIST

Ph.D., to conduct basic research in bovine mastitis in active research group. Well-equipped laboratory. Academic appointment. Should be capable of developing imaginative application of specialized skills. Write Dr. G. E. Morse, School of Veterinary Medicine, University of Pennsylvania, Kennett Square, Pa., R.D. No. 1.

Clinical Chemist—M.S. or Ph.D., to head department in 600-bed general hospital. Medical Technology School and House Staff Program. Excellent remuneration. Apply to Dr. E. Arthur Dreskin, Greenville General Hospital, Greenville, South Carolina.

(a) **D.V.M.**, pharmaceutical experience preferred; charge of animal colony, all new facilities; Central; open. (b) **Medical Writer**, Ph.D. preferred, others considered; strong medical science background; eastern pharmaceutical house. (c) **M.S./Ph.D. Pharmacologist**; R&D; southwestern laboratory; to \$12,500. (d) **Ph.D. Biochemist**, background in neurology/psychiatry for research team in famous central clinic; around \$10,000. (e) **Ph.D. Physiologist**, direct vascular physiology, shock research; university-affiliated eastern hospital; to \$11,000. **Faculty Appointments**: (f) **Gross Anatomist**, Ph.D., teaching; research; mid-eastern university. (g) **Ph.D. Mathematics/Physics**, liberal arts, teacher education; Central. (h) **Biology**; southeastern liberal arts college. Many other opportunities available for both Junior and Senior Scientists. Please write Science Division, The Medical Bureau, Inc., Burneice Larson, Chairman, 900 North Michigan Avenue, Chicago 11, Illinois.

POSITIONS OPEN

COMMUNICATIONS MANAGER

For growing pharmaceutical company in Southwest. Should have experience around physicians and can translate technical concepts into lay language. Salary up to \$8000. Send résumé to Box 58, SCIENCE, 1515 Massachusetts Avenue, NW, Washington 5, D.C.

GRADUATE RESEARCH IN EARTH AND PLANETARY SCIENCE. Predoctoral Assistantships and research fellowships in isotope age dating, rock magnetism, meteorite and tektite geochemistry, paleontology, paleo-environmental research using geochemical techniques, crystal structure work and related programs in geology, geophysics and geochemistry are available for the academic year starting September, 1963. Graduate stipends start at \$1,900 and range to \$3,600 per year depending upon the form of assistance offered. Send transcript and supporting data before March 31, 1963 to Dr. A. F. Frederickson, Chairman, Department of Earth and Planetary Sciences, University of Pittsburgh, Pittsburgh 13, Pennsylvania.

IMMEDIATE OPPORTUNITIES

LAB ADMINISTRATOR \$20,000

Ph.D.—extensive administrative exp.

Drugs, pharmaceuticals, cosmetics.

SECTION LEADER \$16,000

Ph.D. Organic synthesis Research lab.

R&D FLAVOR CHEMIST ... \$15,000

RESEARCH CHEMIST \$12,000

Ph.D. Carry out new drug synthesis.

ENGINEERS \$7-15,000

ChE's, IE's, ME's. Exp. drugs, pharmaceuticals, cosmetics, foods.

JUNIOR SCIENTISTS \$7-10,000

Many positions available in other industries.

MYCOBACTERIOLOGIST-

MYCOLOGIST

Ph.D. or M.S. with experience. Supervise diagnostic laboratory section and conduct independent research. Large medical center, Chicago.

Box 47, SCIENCE

PHARMACOLOGIST

Excellent opportunity supervising small scientific group working in neuropharmacology and pharmacodynamics. Ph.D. required; 2 to 5 years' experience in neuropharmacology is desired, but we will consider a recent Ph.D. Direct your résumé to Mr. Charles D. Wright, The National Drug Co., Division of Richardson-Merrell Inc., 4463 Stenton Ave., Philadelphia 44, Pa. An equal opportunity employer.

PSYCHOLOGIST III

(Supervisor of Alcoholism Research)

required by

DEPT. OF SOCIAL WELFARE &
REHABILITATION

Bureau on Alcoholism

Regina, Sask.

SALARY RANGE: \$566 — \$688

MINIMUM REQUIREMENTS: Completion of a doctorate degree in psychology with considerable experience in clinical psychological work and research in the field of alcoholism.

DUTIES: Responsible for analyzing and evaluating the results of treatment procedures; advising on treatment trends, initiating and supervising appropriate alcoholism research activities, acting in liaison capacity with other agencies, participating in administration, selection & training of Bureau Staff. Five-day week, three weeks' vacation, cumulative sick leave & Group Life Insurance.

COMPETITION NO: 8124

APPLICATIONS: For further information and application forms, contact the Public Service Commission, Room 328, Legislative Buildings, Regina, Sask. Closing Date is as soon as possible.

AAAS Symposium Volume No. 61

BIOLOGICAL AND CHEMICAL CONTROL OF PLANT AND ANIMAL PESTS

Editor L. P. Reitz

April 1960

274 + xii pp., 11 illus., 11 tables, 6 × 9, index
references, cloth

Price \$5.75; AAAS members' prepaid orders
\$5.00

Presented by the Section on Agriculture at the Indian-
apolis meeting, AAAS, 28-30 December 1957

- . . . The Public's Stake in Pest Control
- . . . Recent Advances in Chemical Control
- . . . Biological Control of Pests
- . . . Nineteen topics of importance about pest
control ranging from quarantine and health
problems to control of pests with chemicals
and genes

Cardiovascular Research

Expanding basic sciences division
requires experienced researcher to
head up fully staffed and equipped
cardiovascular pharmacology lab-
oratory. Opening is the result of
the creation of a new area of re-
search and the promotion of the
former incumbent. M.D. or Ph.D.
in pharmacology or physiology
and proven record of independent
C.V. research necessary.

Fully equipped library and com-
plete staff services available. Pro-
fessional associations and publi-
cation of work encouraged. Full
benefit program.

PHYSICISTS CHEMISTS

Melpar has immediate openings for physicists and physical chemists with experience or an interest in space problems to conceive and prosecute experimental programs in space and simulated space environment. Currently areas of major interest include:

- Molecular Spectroscopy
- Flash Photolysis
- Electron and Proton Bombardment
- Low Temperature Phenomena
- High Vacuum Technology

An advanced degree in Physics or Physical Chemistry desired.

POSITIONS OPEN

UNIVERSITY OF OTTAWA DEPARTMENT OF CHEMISTRY

Applications are invited for Faculty positions in the fields of theoretical chemistry and organic chemistry; applications from persons with biochemical interests will be welcome. Appointments will be made at the assistant professor and associate professor levels, according to qualifications.

Applications, which should be accompanied by a curriculum vitae and the names of two referees, should be sent to Professor K. J. Laidler, Department of Chemistry, University of Ottawa, Ottawa 2, Canada.

FELLOWSHIPS

PREDOCTORAL ASSISTANTSHIPS AND FELLOWSHIPS IN PHYSIOLOGY. Excellent opportunities for graduate students leading to the Ph.D. Ample stipends and free tuition. Training and research in biophysics, membrane and subcellular physiology, endocrinology, muscle, water metabolism, cardiovascular, gastrointestinal, and environmental physiology. Write for details to Head, Department of Physiology, University of Illinois at the Medical Center, Chicago 12, Illinois. 2/22; 3/1, 8

Graduate Fellowships in Anatomical Sciences are available at the University of Tennessee Medical Units for predoctoral training in the research areas of cytology, histology, histochemistry, cytochemistry, electron microscopy, neuroanatomy, embryology, teratology, fetal physiology, endocrinology, and carcinogenesis. Stipends range from \$2200 to \$3500 with exemption from tuition and course fees. For further details write to Dr. G. Gordon Robertson, Chairman, Department of Anatomy, University of Tennessee Medical Units, Memphis 3, Tennessee.

TRAINING IN STEROID BIOCHEMISTRY

A 12-month training course in steroid biochemistry will be conducted at the Department of Biological Chemistry, College of Medicine, University of Utah, Salt Lake City, from 1 October 1963 to 30 September 1964. This course is sponsored by the U.S. Public Health Service and open for candidates with a Ph.D. and/or M.D. degree. The course starts with a 5-month series of lectures in steroid biochemistry and endocrinology associated with demonstration and practice of current techniques used for the qualitative and quantitative estimation of steroid hormones. Special emphasis is placed on radioisotope techniques, paper and gas-liquid chromatography and, in vivo and in vitro preparations useful for endocrine investigations. During the last 7 months of training the trainee is doing research work under the guidance of an established investigator of the Department of Biochemistry. Eight postdoctoral fellowships of \$5500 each are available for 1963-1964. Three fellowships of \$6000 each are also available for a second year.

Deadline for application is 1 April 1963. Individuals with an M.D. who wish to complete a Ph.D. in biological chemistry will be favorably considered. Please address further inquiries to Dr. Kristen B. Eik-Nes, Training Program Director, Department of Biological Chemistry, University of Utah, Salt Lake City 12, Utah. 3/1

ANOTHER PRODUCT IN THE

MODEL CS-200

AMPLIFIER-ANALYZER

Maximum flexibility with operational simplicity

The Baird-Atomic CS-200 Amplifier-Analyzer is a new all-transistorized double delay-line amplifier, single channel pulse-height analyzer with a super stable high voltage supply, based on gas regulator tubes for stability. All amplifier-analyzer controls and operational modes are clearly indicated on a well lighted front panel indicator.

The CS-200 features live time circuitry and decade switch controls for the analyzer. The H.V. setting is also clearly indicated in actual numbers on a lighted panel.

Again, maximum flexibility with operational simplicity has been the design.
