## LINEAR MOTION TRANSDUCERS

### FEATURES

1. Allows linear recording of motion
2. Ideal for measuring a minimum of motion at low frequency
3. Low friction (50 mgcm)
4. High sensitivity
5. Reliable and accurate
6. The ST2 can be connected to any suitable recorder.

ST2 Linear Motion Transducer without micrometer—Isotonic or Isometric Measurement Cat. No. 7053-460

Converter—An exciter-demolulator for use with D.C. or Servo type recorders Cat. No. 7053-470

## PERSONNEL PLACEMENT

Replies to blind ads should be addressed as follows:  
Box (give number)  
SCIENCE  
1515 Massachusetts Ave., NW  
Washington, D.C. 20005

### POSITIONS WANTED

(a) **Biochemistry Ph.D.** 1965; B.S. poultry science major; experienced poultry, livestock feeds, nutrition; seeks research or industrial position.  
(b) **Microbiology M.S.**, chief bacteriologist 700-bed hospital 7 years; prefers clinical appointment with responsibilities. Write Woodward Medical Personnel Bureau, 185 North Wabash, Chicago 60601. X

**Business Administrator** available. Science-oriented executive seeks challenge in university, medical college, or research organization. Significant background in hospital, medical college, government, and industry. Am effective in administration, systems, and procedures, new construction, grant administration, personnel. Box 247, SCIENCE. 10/8

**Pathologist, D.V.M., Ph.D.**, board certified; desires position of responsibility in toxicologic research. University and industrial experience. Box 248, SCIENCE. X

### POSITIONS OPEN

#### ENVIRONMENTAL PHYSIOLOGIST

Challenging research position in environmental physiology and human engineering as related to the improvement of naval textiles, clothing, and life support systems. B.S. minimum with experience in human physiology or animal physiology as related to humans required. Salary to \$8,650 commensurate with experience and education. This position is in the competitive career federal civil service. Submit résumé to **Administrative Division, U.S. Naval Supply Research and Development Facility, U.S. Naval Supply Center, Bayonne, New Jersey.** 10/8, 15

### POSITIONS OPEN

**Department of Genetics, I.N.A.** (Paris) requires a trained cytologist (Ph.D.) to study effects of mutagenic chemicals on plant chromosomes. Inquiries should be addressed to Prof. H. Heslot, I.N.A., 16 Rue Claude-Bernard, Paris 5<sup>e</sup>, France.

## PHARMACO- TOXICOLOGIST

Ph.D. or experienced M.S. in preclinical medical sciences to assist in preparing preclinical and clinical evaluation protocols, in pharmacological and toxicological evaluations of metabolic and pathological data, and in review and preparation of such data for I.N.D. and N.D.A. submission to the F.D.A. on chemicals, cosmetics and drugs.

Send detailed resume to Personnel Director

## GILLETTE MEDICAL RESEARCH INSTITUTE

A Subsidiary of The Gillette Company

Dept. ME-2  
6221 North Capitol Street, N.E.  
Washington, D. C. 20011

### POSITIONS OPEN

## PLANT BIOCHEMIST

For research in translocation, photosynthesis and senescence. Key position with opportunity for growth and advancement in stimulating environment. Publication and professional society activity encouraged. Newly established corporate Research Division of a large manufacturer.

Desire Ph.D. degree with strong background in organic and physical chemistry.

Send resume to: Dr. G. E. Van Riper  
Department of Agronomy

## Deere & Company

3300 River Dr., Moline, Ill.

An equal opportunity employer

**Lea & Febiger, Publishers** in medicine and the biological sciences, is looking for a personable college graduate, age 23 to 35, with knowledge of medical or biological sciences to fill college editorial position. Territory available is east of Rocky Mountains, and exact states are open for discussion. Liberal travel allowance and generous fringe benefits. Position includes securing manuscripts and teacher contacts. Write full particulars, including salary expected, to **F. C. Lea, Jr., 600 South Washington Square, Philadelphia, Pennsylvania 19106.** 10/8, 15

**Senior Microbiologist, Ph.D.**, to investigate applications of microbial genetics to problems of culture development in industrial fermentations. Requires strong background in microbial genetics, biochemistry, and microbial physiology. A wide variety of fermentation systems under study offers diverse and challenging problems susceptible to genetic approaches. Please send résumé to **Dr. R. C. Pittenger, Antibiotic Fermentation Development Department, Eli Lilly and Company, Indianapolis, Indiana.**

## POSITIONS OPEN

**Chief, Bureau of Research in Higher and Professional Education.** Opening in New York State Education Department in Albany for educational research worker to direct the department's research projects and studies in higher and professional education. Applicants for this position should have a doctoral degree and appropriate and extensive experience in higher education research which involved independent responsibilities for difficult and complex projects. Salary range \$13,170 to \$15,625 with appointment possible above the minimum salary level. Excellent noncontributory retirement plan, professional development leave programs, health insurance and other fringe benefits. Send detailed résumé to:

Bureau of Personnel  
State Education Department  
Albany, New York 12224

10/8, 15

## CHEMIST (M.S. Degree)

Excellent opportunity for capable individual interested in developing industrial hygiene program and quantitative instrumentation techniques in the modern progressive public health laboratory, Milwaukee City Health Department.

Salary, \$6,429-\$7,663. Liberal fringe benefits include Social Security and city annuity retirement, sick and annual leave, paid hospital, medical plan, and group life insurance. Excellent opportunity for advancement.

Application to: E. R. Krumbiegel, M.D., Commissioner of Health, Municipal Bldg.—Room 112, 841 N. Broadway, Milwaukee, Wisconsin 53202

## POSITIONS OPEN

### CLINICAL CHEMISTRY SUPERVISOR

Hazleton Laboratories, a rapidly expanding company located in suburban Washington, D.C., requires a Clinical Chemistry Supervisor with a B.S. or M.S. degree and a minimum of 3 years of supervisory experience. Position entails developing new methods, automating laboratory procedures, coordinating laboratory efforts with other departments, interpreting clinical data derived from laboratory animal experiments, supervising research personnel and programs. Excellent employee benefit program including educational assistance and profit sharing. Please write:

Hall A. Acuff  
Assistant Personnel Manager  
Hazleton Laboratories, Inc.  
P.O. Box 30  
Falls Church, Virginia

An equal opportunity employer

**Director—Product Development and Market Research.** We seek a creative person to direct our product development and market research program. This is a new department. Therefore, person selected must perform in the following broad areas with only nominal supervision:

New product planning conception  
Market Planning and Research  
Development of pricing recommendations  
Preparation of technical material for advertising and sales promotion.

A qualified applicant should have a degree in Chemistry, Biology or a related discipline plus about five years experience in some aspect of the hospital, medical or industrial laboratory field. We are a rapidly growing manufacturer of laboratory glassware.

Please submit a resume in sufficient detail to justify an interview at our expense. Reply in confidence to:  
Mr. Edward G. Perkins, President  
Pfeiffer Glass Inc.  
140 Bennington Drive  
Rochester, New York 14616

## POSITIONS OPEN

Associate Director of Clinical Biochemistry Laboratory, M.D. or Ph.D. to supervise laboratory, with opportunity for soundly conceived independent research. New York State appointment. Starting salary—\$11,240.00, annual increases. Excellent benefits. **Contact Mr. David N. Perrin, Employment Office, Roswell Park Memorial Institute, Buffalo, New York 14203.**

### CELL BIOLOGIST

Experimental Morphologist, Ph.D. or equivalent, to participate in active research program in E.M., histochemistry, cell fractionation, radioautography, hospital-affiliated research institute, New York.

Box 246, SCIENCE

Director, Division of Teacher Education and Certification, Opening in New York State Education Department in Albany for Director to manage the Division's activities relating to the registration of teacher education programs in colleges and universities, establishment and revision of teacher certification standards and directing a program of continuous registration of teachers. Applicants should have a doctoral degree and appropriate and extensive professional experience in institutions offering the bachelor's or higher degrees. Salary range \$15,420 to \$18,140, with appointment possible above the minimum salary level. Excellent non-contributory retirement plan, professional development leave program, health insurance and other fringe benefits. Send detailed resume by November 19 to: Bureau of Personnel, State Education Department, Albany, New York 12224  
(An Equal Opportunity Employer)

## SENIOR RESEARCH BACTERIOLOGIST

Expansion of Medical Microbiology Section offers opportunity for additional person with Ph.D. in bacteriology to study pathogenesis of bacterial infections in small animals and to develop model infections for evaluating activity of chemotherapeutic agents. Experience or training in chemotherapy desirable.

This position offers the right person a chance to direct and conduct basic research.

## UNIT LEADER INFORMATION RETRIEVAL

Scientific Department of Pharmaceutical Research organization has opening in Information Division for person with advanced degree or equivalent training in biological or medical sciences to direct the activities of the Information Retrieval unit.

This person should have I.R. Systems knowledge as well as supervisory experience. This position is open due to the promotion of the previous unit leader.

Company's research facilities are located in pleasant Central New York State community. Salaries commensurate with qualifications.

Forward resume to J. E. Wedge, Professional Employment Mgr.

## THE NORWICH PHARMACAL CO.

Norwich-Noraid and Eaton Laboratories Divisions  
NORWICH, NEW YORK 13815

An equal opportunity employer

## Microbiologist

We have an immediate opening for a senior microbiologist with experience in microbial genetics and biochemistry who is interested in applying technical knowledge to challenging problems in fermentation development. In addition to research responsibilities the position offers supervisory and administrative opportunities. The position requires a Ph.D. in microbiology or closely allied field with several years experience in a commercial laboratory or research institute.

Please send complete resume to:

Manager of Employment  
**BRISTOL LABORATORIES**  
Division of Bristol-Myers Co.  
Syracuse, N.Y. 13201  
An equal opportunity employer

### Ph.D. CLINICAL BIOCHEMIST

450-bed acute general hospital medical center. Supervision of clinical chemistry department, research and development, and teaching medical technologists. Salary open. Will pay enough to attract a top notch clinical biochemist.

Sharp Hospital  
7901 Frost Street  
San Diego, California 92123

## RESEARCH DIVISION DIRECTOR

BIOCHEMIST  
IMMUNOCHEMIST  
OR HEMATOLOGIST

An opportunity has been established in diagnostic research for a recognized scientist of demonstrated ability to plan and administer an extensive, well staffed fundamental and applied research program in the fields of immunochemistry, coagulation and clinical chemistry.

This position requires a Ph.D. or M.D. with experience and significant publications in one or more of the following fields: immunochemistry, biochemistry including protein investigation or hematology. Administrative ability is also essential to this position.

Our research facilities are located in an attractive suburban community located approximately 1½ hours from New York City and Philadelphia.

Send resume to Mr. L. F. Simpkins

# Recent AAAS Symposium Volumes

## #78. Man, Culture, and Animals: The Role of Animals in Human Ecological Adjustments

August 1965. 304 pages. 10 illustrations. Indexes. Edited by: Anthony Leeds and Andrew P. Vayda. Case studies of the relationships among human populations, the animals they use for food or food-getting, the plants significant for maintaining both animals and men, and the sociocultural usages by which plants, animals, and men are linked in eco-systems. Price: \$8.00. AAAS Member's Cash Price: \$7.00.

## #77. Food Quality—Effects of Production Practices and Processing

March 1965. 306 pages. References. Index. Edited by: George W. Irving, Jr., and Sam R. Hoover. This volume covers an important and, in recent years, rapidly developing field of science: the production, protection, and processing of foodstuffs of high nutritional and esthetic value. To meet the vital needs of growing populations, the achievement of maximum efficiency in each of the areas, both here and abroad, becomes ever more imperative. Price: \$8.50. AAAS Member's Cash Price: \$7.50.

## #76. Agricultural Sciences for Developing Nations

1964. 230 pages. References. Index. Edited by: Albert H. Moseman. Characteristics of agricultural systems in emerging nations—Research to devise and adapt innovations—Education and development of human resources—Establishing indigenous institutions to serve advancing agriculture. Price: \$6.75. AAAS Member's Cash Price: \$6.00.

## #75. Mechanisms of Hard Tissue Destruction

1963. 776 pages. 430 illustrations. Edited by: Reidar F. Sognnaes. Symposium by 49 outstanding co-authors on destruction of mineralized structures by organisms and by physical and chemical agents, ranging from rock boring to bone resorption and tooth decay. Price: \$13.00. AAAS Member's Cash Price: \$11.00.

## #74. Aridity and Man

1963. 2nd printing, 1965. 604 pages. 98 illustrations. Edited by: Carle Hodge and Peter C. Duisberg. "Best collection of background material . . . well balanced and highly readable . . . probably the broadest and most nearly complete treatment of arid lands yet published." *Journal of Forestry*, May 1964. Price: \$12.00. AAAS Member's Cash Price: \$10.00.

British Agents: Bailey Bros. & Swinfen, Ltd., Warner House, 48 Upper Thames Street, London, E.C.4

## #73. Land and Water Use

With special reference to the Mountain and Plains Regions. 1963. 364 pages. 8 illustrations. Edited by: Wynne Thorne. "Lively symposium . . . three main divisions: The Resource Setting, Criteria and Policies, and The Role of Government . . . deserves continuing reference as a provocative contribution to the urgent problems of western resource disposition and management." *Journal of Forestry*, November 1963.

Price: \$8.00. AAAS Member's Cash Price: \$7.00.

## #72. Spermatozoan Motility

1962. 322 pages. 113 illustrations. Edited by: David W. Bishop. "This book is an excellent assemblage of recent findings and reports of new data relative to the perplexing problem of sperm motility and includes the opinions and ideas of cytologists, biophysicists, biochemists and physiologists." *Journal of Animal Sciences*, March 1963.

Price: \$7.50. AAAS Member's Cash Price: \$6.50.

## #71. Great Lakes Basin

1962. 320 pages. 92 illustrations. Edited by: Howard J. Pincus. ". . . Difficulty . . . in attempting to do justice to all the topics covered in a book as rich as this one in content, interpretation, and discussion. . . . Highly recommended to scientist and layman alike." *Transactions, American Geophysical Union*, December 1963.

Price: \$7.50. AAAS Member's Cash Price: \$6.50.

## #70. Fundamentals of Keratinization

1962. 202 pages. 136 illustrations. Edited by: E. O. Butcher and R. F. Sognnaes. "This book . . . makes fascinating reading for all clinicians and research workers interested in keratinising tissues." *Brit. Dental J.*, 1/15/63.

Price: \$6.50. AAAS Member's Cash Price: \$5.75.

## #67. Oceanography

1961. 2nd printing, 1962. 665 pages. 146 illustrations. Edited by: Mary Sears. "I know of no other volume that so well defines oceanography, its purpose, opportunities and requirements."—*Science*, 9 June 1961

Price: \$14.75. AAAS Member's Cash Price: \$12.50.

## #66. Germ Plasm Resources

1961. 394 pages. 59 illustrations. Edited by: Ralph E. Hodgson. "This book will be of interest to nonplant and animal breeders, for the rather general treatment of various topics . . . allows for rapid perusal."—*Bulletin of the Entomological Society of America*, September 1961

Price: \$9.75. AAAS Member's Cash Price: \$8.50.

# What's new and great about our bench-top system for routine liquid scintillation counting?

**Size? Performance?  
Simplicity? Price?**

**Yes.**

Nuclear-Chicago's Model 6850 Unilux™ System measures only 19 in. high x 31 in. wide x 23 in. deep. It offers convenient, highly accurate counting of up to 100 samples—automatically. This workhorse of the laboratory can be set up for counting in less than five minutes and costs about half as much as many conventional systems. Get complete information on the 6850. Consult your Nuclear-Chicago sales engineer or write to us.
