**IF YOU  
HAVEN'T SEEN  
THE NALGENE®  
DISPOSABLE  
FILTER UNIT\*...**

Another first from Nalge.

For the first time, you can have a packaged, sterile, complete filter assembly available on your shelf. All in one unit—even the Metricel† membrane filter. Your option of 0.20 micron plain or 0.45 micron grid membranes. The Nalgene Filter Unit is always ready for microfiltrations or microanalyses. Just remove from sterile pack, attach vacuum source, filter. Membrane and filtrate are easily recovered. When you're finished—dispose of the unit. All preparations are eliminated... assembling, wrapping, autoclaving, cooling. No risk of contamination, breakage and membrane damage. The price—\$9.00 per shelf pack of 12. \$48.60 per case of 72. Larger quantity discounts available!

See this exciting new product in the Nalge Booth No. 2731 at the 30th Exposition of Chemical Industries, November 29-December 3. See other new Nalge products, too! Order from your lab supply dealer or, write Dept. 2123, The Nalge Co., Inc., Rochester, N. Y. 14602.

## POSITIONS WANTED

(a) **Pharmaceutical Chemistry Ph.D.:** organic-physical chemistry M.S.; instrument design, polyester synthesis experience; desires research appointment. (b) **Reproductive Physiology Ph.D.:** dairy science experience; seeks research or academic opportunity. Write Woodward Medical Personnel Bureau, 185 North Wabash, Chicago, Ill. X

## POSITIONS OPEN

### ASSISTANT DIRECTOR DIVISION OF PROFESSIONAL EDUCATION NEW YORK STATE EDUCATION DEPARTMENT ALBANY, NEW YORK

To advise and assist higher education institutions in the improvement of programs for the licensed professions. Responsibilities involve stimulating improvement of curriculum and preparing recommendations relating to the registration of programs leading to licensure. Doctoral degree in a related professional field is desirable but not essential. Applicants should have appropriate and extensive professional experience in a 4-year college or university. Salary range \$13,170 to \$15,625 with appointment possible above the minimum. Excellent non-contributory retirement plan.

Candidates should send complete and accurate résumé to Bureau of Personnel, State Education Department, Albany, New York 12224.

(a) **Biochemist**, admin. ability; direct busy dept 300-bed hosp. bldg 200-bed annex; midw; \$15,000 to \$20,000. (b) **Microbiologist** assume responsibility famous medical research institute; e; \$15,000 to \$20,000. (c) **Biochemist**, radioactive labeled compound synthesis research; midE; \$15,000. (d) **Organic Chemist** R&D, leading drug mfr; E; \$12,000 up. (e) **Biology Prof** teach graduate students, direct research; state college; E; \$10,000 to \$13,000. Write Woodward Med. Pers. Bureau, 185 N. Wabash, Chicago 60601.

Professional placement services for 69 years

(a) **M.S. Clinical Chemist**, special chemistries, supervisory consultant; small midwestern hospital; \$13,000. (b) **M.S./Ph.D. Research Electron Microscopist**; brain studies; Central. (c) **Bio-medical Technician**, radioactive transfers; \$8900; East. Faculty Appointments: (d) **Ph.D. Zoologist**, Florida university. (e) **Ph.D.** (or near) **Microbiologist**; Midwest college. (f) **Ph.D. Embryologist**, biomedical background; January appointment; Southeast. Write Science Service, The Medical Bureau, 900 North Michigan Avenue, Chicago, Illinois 60611.

## POSITIONS OPEN

Applications are invited for appointments combining teaching and research in the Department of Anatomy of an expanding Health Sciences Centre. The department is responsible for instruction in gross anatomy, histology, oral histology, embryology, neuroanatomy and certain more specialized courses to students in several Faculties. Research encouraged. Rank and salary commensurate with training and experience. Write, giving pertinent information, to **Dr. M. L. Barr, Head, Department of Anatomy, Health Sciences Centre, University of Western Ontario, London, Canada.**

### BIOCHEMIST

Ph.D. with strong background in virology to pursue basic research of his own interest in the area of the chemical structure of virus molecules and their mode of action with cells. Permanent position. Send complete resume: **Virginia Institute for Scientific Research, P.O. Box 8315, Richmond, Virginia 23226. An equal opportunity employer.**

### BIOCHEMIST

Major research laboratory in California has challenging opening for M.S. or Ph.D. Biochemist to collaborate in research on drugs in the advanced development stage. A typical assignment will involve study of the transport and mode of action of a medicinal agent in animals. Skill in biochemical and instrumental analysis and experience in the use of isotopically labeled compounds are required. Excellent salary and outstanding employee benefit programs. If interested send complete resume to **SHELL DEVELOPMENT COMPANY, Agricultural Research Division, P.O. Box 3011, Modesto, Calif.**

An Equal Opportunity Employer

### BIOCHEMICAL ENGINEER

Prominent midwestern pharmaceutical manufacturer is seeking a Biomedical Engineer for its newly organized Research Computer Center. Candidates must possess a B.S. in engineering, mathematics or physics with M.S., Ph.D., or experience in biophysical science and computer technology. Position involves providing technical assistance in the acquisition, development, and use of computer and related instrumentation for the automation and analysis of biomedical, clinical, and laboratory data. Please send complete resume to:

**Technical Employment  
The Upjohn Company  
301 Henrietta Street  
Kalamazoo, Michigan 49001  
An equal opportunity employer**

## MICRO-BIOLOGIST

Ph.D. degree with 3-5 years' research experience, and background or interest in skin flora, for independent research directed toward long-range company goals. Comprehensive benefit program and relocation assistance. Salary open.

Send detailed resume to Personnel Director

### GILLETTE MEDICAL RESEARCH INSTITUTE

A Subsidiary of The Gillette Co.  
Dept. BR-3  
6221 North Capitol Street, N.E.  
Washington, D.C. 20011

## POSITIONS OPEN

### INSECT TOXICOLOGIST

Major agricultural research laboratory in California has challenging opening for Ph.D. Insect Toxicologist. Principal responsibilities will include studies of mode of action of insecticides, metabolism of toxicants in insects and the relationship of structure to toxicity. Requires recent Ph.D. in Entomology with minor in chemistry. Excellent salary and outstanding employee benefit programs.

If you are interested, please send complete resume to:  
**SHELL DEVELOPMENT COMPANY, Agricultural Research Division, P.O. Box 3011, Modesto, Calif.**

An Equal Opportunity Employer

### MICROBIOLOGICAL RESEARCH

M.S. or Ph.D. in microbiology. Applicants must be familiar with work dealing with heat sensitivity of spores and the factors that influence such sensitivity. Work will deal almost exclusively with this subject.

Excellent salary and benefits plus the stimulating atmosphere of an expanding research program. Exceptional opportunity for professional growth.

Send confidential resume to: **Manager-Employment, CAMPBELL SOUP COMPANY, 375 Memorial Avenue, Camden, New Jersey 08101.**

An equal opportunity employer

### MICROBIAL ENZYMOLOGIST

**Hazleton Laboratories**, a rapidly expanding company located in suburban Washington, D.C., requires a Microbial Enzymologist (Ph.D.) with a minimum of 1 to 3 years' experience in microbial metabolism, enzymology, or biochemical problems. Position entails direction of research programs including the detection of microbial ATP by firefly bioluminescent reactions, as well as microbial research and identification. Excellent employee benefit programs including profit sharing. Please write:

**Hall A. Acuff  
Assistant Personnel Manager  
HAZLETON LABORATORIES, INC.  
P.O. Box 30  
Falls Church, Virginia**

An equal opportunity employer

**Research Position** available for qualified person with B.S. or M.S. degree, major in chemistry or biological science with college courses in mathematics and physics. Problems being studied are in the field of hemostasis with the major interest in the adenosine nucleotides and blood coagulation. Opportunity for continuing graduate training. Applicants should submit curriculum vitae and state salary desired. This position is with the **Department of Physiology, Marquette University School of Medicine, at the Veterans Administration Hospital, Milwaukee, Wisconsin.**

**Dr. Shirley A. Johnson  
Research Service  
Woods Veterans Administration Hospital  
Milwaukee, Wisconsin, 53193**

## RESEARCH ASSISTANTS

Nuclear Research Laboratory has openings for recent B.S. and M.S. Biochemists to work as assistants in the areas of protein analysis and x-ray diffraction.

### PLEASE SEND RESUME

including record of course work to  
Assistant Personnel Manager

## BROOKHAVEN NATIONAL LABORATORY

Associated Universities Inc.  
UPTON, L.I., N.Y.

An Equal Opportunity Employer

## POSITIONS OPEN

### PREDOCTORAL AND POSTDOCTORAL TRAINING IN BIOENGINEERING

Opportunities for graduate students, Ph.D.'s and M.D.'s for advanced training with a research oriented group. Research areas include biological control systems, pattern recognition, neurophysiology, artificial intelligence, computer sciences and development of clinical diagnostic procedures. Extensive training program leading to Ph.D. for those with life science, physical science, mathematics or engineering backgrounds. Assistantships and traineeships from \$2400 to \$6000 are available. For more information write to: **Head, Bioengineering Section, Information Engineering Dept., Room 2433 UH, University of Illinois at Chicago Circle, P.O. Box 4348, Chicago, Illinois 60680**

### RESEARCH OPPORTUNITIES

Two openings exist in the Cardiovascular Laboratory of a large drug company's Research Institute which is opening on the outskirts of Toronto. A) **Scientist with bachelor's or master's degree;** preferably with some experience in animal experimental physiology. Salary range \$7200 to \$8000.

B) **Laboratory Assistant** with some experience in animal care and experimental procedures. Salary range \$4500 to \$5000.

We are seeking qualified personnel who would like to affiliate with a group dedicated to the efforts of new drug research and development. Our diversified company offers an opportunity for career growth in a world-wide organization.

Applications should be addressed in confidence to:

**Warner-Lambert Research Institute  
727 King Street West  
Toronto 2B, Ontario, Canada**

**SECTION SUPERVISOR** for clinical biochemistry laboratory. M.S. or B.S. degree with equivalent experience clinical chemistry; 579-bed university affiliated hospital. Duties include supervision of staff in expanding laboratory and participation with Ph.D. biochemist in developmental activities. Write to: **Personnel Director, St. Joseph Mercy Hospital, Ann Arbor, Mich.**

### Advanced Career Appointment

## HEAD OF CHEMISTRY R&D at FLOW LABORATORIES

Offering a career position of exceptional challenge and opportunity to an M.D. or Ph.D. in chemistry and biochemistry. The following attributes are desirable:

- Interest and experience in general field of biochemistry, specific interest in proteins, enzymes, nucleic acids; familiar with characterization of natural products.
- Proven ability to administer an independent biochemical research program.
- Imagination and creativity to suggest and initiate new biochemical research projects.

Flow Laboratories is a leading producer of tissue cultures. This position, which offers an attractive salary and liberal benefits, is located at the company's modern research facilities in Rockville, Maryland, a few miles north of the National Institutes of Health. Please send a detailed resume, including salary requirements, to: **Mr. B. Brooke Bright, Personnel Director.**

### FLOW LABORATORIES INCORPORATED

12601 Twinbrook Parkway  
Rockville, Maryland 20852  
(Suburb of Washington, D.C.)

An equal opportunity employer
