## New AAAS Symposium Volumes

### FORMULATION OF RESEARCH POLICIES September 1967

Editors: Lawrence W. Bass and Bruce S. Old  
218 pp., tables, illus., 6 x 9, cloth. \$7.75.

AAAS members' cash orders: \$6.75.

A collection of papers, presented at the Gordon Research Conference held in Santa Barbara, California, in 1966, analyzing and describing past and present science policies at national, international, and corporate levels.

### MOLECULAR MECHANISMS OF TEMPERATURE ADAPTATION July 1967

Editor: C. Ladd Prosser

398 pp., 41 tables, 127 illus., bibliogr., index, 6 x 9, cloth. \$12.50.

AAAS members' cash orders: \$10.50.

Papers by 24 contributors on the general physiology of genetic and environmentally induced temperature adaptation in cold-blooded animals, plants, and microorganisms.

### ESTUARIES January 1967

Editor: George E. Lauff

776 pp., 85 tables, 525 illus., bibliogr., index, 7 3/4 x 10 1/2, cloth. \$27.00.

AAAS members' cash orders: \$24.00.

Definitive volume on estuarine research: physical factors, geomorphology, sedimentation, microbiota, nutrients, biological productivity, ecology, physiology and evolution, fisheries, human influences, and pollution.

AAAS 1515 Mass. Ave., NW Washington, D.C. 20005

## Savant offers the researcher: VERSATILITY • RELIABILITY and RESOLUTION

### HVE ADVANTAGES

- Higher Voltages for Rapid Separations
- Long Working Distances for Difficult Differentiations
- Larger Area for Complex Mixture Analyses
- Full Sheet Use for Mapping and Fingerprinting
- Analytical and Preparative Separations

For research and clinical investigation — no other system (Tank or Flat Plate) offers the simplicity, ease of operation and positive safety features as a SAVANT HVE SYSTEM!

Convince yourself today that HVE is a must in your lab, by writing for Catalog No. 70.

# GROW WITH SQUIBB

Take an important role in the exciting research & development projects that help SQUIBB meet the world's unceasing demands for new and improved products. As a growth oriented leader in the ethical pharmaceutical and proprietary drug industry, Squibb offers the following positions that afford excellent opportunities for professional and financial advancement.

## DEVELOPMENT CHEMIST

A degree in Organic Chemistry is required. Related experience, while desirable, is not essential. Position entails isolation of antibiotics & natural products, as well as the synthesis & process development of new drug entities. You will be working with a group that is in close liaison with basic organic research and chemical pilot plant.

## SCIENTIST

A B.S. in Chemistry or Biology is required. Experience helpful, but not necessary. You will work under a Senior Scientist on the laboratory development of biological products, such as blood fractions and enzymes, as well as the development of special biological assays.

## RESEARCH SCIENTISTS (3)

- 1) A B.S. or M.S. in Chemistry is required. Prefer experience in development laboratory. You will be working under the direction of a Senior Scientist in the development of processes for organic synthetic compounds. In addition, you will prepare laboratory quantities of organic compounds.
- 2) A B.S. or M.S. in Organic Chemistry and 0-5 years laboratory experience is required. Applicant should have an interest in organic synthesis and be familiar with modern laboratory techniques. You'll be involved in bench scale synthesis of biologically active compounds.
- 3) B.S. or M.S. in Pharmacology, or equivalent in Biological Sciences. Prior experience with small animals desirable. Duties include broad pharmacological screening and some basic developmental work. Applicant should be able to perform with a minimum amount of supervision.

Successful candidates will enjoy a salary fully commensurate with their ability and background, as well as an outstanding company paid benefits program. Interested applicants are invited to send a resume, indicating salary history & objectives, to Dr. Aleck Borman, Manager, Scientific Personnel Relations, Squibb Institute for Medical Research, New Brunswick, N.J. 08903.

# SQUIBB

Institute for Medical Research

an equal opportunity employer

## AUTOMATIC ANIMAL WATERING...

can save you time, money, and a lot of grief. With a Hardco Automatic Watering System, lab animals always have a supply of fresh, filtered water. There are no bottles to refill, wash or replace. Personnel are free to do other things.

Heart of the Hardco System is a leak-proof dispenser that can be easily activated by a small animal. A dispenser is installed in each cage and is connected to the water source by a network of special plastic piping.

Hardco designs and installs systems for all species of lab animals... for both planned and existing facilities. Our catalog goes into the details. Write for it today.

### Hardco Scientific

The Fieldstone Corporation  
Hardco Scientific Division  
6811 Grace Avenue  
Cincinnati, Ohio 45227

## Senior Scientist

### Can You

Provide technical leadership in the R&D of biological products for the Animal Health Division of a nationally known corporation?

### We Need:

A Scientist who probably has:  
A Ph.D. in Microbiology or Virology, 3 to 5 years of relevant experience

(Virology)  
(Tissue culture)  
(Microbiology)

### We Offer:

Excellent Compensation and Benefits. An opportunity for Professional and Personal Growth in a stimulating and challenging environment.

If qualified, send your resume in complete confidence to:

**BOX 451, SCIENCE**

*An Equal Opportunity Employer*

# Personnel Placement

## RATE CHANGE Effective 1 Jan. 1969

**POSITIONS WANTED:** 40¢ per word, minimum charge \$10. Use of Box Number counts as 10 additional words. Payment in advance is required. These rates apply to individuals only. Personnel agencies and companies take display rate for all advertising.

**POSITIONS OPEN.** \$7 per column line, if publisher's type is used (12 lines = 1 inch). Minimum ad is 12 lines or \$84. All ads using larger than 6 point type will be billed as display ads at \$90 per inch. No charge for Box Number. Rates net. No agency commission allowed for ads under 4 inches. No cash discount. Ads over 1 inch will be billed to the nearest half inch. Payment in advance is required except where satisfactory credit has been established.

**COPY** for ads must reach **SCIENCE** 4 weeks before issue date (Friday of every week). Send copy for Personnel Placement advertising to:

**SCIENCE, Room 211**  
1515 Massachusetts Ave., NW  
Washington, D.C. 20005

Replies to blind ads should be addressed as follows:

Box (give number)  
**SCIENCE**  
1515 Massachusetts Ave., NW  
Washington, D.C. 20005

## POSITIONS WANTED

**Atmospheric Microbiologist.** Ph.D., seeks academic teaching/research position. Research interests: microbial ecology, survival of airborne plant pathogens, computer applications. Publications. Box 452, **SCIENCE**. X

**Biochemist.** Ph.D. 1962; lipid biochemistry. Six years' research and teaching experience. Strong background in lipid methodology: TLC, GLC, electrophoresis and radioisotope techniques. Many publications. Honor societies. Seeks full-time academic appointment with opportunity for creative teaching and research. Box 453, **SCIENCE**. X

**Business Administrator,** life-science research and college financial management, building, personnel, accounting. Box 454, **SCIENCE**. X

**Cell Biology-Genetics** Ph.D. Considerable research experience with human and animal cytogenetics, and cell culture. Publications. Several years' college teaching. Seeking research or research/teaching position. Box 455, **SCIENCE**. 12/20

**Cell Biologist,** Ph.D. June 1969. Age 25. Research experience in nutritional and hereditary muscular dystrophy. Broad background in cell biology. Desires academic or institute research/teaching position. Box 456, **SCIENCE**. X

**Ecological Statistician,** Ph.D. Seeks academic or research position with biological or oceanographic institution. Experience teaching statistics majors/laymen. Publications. Box 457, **SCIENCE**. X

**Information Scientist,** biomedical literature searcher. B.S., M.S., almost Ph.D. Project oriented; problems solved. Broad industrial and academic experience. Supervision and training, especially women. Custom-tailored information systems. Box 458, **SCIENCE**. X

**Invertebrate Zoologist-Physiologist,** Ph.D. 1967. Marine oriented, 2 years as Assistant Professor; publications. Seeks research-teaching position in Northwest or Northeast. Box 460, **SCIENCE**. X

**Life Scientist** Ph.D. (M.I.T.) desires developmental academic/foundation administrative position, industrial R&D, teaching, government, liaison experience, M.B.A. (May). Box 461, **SCIENCE**. X

**Microbial Ecologist:** Ph.D., 34, 10 years of research/teaching experience. Broad background. Publications on fresh, marine, and polluted waters. Desires academic teaching/research position in biology or civil engineering department. Box 462, **SCIENCE**. 12/20

## POSITIONS WANTED

**Aquatic Biologist.** Ph.D., postdoctoral, with extensive teaching experience. Research in pollution biology, aquatic systems, and teaching. Desires teaching/research/administrative position. Box 446, **SCIENCE**. 12/13

**Crystallographer** (protein, organic). Ph.D. (biophysics). Four years' experience. Publications. Desires research position industry/university in crystallography, protein chemistry, or polymers. Box 449, **SCIENCE**. 12/13

**Electronic Designer.** Medical electronics, telemetry, analytical instruments. Has own facilities. Part-time; free-lance. Box 450, **SCIENCE**. 12/13

**Microbial Physiologist,** Ph.D. August 1969. Metabolic pathways, enzymes, control mechanisms. Desires teaching/research position. Box 463, **SCIENCE**. X

**Microbiologist, Geneticist,** Ph.D. Experienced graduate, undergraduate teaching, research, administration, industrial. All offers considered. Box 464, **SCIENCE**. X

## POSITIONS OPEN

### UNIVERSITY OF WESTERN ONTARIO LONDON, CANADA

Applications are invited for positions at assistant professor level or higher in the following fields: Vertebrate Zoology, Invertebrate Zoology, Animal Genetics, Animal Ecology, and Biometrics. Address replies to **Head, Department of Zoology, University of Western Ontario, London, Canada**.

## POSITIONS OPEN

**Biochemist, Ph.D.** New position for one who is interested in clinical chemistry in 400- expanding to 500-bed, general teaching hospital, located in central Illinois, city of 110,000. Completely new and modern laboratory facilities including large chemistry section. Tremendous opportunity for professional growth and development with three full-time pathologists and one Ph.D. micro biologist to assist you.

Will consider recent graduate or fully experienced individual. Salary will be commensurate with experience. Submit résumé to **James R. Scherer, Personnel Director, Decatur and Macon County Hospital, P.O. Box 2207, Decatur, Illinois 62526**.

### BIOLOGY

Midwest, women's liberal arts college has two teaching positions available. Two areas of special interest are developmental biology and botany. Ph.D. required. Appointment will be for September 1969. Rank of Assistant Professor. Salary open. Inquiries concerning the positions together with a résumé should be directed to:

**Box 435, SCIENCE**

### BIOLOGY INSTRUCTOR

For relatively small liberal arts college with new \$2-million science complex. Preparation in at least two of the following areas: cell biology, cell physiology, molecular genetics, microbiology; quantitative, chemical aspects of biology. Innovative curriculum. Twelve semester hours teaching and research. Ph.D. preferred. Salary and rank open. Write to **Dean William R. Matthews, Augustana College, Sioux Falls, S.D. 57102**.

## UNIVERSITY OF VICTORIA

### Department of Chemistry

### DEPARTMENT HEAD

An established senior colleague with suitable administrative and teaching experience to head a growing 16-member department, which maintains excellence in undergraduate instruction and offers M.Sc. and Ph.D. programs to select students. Duties to commence about 1 July 1969. Applications, including curriculum vitae, will be received until **15 February 1969**, by:

**The Dean**  
**Faculty of Arts and Science**  
**University of Victoria**  
**Victoria, B.C., Canada**

# MANAGER/ANALYTICAL DEVELOPMENT

Well-known ethical pharmaceutical company needs an outstanding scientist, to head its analytical development activities.

*The individual we seek will have:*

- A Ph.D. in Pharmaceutical Analysis or Analytical Chemistry.
- 5 to 10 years pharmaceutical experience.
- The proven ability to lead others to achieve significant objectives.
- A solid knowledge of instrumentation.

**We offer this Scientist Executive substantive challenges, commensurate compensation, and appropriate benefits.**

*If you are qualified, submit your résumé in complete confidence to:*  
**Mr. E. J. Kiel, Associate Manager Personnel**

**ARMOUR PHARMACEUTICAL COMPANY**

**P.O. Box 511, Kankakee, Illinois 60901**

*An Equal Opportunity Employer*

## POSITIONS OPEN

# Pharmacologists

ORTHO offers interesting new opportunities for pharmacologists with capabilities in cardiovascular, CNS or general pharmacology. We would prefer recent Ph.D.'s with or without postdoctoral training who would like to play an integral part in expanding our present research programs.

If you have an interest in these positions, please send your curriculum vitae, in confidence, to Mr. Richard Groben.

## ORTHO PHARMACEUTICAL CORPORATION

(A Johnson & Johnson Company)

RTE. 202, RARITAN, N.J. 08869

An Equal Opportunity Employer

## DEPARTMENT OF POULTRY SCIENCE UNIVERSITY OF BRITISH COLUMBIA

Applications are invited for the position of Assistant or Associate Professor in the field of poultry nutrition. Candidates are to have a Ph.D. degree and will be responsible for teaching at the undergraduate and graduate level as well as directing and conducting research. Applications to be sent to the Chairman of the

Department of Poultry Science  
Faculty of Agricultural Sciences  
University of British Columbia  
Vancouver 8, Canada

## Research Assistant Drug Safety Evaluation

An excellent opportunity now exists on our research staff for an individual interested in the field of research-drug safety evaluation.

You will assist SENIOR Scientists with biological experiments. Duties include: the administration of drugs to animals, observation of effects, performance of clinical tests, and preparation of scientific reports.

If your education (B.S. degree in the biological sciences) or experience qualifies you for this position, please send your résumé in confidence to:

Mr. E. J. Kiel  
Associate Manager Personnel  
Armour  
Pharmaceutical Company

P.O. Box 511 Kankakee, Illinois 60901

## GRADUATE STUDY

**Predoctoral Assistantships and Traineeships in Physiology.** Excellent opportunities for graduate students leading to the Ph.D. Ample stipends and free tuition. Training and research in endocrinology, gastrointestinal, water and electrolyte metabolism, cardiovascular, sensory physiology, energy metabolism and bioengineering. Write for details to **Head, Department of Physiology, University of Illinois at the Medical Center, P.O. Box 6998, Chicago, Illinois 60680.**

### UNIVERSITY OF MIAMI

#### Predoctoral Assistantships in Biochemistry

Predoctoral assistantships, providing adequate stipends and free tuition, are available for training and research in biochemistry, leading to the degree of Ph.D. Inquiries, for the September 1969 enrollment, should be sent to the **Graduate Advisor, Department of Biochemistry, University of Miami School of Medicine, P.O. Box 875, Biscayne Annex, Miami, Florida 33152.**

**RADIATION HEALTH FELLOWSHIPS:** Beginning September 1969. Degree programs leading to M.S. (Hyg.), Sc.D., Ph.D. Background in physics, engineering, biology, chemistry, or medicine required. Active research program in large health center complex. Specialties available in radiation medicine, radiobiology, radiation chemistry, cytogenetics, health physics, radiation ecology and radiological engineering and physics. Full tuition and fees, tax-free stipend of \$3000 to \$4800 per year. Citizens only. **Dr. Joseph A. Watson, Radiation Health Division, Graduate School of Public Health, University of Pittsburgh, Pittsburgh, Pa. 15213.**

**GRADUATE FELLOWSHIPS** for study leading to Ph.D. in biochemistry. Excellent facilities and living conditions. Expanding faculty of ten covering most research interests.

**Dr. Robert G. Langton, Chairman,  
Department of Biochemistry,  
University of Florida College of Medicine,  
Gainesville, Florida 32601.**

**GRADUATE STUDY IN PHARMACOLOGY.** A program leading to the Ph.D. degree involving course work and research training which stresses research on fundamental mechanisms of drug action on neural, neuro-humoral, membrane transport, and endocrine systems using electrophysiological, biochemical, and computer techniques. Full stipend and tuition available. Early application for September 1969 strongly advised. **Department of Pharmacology, Schools of Medicine and Dentistry, State University of New York at Buffalo, 122 Capen Hall, Buffalo 14214.**

**RADIATION BIOPHYSICS FELLOWSHIPS.** Applications are invited for a M.S. degree program in Radiation Biophysics. Specialties emphasized are medical radiation physics, radiological health, and radiobiology. There are active research programs in these fields in excellent physical facilities of a large medical center complex. Contact **Dr. Billy G. Dunavant, University of Florida, College of Medicine, Radiology Department, Gainesville, Florida 32601.**

Applications for **Advanced Studies** in a diversified, creative **biochemistry** program, including clinical biochemistry, leading to a Ph.D., are now being considered for September 1969. Tuition free. Predoctoral fellowships are available, also postdoctoral fellowships in clinical biochemistry. **Chairman, Admissions Committee, Biochemistry Department, State University of New York at Buffalo, Buffalo, N.Y. 14214.**

### UNIVERSITY OF BRITISH COLUMBIA Faculty of Forestry

Excellent facilities available for postgraduate study, at the M.Sc. and Ph.D. levels, into the basic physiology and biochemistry of defense of coniferous trees to aphid attack. Financial support at current National Research Council of Canada rates.

The research program is generally tissue specific and involves such areas as organic chemistry of natural products, biochemistry, physiology, histochemistry and electron microscopy. Further information and application forms may be obtained by writing to the **Graduate Program Officer, Faculty of Forestry, University of British Columbia, Vancouver 8, B.C., Canada.**
