

APPOINTMENTS

Kenneth S. Pitzer, former president, Stanford University, to professor of chemistry, University of California, Berkeley. . . . **Eric L. Ellwood**, chairman, wood and paper science department, North Carolina State University, to dean, School of Forest Resources at the university. . . . **Carl H. Oppenheimer, Jr.**, professor of oceanography, Florida State University, to director, University of Texas Marine Science Institute, Port Aransas. . . . **James E. Darnell, Jr.**, professor of biological sciences, Columbia University, to chairman, biological sciences department at Columbia. . . . **Ferris Webster**, senior scientist, Woods Hole Oceanographic Institution, to chairman, physical oceanography department at the institution. . . . **Kenneth G. Johnson**, professor of community medicine, Cornell University Medical Center, to chairman, community medicine department, Dartmouth Medical School. . . . **John W. Wakely**, acting chairman, operative dentistry department, University of Minnesota, to chairman, restorative dentistry department, University of Pittsburgh. . . . **Glenn A. Berchtold**, professor of chemistry, M.I.T., to chairman, chemistry department, M.I.T. . . . **Merel H. Harmel**, chairman, anesthesiology department, University of Chicago's Pritzker School of Medicine, to chairman, anesthesiology department, Duke University Medical Center. . . . **James E. Legates**, professor of animal science, North Carolina State University, Raleigh, to dean, School of Agriculture and Life Sciences at the university. . . . **Robert W. Howell**, chief, oilseed and industrial crops research branch, U.S. Department of Agriculture, to chairman, agronomy department, University of Illinois. . . . **Donald R. Kahn**, associate professor of surgery, University of Michigan, to chairman, thoracic surgery department, University of Wisconsin. . . . **Walter S. Vincent**, associate professor of anatomy and cell biology, University of Pittsburgh, to chairman, biological sciences department, University of Delaware. . . . **Yosh Maruyama**, acting administrative director, radiotherapy division, University of Minnesota Medical School, to chairman, radiation medicine department, College of Medical Sciences, University of Kentucky. . . . **James I. Doi**, professor of higher education,

University of Michigan, to dean, College of Education, University of Rochester. . . . **Henry A. McGee, Jr.**, professor of chemical engineering, Georgia Institute of Technology, to chairman, chemical engineering department, Virginia Polytechnic Institute and State University. . . . **J. T. Sandefur**, dean, School of Education and Psychology, Kansas State Teachers College, to dean, Graduate College, Western Kentucky University. . . . **Robert G. Jahn**, professor of aerospace sciences, Princeton University, to dean, School of Engineering and Applied Sciences at the university. . . . **Horace D. Taft**, professor of physics and master, Davenport College, Yale University, to dean, Yale College. . . . **William J. Watt**, professor of chemistry, Washington and Lee University, to dean of the College at the university. . . . **Ephraim Friedman**, chairman, ophthalmology department, Boston University, to dean, School of Medicine at the university. . . . **Author V. Houghton**, assistant dean for research, Graduate School, University of New Mexico, appointed director, Bureau of Engineering Research at the university. . . . **Kenneth R. Crispell**, dean, School of Medicine, University of Virginia, to vice president for health sciences at the university. . . . **Karl E. Krill**, dean, Graduate School, University of Wisconsin, Milwaukee, to dean, Graduate School, Youngstown State University. . . . **Richard A. Ohvall**, associate professor of pharmacy administration, University of Wisconsin, to dean, School of Pharmacy, Ferris State College. . . . **Frank T. Reuter**, professor of history, Texas Christian University, to dean, Graduate School at the university. . . . **Benjamin E. Chi**, associate professor of physics, State University of New York, Albany, to chairman of the department. . . . **Thomas J. Clifford**, vice president for finance, University of North Dakota, to president of the university. . . . **B. R. Seshachar**, director, Centre for Advanced Research in Cell Biology and Endocrinology, University of Delhi, India, to president, Indian National Science Academy. . . . **Sidney R. Galler**, assistant secretary (science), Smithsonian Institution, to Deputy Assistant Secretary of Commerce for environmental affairs. . . . **Keith D. Blayney**, director, School of Health Services Administration, University of Alabama, Birmingham, to dean, School of Community and Allied Health Resources at UAB.

RECENT DEATHS

John C. Brauer, 65; former dean, School of Dentistry, University of North Carolina; 9 April.

Maynie R. Curtis, 90; consultant in experimental biology, University of Miami; 11 April.

Helen C. Dawe, 62; professor of economics, University of Wisconsin, Madison; 9 April.

Niels E. Edlefsen, 78; physicist and retired vice president, engineering and research, Vickers Corp.; 21 March.

Mildred T. Hyatt, 56; research microbiologist, U.S. Army Natick Laboratories, Mass.; 19 April.

George S. Klein, 52; professor of psychology, New York University; 11 April.

Laurence H. Kyle, 55; chairman, medicine department, Georgetown University; 24 April.

Oliver S. Loud, 73; retired manager, California Research Corporation, Standard Oil Company; 14 December 1970.

Donald R. Miller, 45; professor of higher education, University of Arkansas; 18 March.

Harlow B. Mills, 64; retired chief, Illinois Natural History Survey; 5 April.

John J. Natti, 57; professor of plant pathology, New York State Agricultural Experiment Station, Geneva; 9 April.

William N. Parkinson, 84; former dean, Medical School, Temple University; 19 April.

Henry D. Rinsland, 81; former professor of education, University of Oklahoma; 19 April.

Burton J. Robertson, 88; former professor of mechanical engineering, University of Minnesota; 19 April.

Harry Siller, 60; professor of mathematics, Hofstra University; 14 April.

Carl H. Smith, 75; professor emeritus of clinical pediatrics, Cornell University Medical Center; 13 April.

Armand N. Spitz, 66; astronomer and founder, Spitz Laboratories, Pa.; 14 April.

Igor Y. Tamm, 75; founder, theoretical physics department, Lebedev Physics Institute, Moscow; 12 April.

Oscar N. Torian, 95; professor emeritus of medicine, School of Medicine, Indiana University; 30 March.

Max Trumper, 79; former professor of biochemistry, National Agricultural College of Pennsylvania; 11 April.

William J. Youden, 70; guest worker, applied mathematics division, National Bureau of Standards; 31 March.
