# Personnel Placement

Only those employers and individuals who do not dis-criminate on the basis of race, sex, religion, age, color, or national origin should submit Personnel Placement advertising.

**POSITIONS WANTED:** 40¢ per word; use of Box Number counts as 10 additional words. Minimum charge \$10. Prepayment required. This rate applies to individuals only; personnel agencies, companies, colleges, and universities take display rate for all advertising.

DISPLAY (POSITIONS OPEN, MARKET PLACE, AND SO FORTH): \$130 per inch, minimum, per insertion (1 inch is equivalent to 12 lines of 48 characters each). Ads over 1 inch billed to nearest quarter inch. No charge for Box Number. Rates net. No agency commission al-lowed for ads under 4 inches. No cash discourt. Pre-payment required for foreign advertising. Purchase or-ders and billing information must accompany all other advertising advertising.

COPY for ads must reach SCIENCE by Wednesday, 3-1/2 weeks before issue date (Friday of each week) requested. Send copy for all positions wanted ads and display ads under 5 inches to:

SCIENCE, Room 207 1515 Massachusetts Ave., N Washington, D.C. 20005 NW

Send copy for display ads, 1/6 page and larger, to:

Scherago Associates, Inc. 11 West 42nd Street New York, N.Y. 10036

BLIND AD replies should be addressed as follows:

Box (give number) SCIENCE 1515 Massachusetts Ave., NW Washington, D.C. 20005

#### **POSITIONS WANTED**

Trained in interdisciplinary Animal Behavior-Biopsy-chology program. Taught: human neuroanatomy, anat-omy and physiology, ecology. Other specializations: gross anatomy, comparative neuroanatomy, com-parative psychology, development and evolution of be-havior. Research: functional evolution of the forebrain. Navior. Research: functional evolution of the forebrain. Seeks postdoctorate in neurophysiology or teaching university or medical school. Available fall 1976. L. Kunstadt, Department of Animal Behavior, American Museum of Natural History, New York, New York 10024. X

**Biochemist**, Ph.D., innovative researcher seeks challenging position. Four and one-half years experience in biochemical pharmacology with pharmaceutical company. Interests include glycoproteins, lysosomes, carbohydrates, enzymes, lectins, metabolism, and lung biochemistry. East coast location. Box 1, SCIENCE. x

**Biochemist.** Cand. Med., B.Sc. Academic research ex-perience in enzymology, pharmacogenetics, biochemi-cal genetics, immunochemistry. Publications. Seeks re-search/industrial or teaching position. European offers also considered. Reply to Box 2, SCIENCE. X

Biologist, successful former department head at large university, seeks return to administration; prefers New England or West. Box 465, SCIENCE. X

Biologist, B.A. Two years industrial/pharmaceutical research experience. Chemical carcinogenesis/muta-genesis, toxicology, biochemistry. Seeks industrial/uni-versity position. Box 3, SCIENCE. X

Entomologist/Ecologist. Ph.D. Seeks research/teach-ing university position. Experience in pest manage-ment, teaching zoology, entomology, water pollution environmental sciences. Several publications. Box 4, SCIENCE. X

Entomologist. Ph.D. Forest insect ecology, population dynamics. Two years postdoctoral experience in bio-logical control. Publications. Seeking research/teaching. Box 5, SCIENCE.

#### **POSITIONS WANTED**

Geneticist-Cell Biologist, Ph.D. Experience includes 4 years of research and teaching, industrial research, bio-chemistry postdoctoral, grants, publications, graduate/ undergraduate research sponsorship. Desires position in teaching/research. Box 6, SCIENCE. X

Limnologist/Fisheries Biologist, Ph.D. Research expe-rience in marine biology and freshwater ecology (fish and planktons), environmental impact studies, and aquaculture. Research interests: ecological bioenerget-ing and trachin acelogical bioenergetculture, environmental biology. Desires teaching (lim-nology or aquatic ecology fields), research or industrial position. Box 7, SCIENCE. X

Mammalian Cytogeneticist, Ph.D. (January 1976). Ex-perience: karyology, banding, chromosome aberration analysis, clonal culture; graduate school teaching. Seeks postdoctorate or research position. Available immediately. Box 8, SCIENCE. 1/9, 16

Pharmacist/Pharmacologist, Ph.D.: 20 years experi-ence in directing drug research in animals and humans, long record of high achievement publications and pat-ents. Seeks research and/or teaching position. Box 9, SCIENCE. X

Political-Social Ecologist, ABD. Seeks postdoctoral research/teaching experience in interdisciplinary ecol-ogy or energetics, for fall 1976. Box 10, SCIENCE. X

#### **POSITIONS OPEN**

WANTED-TWO ASSISTANTS whose training has been in microbiology and/or immunology. A B.S. or M.S. degree is desired. Work will consist of helping in and developing studies on radioactive tracers, viral and bacterial cultivation, purification and concentration of biologicals, and animal responses to various biologi-cals. This is primarily R & D work in a medical re-search foundation in Florida. If interested, indicate sal-ary wanted. **Box 503, SCIENCE.** 

#### ASSISTANT-ASSOCIATE PROFESSOR

Multiple positions available at a large northeastern ur-ban university in the areas of insect physiology, fish ecology (freshwater), cellular (or comparative animal physiology) and cytochemistry. Responsibilities will in-clude undergraduate teaching in such basic courses as biological concepts, zoology, histology, comparative anatomy, embryology or physiology. In addition the candidates will be expected to continue their own re-search in one of the above areas and aid in the contin-ual development of the graduate program (including courses specific to the graduate program (includ

#### Box 15. SCIENCE

An Affirmative Action/Equal Opportunity Employer

ASSISTANT/ASSOCIATE PROFESSOR: The Department of Materials Science and Engineering, Stanford University, seeks a Ph.D. with excellent teaching ability in areas related to materials characterization, including optical and electron microscopy, and x-ray diffraction, and with innovative research interests involving development and/or utilization of modern instrumental techniques for materials analysis or characterials and techniques for materials and the second s Volving development and/or utilization of modern in-strumental techniques for materials analysis or charac-terization. Send résumé to Professor Robert A. Hug-gins, Department of Materials Science and Engineering, Stanford University, Stanford, California 94305 before 15 March 1976. Stanford University is an Affirmative Action Employer and welcomes applications from women and minority group members.

An ASSISTANT PROFESSORSHIP IN BIO-CHEMISTRY AND BIOPHYSICS is available at Iowa State University in the general field of molecular biology. Applications should have a strong background in chemistry and modern biology, postdoctoral experi-ence, the ability to establish an independent, creative research program, and an interest in and talent for teaching at both the undergraduate and graduate level. Applications received after 15 February 1976 are not assured of consideration. Send a résumé plus tran-scripts, and arrange to have three letters of reference sent to Dr. Jack Horowitz, Department of Biochemistry and Biophysics, Iowa State University, Ames, Iowa 50011.

Iowa State University is an Affirmative Action Employer

#### POSITIONS OPEN

### POSITION IN BIOLOGICAL OCEANOGRAPHY DALHOUSIE UNIVERSITY

The Institute of Oceanography expects to have a va-The institute of Oceanography expects to have a va-cancy in biological oceanography and invites appli-cations at the **assistant** or **associate professor** level with interests in physical and biological aspects of marine production or in marine microbiology and decomposi-tion process. To insure consideration, applications should be received by 28 February 1976.

should be received by 28 February 1976. The Institute is a graduate department offering pro-grams leading to the M.Sc. and Ph.D. in biological, physical, chemical, and geological oceanography. Re-search and teaching programs benefit from active co-operation with other laboratories in the area, including the Bedford Institute of Oceanography, Nova Scotia Research Foundation, and National Research Council Laboratory. Ship support is provided by the Bedford Institute and special oceanographic laboratory is avail-able in the Dalhousie Aquatron. Candidates should submit a complete curriculum

Candidates should submit a complete curriculum vitae, with information on research grants held, and a statement of present and proposed research interests. Supporting confidential letters of reference should be addressed to the Director, Institute of Oceanography, Dalhousie University, Halifax, Nova Scotia, Canada, B3H 3J5, Telex: 019-22512.

ASSISTANT PROFESSORSHIP in food micro-biology. Available 1 July 1976. Responsibilities include teaching and research. Applicants should have post-doctoral experience and publications. Commitment to research should be strong and in a basic area such as toxin production, pathogenesis or physiology of food pathogens, and so forth. Closing date: 1 March 1976. Please send curriculum vitae and names of four refer-ences to ences to:

#### L. N. Zimmerman, Head Department of Microbiology and Cell Biology The Pennsylvania State University S101 Frear Building University Park, Pa. 16802

The Pennsylvania State University is an Equal Opportunity/Affirmative Action Employer.

### DEPARTMENT OF HUMAN GENETICS YALE UNIVERSITY

Faculty opening at assistant professor level in the field of molecular genetics and virology. Appointment to become effective on 1 July 1976. Candidates will be judged on potential for conducting outstanding re-search and on teaching ability. Applicants should send, as soon as possible, curriculum vitae, list of publica-tions, and three references to: E. A. Adelberg, Depart-ment of Human Genetics, 333 Cedar Street, New Ha-ven, Conn. 06510. An Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR IN PHYSIOLOGICAL PSYCHOLOGY. Duties include research, under-graduate teaching, and supervision of graduate stu-dents. Preference will be given to candidates whose re-search is in the field of sensory systems. Available facil-ities include bioelectrical recording equipment, surgery, histology and animal quarters. Salary floor \$14,500 per annum, beginning 1 July 1976. Send inquiries to Dr. C. H. Vanderwolf, Department of Psychology, University of Western Ontario, London, Ontario, Canada, N6A 5C2. 5C2.

#### BIOLOGISTS

ANIMAL PHYSIOLOGIST, assistant professor. Preference given to applicants with specialty in in-vertebrate physiology or in endocrinology. Responsi-bilities will include participation in introductory hu-man anatomy and physiology course for nursing ma-jors. Broad training in animal physiology required. GENETICIST, assistant professor. Preference given to applicants with specialty in molecular genetics. Re-sponsibilities will include participation in introductory genetics course with laboratories. Broad training in ge-netics required.

netics required.

netics required. Both positions require Ph.D. by date of initial ap-pointment, I September 1976. Applicants should send curriculum vitae and names of three references before 31 January 1976 to Dr. Stephan R. Taub, Chairman, Department of Biology, George Mason University, Fairfax, Virginia 22030. George Mason University is the state university in northern Virginia and is located near the Washington, D.C., metropolitan area. George Mason University is an Affirmative Action/Equal Op-portunity Employer. portunity Employer.

# ASSISTANT PROFESSORSHIPS IN MICROBIOLOGY, NEUROPHYSIOLOGY AND PHARMACOLOGY

Applications are invited for three positions available 1 September 1976 in the Department of Zoology and Microbiology at the assistant professor level. We are seeking candidates in the areas of medical microbiolo-gy, neurophysiology, and pharmacology. Applicants must have the Ph.D. degree, have experience and pro-vide evidence of strong ability to teach and to develop and maintain a rigorous program of independent re-search. The salary is highly competitive and the loca-tion is in a pleasant, rural setting. Responsibilities in-clude instruction of undergraduate and graduate stu-dents in the department and in the medical school program. Primary emphasis will be in the subject area of medical microbiology, aurophysiology, and phar-macology. Applicants should submit a complete set of curriculum vitae, transcripts, a résumé of teaching and research interests, and the names of three referees by 30 January 1976 to Dr. Ronald J. Downey, Chairman, Department of Zoology and Microbiology, Ohio Uni-versity, Athens, Ohio 45701. An Equal Opportunity and Affirmative Action Employer. Applications are invited for three positions available 1

## ASSISTANT PROFESSOR DEPARTMENT OF PHYSIOLOGY UNIVERSTIY OF WISCONSIN

University of Wisconsin-Center for Heatlh Sci-ences-Medical School-Department of Physiology are accepting applications for a faculty position at the assistant professor level. Candidates with a demon-strated interest in the physiology of excitable cells with emphasis on smooth muscle or motor aspects of neu-rophysiology are desired, however, available center of the second to the second se rophysiology are desired, however, qualified candidates in other areas will be considered. Duties include particimouncr areas will be considered. Duttes include partici-pation in teaching physiology to undergraduate and medical students. Send curriculum vitae, reprints, and the names of three references to: Chairman, Depart-ment of Physiology, University of Wisconsin Medical School, 470 North Charter Street, Madison, Wisconsin 53706.

An Equal Opportunity/Affirmative Action Employer

#### ASSISTANT PROFESSOR OF PHYSIOLOGY

The Department of Physiology is seeking a neurobi-ologist, preferably one whose work relates to function of the vertebrate central nervous system. The position involves medical and graduate student teaching, and makes available considerable time for research.

Please send curriculum vitae, bibliography, and names and addresses of three references to:

### Chairman Neurobiologist Search Committee Department of Physiology Yale University School of Medicine 333 Cedar Street, B-121 SHM New Haven, Conn. 06510

Applications from women and members of minority groups are encouraged. An Equal Opportunity/Affir-mative Action Employer. Applications should be received before 15 February 1976. Applications from women and members of minority

#### FACULTY POSITION

TACULTT FOSITION The Department of Physiology has a faculty position available for which applications are invited. Preference will be given to candidates holding an M.D. or Ph.D. degree with experience and interest in membrane trans-port processes. Faculty rank (assistant, associate or full professor) is negotiable depending upon qualifications. Field of interest can include theoretical, artificial mod-el, cellular or epithelial membrane transport systems. Opportunities are available for both collaborative and independent research and for graduate and medical student teaching.

student teaching. Please send complete curriculum vitae including publications and the names and addresses of three references to:

Chairman, Membrane Transport Search Committee Department of Physiology Yale University School of Medicine 333 Cedar Street, SHM B-106 New Haven, Conn. 06510

Applications from women and members of minority

Applications from women and members of minority groups are encouraged. An Equal Opportunity/Affir-mative Action Employer. Applications should be received before 15 February 1976.

9 JANUARY 1976

#### **POSITIONS OPEN**

#### ASSISTANT PROFESSOR-IMMUNOLOGY

Applications are invited for a position as assistant professor beginning on or after 1 July 1976. Candidates must possess a Ph.D. or M.D. degree, have at least 2 years of postdoctoral experience in immunology and years of postdoctoral experience in immunology and present evidence of scholarly achievement. The suc-cessful candidate will be expected to establish an inde-pendent research program, preferably in molecular as-pects of the immune response, and participate in our teaching program. Send curriculum vitae, recent re-prints, and two letters of reference to Dr. G. P. Manire, Chairman, Department of Bacteriology and Immunolo-gy, University of North Carolina School of Medicine, Chapel Hill, N.C. 27514.

The University of North Carolina is an Equal Opportunity/Affirmative Action Employer. Applications from women and minority candidates are welcome.

#### ASSISTANT PROFESSOR PATHOLOGY

Microbiological, hematological or cytological inter-ests. Research capability, interest in pulmonary disease desirable. Board certified or eligible AP and CP. Start-ing 1 July 1976. Send résumé to Box 24R, Waterman Building, University of Vermont, Burlington, Vermont 05401 05401.

#### An Affirmative Action Employer

The University of California, Irvine, California College of Medicine, Department of Physiology, is recruit-ing for an ASSISTANT PROFESSOR.

Candidates should have demonstrated ability to con-Candidates should have demonstrated ability to con-duct independent research in neurophysiology. Duties of job include the teaching of neurophysiology to medi-cal students. *Applications from qualified candidates are welcome; minorities and women are encouraged to apply*. Send names of four references and curriculum vitae to: Dr. Peter F. Hall, Professor and Chair, De-partment of Physiology, University of California, Irvine, California 92717, by 15 February 1976.

# ASSISTANT PROFESSOR SECTION OF THERAPEUTIC RADIOLOGY UNIVERSITY OF CALIFORNIA, IRVINE ORANGE COUNTY MEDICAL CENTER

Applications are invited for a post at the assistant professor level in the Section of Therapeutic Radiology at the University of California, College of Medicine, Irvine. This will be a full-time position with responsi-bilities for teaching at undergraduate and graduate lev-els and for clinical research and service in the Orange County Medical Center. County Medical Center

County Medical Center. The applicant should be a Board-certified radiologist preferably with a minimum of 3 years' experience in therapeutic radiology in a university medical school, and preferably be prepared to engage in ongoing re-search and to develop new research protocols. Applications from all qualified candidates are wel-come; minorities and women are encouraged to apply.

come; minorities and women are encouraged to apply. Applications, including a short biography, and cop-ies of any publications should be sent to: H. Vermund, M.D., Professor of Radiology, Orange County Medical Center, Section of Therapeutic Radiology, 101 City Drive South, Orange, California 92668. Closing Date: 15 February 1976.

# UNIVERSITY OF CALIFORNIA, SANTA BARBARA DEPARTMENT OF BIOLOGICAL SCIENCES SECTION OF BIOCHEMISTRY AND MOLECULAR BIOLOGY

AND MOLECULAR BIOLOGY Faculty position. Effective 1 July 1976. Applications are sought from BIOCHEMISTS oriented toward physical chemical concepts and methods. Soundness and importance of research will be weighted more heavily than the precise nature of research special-ization although it may be expected that preference will be given to applicants whose interests lie in areas such as macromolecular assembly, chromosome structure, and membrane biochemistry. Teaching is required at the undergraduate level in general biochemistry-mo-lecular biology and at the graduate level in an area of the appointee's specialized competence. Salary and rank depend on qualifications and experience. Applications with curriculum vitae, list of publications.

Applications with curriculum vitae, list of publications, anmes of references, summary of research interests should be sent to: Chairman, Department of Biological Sciences, University of California, Santa Barbara, Cali-fornia 93106. Applications must be received before 1 March 1976. Letters of reference should not be sent un-til requested. The University of California is on Found Opportunity/Affirmative Action Employer.

#### POSITIONS OPEN

BIOMEDICAL ENGINEERING-FACULTY PO-BIOMEDICAL ENGINEERING—FACULTY PO-SITION. Assistant professor, Department of Electrical Engineering, September 1976. Minimum requirements are Ph.D. in biomedical engineering or electrical engi-neering with emphasis in biomedical engineering, re-search experience on the cardiovascular system, and education and experience in physiology, control sys-tems, and computer systems. Demonstrated ability to collaborate with physicians in clinical research. The pa collaborate with physicians in clinical research. The po-sition is a two-year appointment but may be converted to a permanent position. Submit résumé and references by 20 January to: Coordinator, Biomedical Engineering Program, Department of Electrical Engineering, Uni-versity of Rhode Island, Kingston, Rhode Island 02881. An Equal Opportunity/Affirmative Action Employer.

### CENTER FOR MOLECULAR NUTRITION AND SENSORY DISORDERS (CMNSD)

Immediate and future openings available at technical pre-postdoctoral, professional levels for positions in new interdisciplinary program in fundamental aspects of nutrition and chemosensory function, including ab-sorption, distribution, transport and retention of trace metals (particularly line, copper and manganese); trace metal-protein-amino acid interactions; biochemis-try and physiology of taste and smell receptors (including radioreceptor and radioimmunoassay techniques); pathophysiological processes in taste and smell; elec-tron microscopy of sensory receptors; salivary protein chemistry and biochemistry. Stipends and salary com-mensurate with experience. Send curriculum vitae and other information to:

Robert I. Henkin Director, CMNSD Georgetown University Medical Center Washington, D.C. 20007 An Equal Opportunity Employer

#### CHAIRPERSON Department of Pharmacy and Pharmacy Administration

The College of Pharmacy and Allied Health Profes-sions, Northeastern University, is currently seeking a chairperson for the Department of Pharmacy and Pharmacy Administration. Applications are invited from persons with demonstrated academic and research experience preferably in pharmaceutics. Can-didates should be capable of providing academic leadership and developing innovative research programs. The appointment begins September 1976. Applications should be submitted by 1 March 1976. Interested individuals should send curriculum vitae, references, and research interests to:

Leon Shargel, Ph.D.

College of Pharmacy and Allied Health Professions Northeastern University Boston, Massachusetts 02115 Telephone: 617-437-3226 or 3216

# CHEMIST ORGANIC SYNTHESIS/ ANALYSIS

#### **Radio-labeled compounds**

Position available in our radio-synthesis group at our Corporate Research Center in Bloomfield for an MS/BS Organic Chemist with strong interest and proficiency in micro and semi micro organic synthesis. Required are: 0-4 years of experience in the synthesis and characterization of organic compounds. Experience with chromato-graphic techniques and liquid scintillation analysis is desirable

For further information and consideration, please direct a résumé of your qualifications to: Manager Research Personnel, Schering-Plough Corporation, 60 Orange Street, Bloomfield, New Jersey 07003

SCHERING-PLOUGH CORPORATION WE ARE AN EQUAL OPPORTUNITY EMPLOYER M/

CHAIRMAN OF PATHOLOGY: Major midwestern medical school seeks a head of pathology for a large university-affiliated medical center. Progressive teach-ing program. Excellence is our major concern. Initia-tive and organizational ability are indispensable assets. Salary and academic rank are negotiable.

**Box 14, SCIENCE** 

# CHAIRMAN DEPARTMENT OF BIOCHEMISTRY MEDICAL COLLEGE OF VIRGINIA

MEDICAL COLLEGE OF VIRGINIA The Department of Biochemistry in the School of Basic Sciences at the Medical College of Virginia branch of the Virginia Commonwealth University in-vites applications for the position of Chairman. The de-partment has 15 faculty, 18 graduate students, and a teaching commitment to professional and graduate programs. Candidates should have an outstanding record of scientific accomplishment, substantial experi-ence at pre- and postdoctoral training, and experience or interest in teaching professional students. Interested applicants should send a curriculum vitae and list of publications to: F. N. Briggs, Chairman, Department of Physiology, Medical College of Virginia, Virginia Com-monwealth University, Box 608, Richmond, Va. 23298. An Eaual Opportunity/Affirmative Action Employer An Equal Opportunity/Affirmative Action Employer

#### CURATOR OF BIRDS

Lincoln Park Zoological Gardens, Chicago, Illinois. To be responsible for the bird collection. Send curricu-lum vitae to Dr. Lester E. Fisher, Lincoln Park Zoo, 100 West Webster Avenue, Chicago, Illinois 60614.

DEAN. SCHOOL OF SCIENCE AND MATHEMATICS

Applications are invited for the position of Dean of the School of Science and Mathematics, California Polytechnic State University, San Luis Obispo, Cali-fornia. Applicants must have a Ph.D. in an academic discipline appropriate to the School of Science and Mathematics. They should submit, in addition to a cur-rent résumé and list of five professional references, evi-dence of the following successful traching in higher dence of the following: successful teaching in higher education, ability to provide leadership for faculty and students, ability to give leadership in development of successful academic programs, competence in research, and participation in professional activities.

Applications and/or inquiries should be addressed to.

# Dr. Hazel J. Jones Vice President for Academic Affairs California Polytechnic State University San Luis Obispo, California 93407

Applications must be received no later than 1 March 1976. This University is an Equal Opportunity Employer.

### DEAN, SCHOOL OF NURSING

The University of California, San Francisco, a major health sciences campus with a large teaching hospital, seeks candidates for the position of Dean, School of Nursing. This position is responsible for the overall direction and administration of the School, which has one of the largest graduate nursing programs in the U.S., including a doctoral program.

Successful applicant will possess a doctoral degree, be eligible for licensure in California, and have successful administrative experience in a complex university setting. Teaching, research, and public service commensurate with an appointment at the professorial level also required.

Please submit résumé to Harold A. Harper, Chairperson, Search Committee, Graduate Division, University of California, San Francisco 94143. An Affirmative Action Employer, M/F.

#### POSITIONS OPEN

DEVELOPMENTAL BIOLOGIST-Assistant professor to teach embryology and either general physi-ology or comparative anatomy to undergraduates. Ap-plicant should have strong background in molecular bi-ology and be able to establish an active research pro-gram in developmental biology, in addition to teaching graduate level courses in field. Postdoctoral experience preferred Augiloble Sentember 1076 Solary appreciation preferred. Available: September 1976. Salary: approxi-mately \$12,000 for 9 months. Send curriculum vitae and three letters of recommendation to: Dr. J. H. Rob-erts, Department of Biology, Catholic University, Washington, D.C. 20064. An Equal Opportunity/Affirmative Action Employer.

### DEVELOPMENTAL BIOLOGIST NORTHWESTERN UNIVERSITY

Full-time faculty position (assistant professor) avail-able for 1 September 1976 in the Department of Bio-logical Sciences. Research interests in the control of gene transcription or translation, preferably empha-sizing embryonic systems. Applicants should be trained in both developmental biology and molecular biology. Postdoctoral experience is required.

Send curriculum vitae and names of three referees to: Neena Schwartz, Department of Biological Sciences, Northwestern University, Evanston, Illinois 60201.

Northwestern University is an Equal Opportunity Employer.

#### DIRECTOR OF **IMMUNOPATHOLOGY** M.D. OR Ph.D.

Highly rewarding career opportunity with one of the largest worldwide research institutes. Position involves responsibility for three to four Ph.D.-supervised immunology sections; it requires a proven record of scientific achievement plus the leadership ability necessary to run a creative and enthusiastic department. This is a challenging position, offering scientific latitude as well as the opportunity for publication and academic affiliation. Please send résumé including salary re-

quirements to:

#### Box 515. SCIENCE

Equal Opportunity Employer M/F

### DIRECTOR, PEABODY MUSEUM YALE UNIVERSITY

Yale University is seeking a director for its Peabody Museum of Natural History. The purposes of the mu-seum are to foster research and teaching through its collections and facilities; to encourage scholarship through its several publications; and to provide a con-temporary view of natural history through its public programs and exhibits. The 16 curators of the museum are faculty drawn from the Denartments of Anthropol are faculty drawn from the Departments of Anthropol-ogy, Biology, History of Science and Medicine, and Geology and Geophysics, and the director ordinarily

holds a professorship in one of these units. The director should be a distinguished scholar with broad scientific interest, able to work creatively with a diverse faculty. Send résumé to Executive Secretary, Department of Biology, 732 KBT, Yale University, New Haven, Conn. 06520. An Equal Opportunity/Affirmative Action Employer

FACULTY POSITION at the level of assistant pro-FACULTY POSITION at the level of assistant pro-fessor of biology at a growing undergraduate institu-tion. Position requires Ph.D. with background appro-priate for teaching marine ecology, introductory ocean-ography, quantitative biology, and general biology in a two-semester cycle. Opportunity for research. Reply with current curriculum vitae and three letters of recommendation by 15 February 1976 to: Chair-person, Biology, Hilo College, University of Hawaii at Hilo, Box 1357, Hilo, Hawaii 96720. An Equal Op-portunity/Affirmative Action Employer. Minority and women candidates are encouraged to reply.

#### POSITIONS OPEN

### STANFORD UNIVERSITY DIRECTOR, HOPKINS MARINE STATION

A search initially advertised in Science during 1973 A search initially advertised in *Science* during 1973 has been reactivated. Candidates should be outstanding biological scientists with nationally recognized ex-cellence in scholarship involving marine organisms, a commitment toward quality teaching at undergraduate and graduate levels, a keen desire to remain active in and graduate levels, a keen desire to remain active in research, and a capacity to recruit and to lead an ex-panded faculty at HMS. We are anxious to receive ap-plications from women and members of minority groups. Persons who applied earlier and desire to have their files updated may send additional materials. Di-rector will also be appointed professor of biology in the Department of Biological Sciences.

Deadline for application is 15 February 1976. Send curriculum vitae, reprints of major publications, and list of references to:

Dr. Donald Kennedy Department of Biological Sciences Stanford University Stanford, Calif. 94305

The Harvard Medical School's Department of Medi-cine at the Peter Bent Brigham Hospital is searching for a **DIRECTOR** of its Laboratory of Renal and Elec-trolyte Physiology. The director should have M.D. de-gree, training in internal medicine and clinical nephrol-ogy, and should be eligible for a full professorship. The Search Committee is seeking an individual who has outstanding creativity and productivity as a scientist, an established reputation as a scholar, a proven record in the training of both postdoctoral and undergraduate medical students in renal physiology and pathophysiol-ogy and who is also an able clinical nephrologist. Those interested should send a curriculum vitae and bibliogogy and wno is also an able clinical nephrologist. Those interested should send a curriculum vitae and bibliog-raphy to: Dr. Ramzi S. Cotran, M.D., Mallory Profes-sor of Pathology, Harvard Medical School, Chairman, Search Committee, 721 Huntington Avenue, Boston, Mass. 02115. Harvard University and the Peter Bent Brigham Hospital are Equal Opportunity/Affirmative Action Employers and encourage applications from members of minority groups and women.

DIRECTOR OF CLINICAL LABORATORIES-Clinical chemist with Ph.D., broad medical school or university-based experience in clinical chemistry (particularly with micro techniques and other special proce-dures peculiar to the needs of infants and children), and with extensive experience in laboratory management. Certifiable by Pennsylvania to be in charge of all clini-cal laboratories in a 150-bed university children's hoscal laboratories in a 150-bed university children's hos-pital. Teaching responsibility appropriate to appoint ment to full-time university faculty in pediatrics and biochemistry or pathology. Primarily responsible for management of all other clinical laboratories. Equal Opportunity Employer. Subject to Affirmative Action review. Résumés only to Dr. Victor H. Auerbach, St. Christopher's Hospital for Children, 2600 North Law-rence Street, Philadelphia, Pa. 19133.

#### ECOSYSTEMS ANALYST

The Institute for Environmental Studies, University of Wisconsin-Madison, has a position for an ecosys-tems analyst. This teaching-research faculty position is at the assistant professor level with a first emphasis in undergraduate teaching. The person must be mathe-matically or computer oriented with a formal back-ground in environmental science. Orientation must be to complete systems involving man and to integrate in-formation from physical, biological, social, and humanities areas.

Send curriculum vitae, list of references, and teaching and research interests by 15 February 1976 to:

**Professor Grant Cottam** Institute for Environmental Studies 70 Science Hall 550 North Park Street University of Wisconsin–Madison Madison, Wisconsin 53706 An Equal Opportunity Employer

FACULTY POSITION IN LABORATORY PRAC-FACULTY POSITION IN LABORATORY PRAC-TICE. Available summer 1976, doctoral degree re-quired, preferably in a laboratory discipline. Experi-ence in public health laboratory methods or adminis-tration preferred. Rank and salary dependent upon qualifications. Send curriculum vitae to John E. Larsh, qualifications. Send Currentini Provide to Joine L. Parsu, Jr., Department of Parasitology and Laboratory Prac-tice, School of Public Health, University of North Caro-lina at Chapel Hill, Chapel Hill, N.C. 27514. The Uni-versity of North Carolina is an Equal Opportunity/Af-firmative Action Employer.

#### ENDOCRINOLOGIST

Assistant professorship available August 1976. Ap-plicants must have Ph.D., degree requirements com-pleted. Postgraduate teaching and (or) research experi-ence highly desirable. Responsibility for an autotuto-rian freshman course in human biology for health science students. Expected to conduct productive research in endocrine mechanisms involved in development. Po-sition has been requested and approval is expected. Send curriculum vitae, reprints, and three letters of rec-ommendation, before 1 February 1976, to:

Dr. G. T. Cowley Associate Professor of Biology University of South Carolina Columbia, S.C. 29208

An Equal Opportunity/Affirmative Action Employer

#### **EXECUTIVE DIRECTOR**

The National Academy of Sciences/National Research Council is seeking a senior scientist/engineer with a Ph.D. degree, or equivalent, plus 15 years of ap-plicable experience to be the Executive Director of its Commission on Sociotechnical Systems. This Com-mission is responsible within the National Research Council for studies and recommendations in such areas as transportation, housing, building, urban devel-opment and design, materials, natural disasters, and so forth. Candidates should preferably have extensive ex-perience in research and administration in an academic

Applications for this position should be received by 15 February 1976. Applicants should send résumé to Dr. Robert W. Johnston, Associate Executive Officer, National Academy of Sciences, 2101 Constitution Ave-nue, NW, Washington, D.C. 20418.

An Equal Employment Opportunity/Affirmative Action Employer

The Division of Biological Sciences, Indiana Universi-ty, is planning to appoint a FACULTY MEMBER IN MOLECULAR BIOLOGY, familiar with techniques such as plasmid biology, elarmitar with techniques such as plasmid biology, eleteroduplex mapping, mo-lecular cloning, or in vitro recombination. The appoint-ment will be at the rank of assistant professor. The ap-pointee will be expected to participate in under-graduate and graduate teaching as well as to develop a strong independent research program. Applicants should send a résumé and have two letters of recom-mendation sent directly to Dr. C. H. W. Hirs, Division of Biological Sciences, Indiana University, Blooming-ton, Indiana 47401. Indiana University is an Equal Opportunity/Affirmative Action Employer.

## FACULTY POSITION IN THE DEPARTMENT OF ASTROMONY HARVARD UNIVERSITY

The Department of Astronomy invites applications for the position of assistant professor to begin in the summer or fall 1976. The initial term may be 5 years or

5 years. Letters of application should be accompanied by a résumé of experience in teaching and research, a state-ment of research interests, and a bibliography. The applicant should request three astronomers or physicists to write directly to **Professor A. Dalgarno, Chairman**, giving their evaluation of the applicant's abilities. Applicants are expected to have received their Ph.D. at least I year before taking up this post. Harvard University is an Equal Opportunity Em-ployer with an Affirmative Action Program, and it en-

courages applications from women and members of

*Courages applications from women and memoers of minority groups.* Send applications to the **Department of Astronomy, Harvard University, 60 Garden Street, Cambridge, Mass.**, for receipt by 1 March 1976.

#### **GROSS ANATOMIST**

Applications are invited for a position as assistant pro-fessor. Candidate should hold a Ph.D. degree, have a strong background in a field of cell biology and an ac-tive research interest in ultrastructure. Salary com-mensurate with experience. Duties involve taking charge of a three-quarter course in gross human anato-my with cadaver dissection. Course is given to health-related and arts and sciences majors and is of high pro-fessional quality. Send résumés to: Dr. L. A. Cuervo, Chairman Department of Biological Sciences Florida International University Miami, Florida 33199

9 JANUARY 1976

#### POSITIONS OPEN

THREE FACULTY POSITIONS IN GEOPHYSICS. Oregon State University will receive applications for three positions in geophysics until 15 March 1976: asthree positions in geophysics until 15 March 1976: as-sistant professor—paleomagnetics and/or marine mag-netics; assistant professor—seismology and/or acous-tics; associate professor—specialty in solid earth geo-physics. Applicants should have Ph.D. in geophysics or related field (for example, physics, math, earth science) and demonstrated ability to conduct productive re-search program. Send applications with résumés and names of references to Dr. John V. Byrne, Dean, School of Oceanography, Oregon State University is an Equal Onnortwink/Affirmative Action Femolover. Opportunity/Affirmative Action Employer.

### FACULTY POSITION QUANTITATIVE AND PERCEPTION

The University of Maryland, College Park, seeks applicants for a position at the beginning assistant profes-sor level who has a strong commitment to the use of quantitative theory in psychological research. Appli-cants with expertise in areas such as form and space perception and organization, motion, auditory pattern perception, and speech will be considered. Criteria for selection include outstanding achievement or promise in teaching and research.

in teaching and research. An application will consist of a curriculum vitae, preprints or reprints of papers, and three letters of rec-ommendations. Submit applications to C. J. Bartlett, Department of Psychology, University of Maryland, College Park, Maryland 20742, by 31 January 1976. The University of Maryland is an Equal Opportunity/ Affirmative Action Employer.

#### POSITIONS OPEN

#### IMMUNOCHEMIST/MICROBIOLOGIST

Bio-Dynamics/bmc Diagnostic Division is seeking a Research and Development Scientist with strong record of accomplishment. Desire a highly motivated self-starter to head up a new R & D group. Candidate should have a Ph.D. with capabilities, knowledge and experience in immunochemistry, microbiology, and instrumentation

Serdinentation. Send confidential résumé to Personnel Manager, Bio-Dynamics/bmc, 9115 Hague Road, Indianapolis, Indiana 46250.

An Equal Opportunity Employer

#### OCCUPATIONAL RESEARCH

OCCUPATIONAL RESEARCH The National Institute for Occupational Safety and Health has a vacancy in the Cincinnati laboratory for a person trained in biomechanical engineering, ergonom-ics, or a related discipline to participate in research on safety in materials handling and in machine operation. This involves planning such research and conducting laboratory and field studies to develop methods for job analyses. This is a career position in the Federal Civil Service, starting salary \$16,255. Liberal fringe benefits apply. Candidates must have professional experience and/or advanced education directly related to these duties. Please describe pertinent research publications and assignments. Send applications to Mr. Jon Ruse, NIOSH Personnel Office, Federal Office Building, Room 9510, 550 Main Street, Cincinnati, Ohio 45202.

An Equal Opportunity Employer

Responsible for development of enzymatic tests and procedures applicable to diagnostic laboratories. The successful applicant may have a solid background in enzyme kinetics, enzyme purification and method development.

PhD ENZYMOLOG

We offer excellent opportunity for future growth and advancement. Salary is commensurate with education, experience and ability.

Please send detailed résumé and salary history in confidence to: W. G. Davidson, Personnel Relations

#### THE DOW CHEMICAL COMPANY

P.O. Box 68511

Indianapolis, Ind. 46268

An Equal Opportunity Employer, M/F

### STAFF TOXICOLOGISTS

Large diversified midwest chemical manufacturer is seeking staff toxicologists to plan studies, review and evaluate toxicity reports and to prepare summaries of toxicity data. Responsibilities will also include interface between company operating groups and regulatory groups. Qualifications should include a Ph.D. in toxicology or a related field; individuals with prior industrial or academic experience and recent graduates will be considered.

If you have these qualifications and are interested in moving ahead in your career, please send your résumé in confidence to

> Box 13, SCIENCE An Equal Opportunity Employer, M/F

# FOOD!

For the past few years, there have been serious shortfalls in world food production and distribution. This, along with soaring agricultural prices, has posed some vital questions which demand answers.

These complex issues-and some solutions-are a major topic in SCIENCE. It has published numerous articles by a broad spectrum of agronomic and nutritional experts. Now, more than 30 of these articles are collected in an important new compendium:

FOOD: Politics, Economics, Nutrition and Research.

Originally published in various issues of SCIENCE, these dissertations provide a close look at the "why" of food problems-the influence of politics and economics. Nutrition, food production and distribution are discussed. And, there are exciting revelations as to the potential of research in meeting our need for food and many other essentials that depend on renewable resources.

Edited and with a foreword by Philip H. Abelson, FOOD: Politics, Economics, Nutrition and Research is provocative reading for everyone concerned with today's and tomorrow's-food supply.

ORDER FROM: AAAS, DEPT. FC-4 1515 MASSACHUSETTS AVE., N.W. WASHINGTON, D.C. 20005

### **INDUSTRIAL** HYGIENIST

MOBAY CHEMICAL CORPORATION is a leader in the field of Urethane Chemistry and one of the nation's fastest growing diversified Chemical manufacturers.

Our growth has created an immediate opening at the corpo-rate staff level for an Industrial Hygienist. This position would have broad scope responsibilities which include: RECOM-MENDING STANDARDS AND POLICIES CONCERNING HEALTH AND SAFETY, DEVELOPING MEDICAL PROGRAMS ASSOCI-ATED WITH PRODUCT TOXICITY (PARTICULARLY ISOCYAN-ATES), THE COORDINATION OF TOXICIOLOGICAL STUDIES AND CORRELATION OF PRODUCT HEALTH DATA.

There is also considerable liaison and consultation with gov-ernment agencies, customers and plant personnel.

Candidates should have an undergraduate degree in Chemis-try, Engineering or a related field and a graduate degree in Industrial Hygiene. A minimum of 2-3 years Industrial experi-ence as a Hygienist is necessary. It is essential that the applicant be certified and a background in supervision is preferred.

The vacancy is located at our corporate headquarters in Pitts-burgh, Pennsylvania.

Compensation is fully commensurate to the level of responsi-bility assigned to the position and an attractive benefit pack-age is available, including relocation assistance.

SEND RESUME INCLUDING PRESENT SALARY AND REQUIRE-MENTS TO: KENNETH E. COLES.

MOBAY CHEMICAL CORPORATION Penn-Lincoln Parkway West Pittsburgh, Pennsylvania 15205

An Equal Opportunity Employer M/F

#### ASSOCIATE DIRECTOR FOR INTRAMURAL RESEARCH

The National Institute of Allergy and Infectious Diseases is seeking a new Associate Director for its Laboratories and Clinics Program. The incumbent will have overall responsibility for the operation of intramural laboratories for research in infectious diseases, allergy and immunology, for Clinical Research, and for the Rocky Mountain Laboratory. While duties are primarily scientific administration, some opportunity for personal research exists. A physician is sought but exceptionally qualified nonphysicians will be con-sidered. Salary open depending on qualifications and eligibility for Civil Service appointment or a commission in U. S. Public Health Service.

Inquiries or applications should be addressed to:

Director National Institute of Allergy and Infectious Diseases Room 7A52—Building 31

National Institutes of Health

**Public Health Service** Bethesda, Maryland 20014 An Equal Opportunity Employer

#### THE INTERNATIONAL CENTRE OF INSECT PHYSIOLOGY AND ECOLOGY TSETSE ACOUSTIC COMMUNICATION RESEARCH APPOINTMENT (REF. SCI/75/6)

The ICIPE Research Centre intends to appoint a The ICIPE Research Centre intends to appoint a gifted young African scientist or technologist as an experimental officer (trainee) for a research programme on acoustic component of insect communication. The successful candidate will continue a new research programme in insect acoustic biology and later investigate the acoustic biology of termites, moths, and mosquitoes. The work includes recording and analysis of sounds, electrophysiological recording and behavioural studies of the insects' responses to sound. The basic facilities for this research programme have been assembled in Nariobi and other relevant equipment

been assembled in Narrobi and other relevant equipment will be added as needs arise. The successful candidate will, however, proceed to Sweden for a year's training in electrophysiological and associated approaches after an initial familiarization period of 3 months at the ICIPE Research Centre. It is expected that candidates will be at the equivalent

level of an M.Sc. or Ph.D. in entomology (zoology) or B.Sc. or M.Sc. (if engineers or physicists) with excellent university background and a high potential for research.

**Salary**: This will be on Scale Q, namely, KShs. 32,700/-by Shs. 1560/- to KShs. 48,300/- per annum, entry point by Shs. 1560/- to KShs. 48,300/- per annum, entry point depending on qualifications and experience. Candidates of postdoctoral level will be on Scale KShs. 46,800/- by Shs. 1860/- to KShs. 61,680/-. General information: Other benefits include 10 percent gratuity of basic salary earned, a housing allowance, group medical insurance, and a small transport allowance. Applications, in six copies, should give the following information: general education, professional qualifications, experience, marital status, age, present salary and terms of service and names and addresses of four referees

experience, marital status, age, present salary and terms of service, and names and addresses of four referees (including a personal reference). Photostat copies of relevant transcripts, thesis abstracts or copies of the most important publications, and certificates should be enclosed. Applications should be addressed to:

The Administrative Manager ICIPE Research Centre P.O. Box 30772 Nairobi, Kenya to reach him before 15 January 1976.

# LINCOLN UNIVERSITY COLLEGE OF AGRICULTURE New Zealand LECTURER/SENIOR LECTURER IN ANIMAL NUTRITION

The Council of Lincoln College invites applications for the position of Lecturer/Senior Lecturer in Animal Nutrition. Applicants should hold a degree in Science or Agricultural Science at the Masterate or Ph.D. level.

Duties will include lecturing in Animal Nutrition in the 3rd and 4th (final) years of the B.Agr.Sci. degree and to supervise postgraduate students in Animal Nutrition. The appointee will be expected to develop a research programme in Applied Ruminant Nutrition, preferably with sheep or beef cattle.

The successful applicant will be appointed as Lecturer or Senior Lecturer, according to qualifications and experience. Present academic salary scales are: Lecturer NZ\$7,861-\$9,912; Senior Lecturer NZ\$10,081-\$12,817. New Zealand Superannuation available.

Removal expenses and fares of the successful applicant will be reim-bursed up to specified limits. Conditions of Appointment giving fur-

ther details of this position at Lincoln College can be obtained from the As-sociation of Commonwealth Universities (Appts), 36 Gordon Square, Lon-don WC1H OPF, or from the Registrar of the University.

Applications close on 16 February 1976.

### UNIVERSITY OF WINDSOR WINDSOR, ONTARIO, CANADA

Evolutionary Biologist: Rank open. Qualifications: established research reputation in evolutionary processes in populations and communities, ecological genetics, or behavioral ecology. Duties involve graduate and under-graduate teaching (including comparative vertebrate zoology) and research. Salary negotiable depending upon qualifications.

Postdoctoral Fellow or Research Ass riate: micro-biologist or biochemist with interest in polysaccharide chemistry, ultrastructure, or cell regulation mecha-nisms for research on prokaryotic developmental sys-tems (Myxobacteria and blue-greens). Salary \$8500 and possible teaching supplement.

Send curriculum vitae, reprints, and names of three ref-erences to: Dr. H. D. McCurdy, Biology Department, University of Windsor, Windsor, Ontario, Canada, N9B 3P4

## HEAD DEPARTMENT OF PHYSIOLOGICAL SCIENCES

Applications are invited for the above position at the College of Veterinary Medicine, Oklahoma State Uni-versity. The department offers a B.S. degree in physi-ology. M.S. and Ph.D. degrees in physiological sciences, and provides courses in anatomy, physiology, pharmacology, and toxicology for the veterinary cur-riculum. It presently includes 16 faculty having a vari-ety of research, teaching, and service interests. The D.V.M. and Ph.D. degrees are highly desirable;

however, applicants having either degree will be consid-ered. The applicant should have demonstrated research accomplishments and evidence of interest and profi-ciency in teaching and administration.

ciency in teaching and administration. Letters of application should be accompanied by a curriculum vitae and addressed to: Dr. David P. Jen-nings, College of Veterinary Medicine, Oklahoma State University, Stillwater, Oklahoma 74074. Closing date for completed applications: I March 1976. This institution in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Accordence in the State of the State of the Education

Amendments of 1904 and Title TA of the Education Amendments of 1972 does not discriminate on the basis of race, color, national origin, or sex in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial aid, and educational services.

The Peoria School of Medicine, one of three clinical schools within the University of Illinois College of Medicine, is seeking a **HEAD OR CHAIRPERSON** for the Department of Family Practice. This position requires a physician who must be graduated from an approved medical school, must be licensed or eligible for licensure in the state of Illinois and preferably Dependentified in critice of Illinois and preferably Board-certified in family practice. Applicants should possess administrative experience, knowledge of fund-ing educational and research programs, teaching expe-rience, and interpersonal skills. This position is avail-ble at present carting data to action with scheduling rience, and interpersonal skills. This position is avail-able at present, starting date to coincide with selection and approval of the candidate by the Dean of Peoria School of Medicine. Salary open. The University of Il-linois is an Affirmative Action/Equal Opportunity Em-ployer and encourages applications from members of minority groups and women. Interested persons should send curriculum vitae to H. Hugh Rohrer, M.D., Chair-man, Search Committee for Head/Chairperson for the Department of Family Practice, Peoria School of Medi-cine, Room S-143, 1400 West Main Street, Peoria, Illi-nois 61606. Telephone: 309-674-8477, Ext. 217. Appli-cations accepted until 31 March 1976.

### POSTDOCTORAL ELECTRON MICROSCOPIST

Electron microscopist with recent Ph.D. is sought for freeze-etch work on membranes as postdoctoral fellow. The appointee should have biochemical and preferably immunological background. The fellow may lecture in our Biology Department. Solicit letters from three people familiar with your research, and send curricu-lum vitae and bibliography to Professor Leonard X. Finegold, Biological Physics, Department of Physics, Drexel University, Philadelphia, Pa. 19104. (Funded by NSF-Molecular Biology.) Candidates may be of any karyotype. karyotype.

POSTDOCTORAL positions available immediately POSIDOCTORAL positions available immediately for research on (i) biochemical and physical studies of gene transcription and protein-nucleic acid interaction; (ii) application of fluorescent spectroscopy and fast ki-netic technique in biological systems. Send résumé in confidence to: Dr. C. W. Wu, Department of Biophys-ics, Albert Einstein College of Medicine, 1300 Morris Park Avenue, Bronx, N.Y. 10461.

9 JANUARY 1976

#### POSITIONS OPEN

SOCIOECONOMIC ASPECTS OF ENVIRON-MENTAL IMPACT ANALYSIS—Interest and expe-rience in E.I.S. preparation. Teach graduate and undergraduate courses, primarily in Bloomington.

ENGINEERING GEOLOGY OR PHYSICAL GE-OGRAPHY—Soils geology and hydrology in environ-mental impact analysis, land use analysis, and plan-ning. Teach earth science core course for M.S. in Environmental Science Program and other courses, primarily in Bloomington.

Relevant practical experience in addition to strong academic credentials is preferred. Applications are sought from junior, intermediate, and senior persons. Inter-ested applicants should send a curriculum vitae to:

#### **POSITIONS OPEN**

POSTDOCTORAL POSITIONS: (i) to use fluorescence techniques to study interactions among muscle proteins, with S. S. Lehrer, available immediately, and (ii) to participate in basic chemical and sequence stud-ies on muscle proteins, with M. Elzinga, available I July 1976. Applicants should send résumés to appropriate person at: Boston Biomedical Research Institute, 20 Staniford Street, Boston, Mass. 02114.

**POSTDOCTORAL POSITION:** Available immediately; \$8,500 to \$10,000 per year. Two-year appointment, Research on CO, fixation in autotrophs via ribulose biphosphate carboxylase. Experience in enzymolo-gy preferred. Send résumé and two references to: Glenn D. Kuehn, Department of Chemistry, New Mexi-co State University, Las Cruces, N.M. 88003, Equal Opportunity/Affirmative Action Employer.

#### POSTDOCTORAL POSITION

Opening for a recent Ph.D. with experience in enzymology and nucleic acids, to work on enzyme-sub-strate specificity in transfer RNA biosynthesis. Send curriculum vitae and three references to William H. McClain, Department of Bacteriology, University of Wisconsin, Madison, Wisconsin 53706.

Equal Opportunity/Affirmative Action Employer in compliance with Titles 6 and 9

#### TWO POSTDOCTORAL **RESEARCH ASSOCIATES**

Immediate openings for 2 years (analysis of the neuronal control system for insect walking patterns and/or locust flight) and I year (analysis of gravity controlled orientation in gastropod mollusks). Skills in extra-cellular and intracellular recording and staining techcellular and intracellular recording and staning tech-niques required, experience in computerized data re-duction welcome. Salary (BAT IIa) approximately DM 2700/month, dependent upon age and number of children. Send curriculum vitae, list of publications, and the names, addresses and telephone numbers of three potential references to Dr. Wendler (insects) or Dr. Wolff (mollusks), 5 Köln 41, Zoologisches Institut, Weyertal 119, West Germany.

**PREDOCTORAL TEACHING AND RESEARCH ASSISTANTSHIPS**—Available September 1976 to qualified M.S. and Ph.D. applicants in biochemistry-biophysics. Write to Chairman, Department of Biochemistry and Biophysics, University of Hawaii, Hono-lulu, Hawaii 96822. An Equal Opportunity Employer.

Duke University Medical Center is inviting appli-cations for a position as **PROFESSOR AND CHAIR**-**MAN** of a new Department of Pharmacology. Appli-cants should have an established record of teaching, re-search, and administrative proficiency. *Duke Universi-ty is an Equal Opportunity/Affirmative Action Employer*. Please reply to: Samuel L. Katz, M.D., Chairman, Pharmacology Search Committee, P.O. Box 2925, Duke University Medical Center, Durham, North Carolina 27710.

A vacancy now exists for the post of CHAIRMAN, De-partment of Pharmacology in the Faculty of Medicine. Applicants should have advanced academic and profes-sional qualifications, Ph.D. and/or M.D. or equivalent, preferably with experience in teaching and research. The chairman will be expected to teach in the medical and related faculties, including the School of Graduate Studies, and to administer the department. Salary is negotiable. Applications, including curriculum vitae and references, should be submitted as soon as possible to: Dr. G. F. Whitmore, Faculty of Medicine, Medical Sciences Building, University of Toronto, Toronto, On-tario, Canada, M5S 1A8.

#### **PROFESSOR OF FORESTRY**

Teaching and research in operational and planning aspects of forest management with emphasis on commodity production. Direct applications to:

Dr. C. B. Davey Department of Forestry North Carolina State University P.O. Box 5488 Raleigh, N.C. 27607 An Equal Opportunity/Affirmative Action Employer

#### UNIVERSITY OF CALIFORNIA, IRVINE

UNIVERSITY OF CALIFORNIA, IRVINE Position as professor of psychology in the School of Social Sciences. Duties involve graduate and under-graduate teaching in the area of perception and psycho-physics. Candidate's research interests should also lie in this area, preferably with an emphasis on quan-titative theoretical problems as well as experimental work. The school is seeking an established scientist who will pursue an active program of research and graduate training. Applications from all qualified can-didates are welcome; minorities and women are en-couraged to apply. Send curriculum vitae and the names of five references to Dean Christian Werner, School of Social Sciences, University of California, Ir-vine, Calif. 92717, before 1 February 1976.

PSYCHIATRIST—Board-certified or -eligible. Full-time university appointment, academic rank com-mensurate with experience. Consultation-liaison psy-chiatry working with team of FT psychiatrist, social worker, psychiatric nurse, and research personnel. Teaching of medical students, psychiatric, surgical, and medical residents. Opportunity for pursuit of research interests in general area of "psychosomatic medicine." Salary open. Send curriculum vitae to Clifford C. Kuhn, M.D., e/o Norton Psychiatric Clinic, Norton-Children's Hospitals, Inc., 200 East Chestnut Street, Louisville, Kentucky 40202. An Equal Opportunity/Af-firmative Action Employer.

#### POSITIONS OPEN

#### PSYCHOLOGIST—APPLIED PHYSIOLOGIST

The Kinesiology Department at Simon Fraser University has an opening for an assistant professor. Appli-cants should have a Ph.D. and developed research incants should have a Ph.D. and developed research in-terests in motor learning, human factors, and applied physiology. The ideal applicant will be expected to teach undergraduate and graduate courses in motor learning and man-machine systems or ergonomics and to act as a focus for interdisciplinary research on man-machine systems and the psychophysiological effects of environmental stress. To apply, send full curriculum vitae and the names of three referees to Dr. T. W. Cal-vert, Chairman, Department of Kinesiology, Simon Fra-ser University, Burnaby, B.C., Canada, VSA IS6, from whom further details can be obtained whom further details can be obtained.

PUBLISHING: New York-based publisher of advanced scientific books and journals has opening for acquisition editor responsible for life sciences, earth sciences, and adjoining subjects. M.Sc., production and marketing experi-ence desirable. Résumé/transcripts to **Box 11**, SCIENCE.

**RESEARCH ASSOCIATE** to pursue research into the mechanisms of anesthesia. Must have Ph.D. in physical chemistry, biochemistry, pharmacology, neuphysical chemistry, biochemistry, pharmacology, neu-rophysiology, or equivalent. Experience in membrane physiology/pharmacology is desirable. Starting salary range \$13,000 to \$17,000 plus benefits. Position open summer or fall 1976. Please send curriculum vitae with references to Dr. Edmond Eger, Department of Anes-thesia, 1386 HSE, University of California, San Fran-cisco, Calif. 94143. An Equal Opportunity/Affirmative Action Fundover Action Employer.

RESEARCH METEOROLOGIST to develop data processing system for existing post-siting impact study for power plant. Require M.S. meteorology (with substantial curriculum in physics) or atmospheric physics. Experience in conducting in-flight air pollution mea-surements in light aircraft; advanced Fortran, assembly surements in light aircraft; advanced Fortran, assembly language programming, minicomputer, data reduc-tion-analysis, modeling, use of Cal-Comp and Tektro-nix CRT graphics software, familiar with CDC 6400, Kronos 2.1. Minimum starting salary \$11,000. Appli-cation deadline 30 January 1976. Start 16 February 1976. Send résumé to: Twyla Harrison, Desert Re-search Institute, University of Nevada System, Building 3700, Room 121, Stead Campus, Reno, Nevada 89507. Affirmative Action/Equal Opportunity Employer.

# RESEARCH PHYSICIST JOINT INSTITUTE FOR LABORATORY ASTROPHYSICS (JILA)

LABORATORY ASTROPHYSICS (JILA) JILA is a joint institute of the National Bureau of Standards (NBS) and the University of Colorado, with members holding appointments in either organization and NBS personnel normally affiliated with the Uni-versity as Adjoints or Lecturers. An NBS appointment in experimental, low-energy atomic, molecular, and/or laser physics will be filled in the latter half of 1976. The position will require independent leadership of an ag-gressive research program, and consultation with col-leagues on scientific problems of mutual interest. Can-didates with established reputations for outstanding re-search will be considered for a permanent appointment. Candidates with recent doctorates and recognized out-standing ability and potential are especially encour-aged to apply for a term appointment (up to 4 years), with permanent status subject to later review. The posi-tion will be filled in accordance with nondiscrimination will be filled in accordance with nondiscrimina-tion policies. Applications should include a résumé names of three references, and a tentative research plan, and should be received before 1 March 1976. Ap-plications and inquiries should be addressed to Dr. J. Cooper, Chairman, JILA, University of Colorado, Boul-der, Colorado 80309.

#### TRAVELING LECTURERS

University of Maryland University College seeks excellent teachers for non-lab introductory science courses offered to military students in its overseas divisions. Geologists, zoologists, biologists, and botanists with capability of teaching in two of these areas may apply. Ph.D. or two M.A.'s, recent undergraduate teaching experience and U.S. citizenship essential. Families please note: positions require travel every 2 months; family housing not provided and costly, depen-dent schooling very difficult to arrange and expensive. Apply (send résumé): Dean, University of Maryland University College, College Park, Maryland 20742.

#### POSITIONS WANTED

#### **PROFESSOR OF BIOLOGY** City University of New York

Hunter College of the City University of New York invites applications for this position from individuals with a strong ongoing research program in the area of eukaryote cell biology, membrane biochemistry, or immunology.

The department has a faculty of 20 members and oc-cupies modern research laboratories at a midtown Manhattan campus. Participation in the training of doctoral students is expected as well as a strong commitment to undergraduate and graduate teaching. Please send curriculum vitae and the names of three references to Professor Richard C. Mawe, Chairman, Biology/Search Committee, P.O. Box 344, 695 Park Avenue, New York, New York 10021. Hunter College is an Equal Concernmit Frenchero an Equal Opportunity Employer

#### **FELLOWSHIPS**

### POSTDOCTORAL FELLOWSHIP IN BOTANY

The successful applicant for the Forest B. H. and The successful applicant for the Forest B. H. and Elizabeth D. W. Brown Postdoctoral Fellowship in Bo-tanical Sciences will work for 1 year in some aspect of botany with a faculty member in the Department of Biology at Yale University. Tenure must begin between J July 1976 and 1 July 1977. Send résumé to Adminis-trative Assistant, 102 Kline Biology Tower, Yale Uni-versity, New Haven, Connecticut 06520.

An Equal Opportunity/Affirmative Action Employer

TEN 10-month awards for U.S. citizens during aca-demic year 1976-77 for advanced research, primarily postdoctoral, in India under the auspices of the Indo-U.S. Subcommission on Education and Culture. No re-U.S. Subcommission on Education and Culture. No re-striction as to fields, but applications in natural sci-ences and technology, and proposals involving collabo-ration with Indian scholars are particularly sought. In-formation available from Council for International Ex-change of Scholars, Eleven Dupont Circle, Washington D.C. 20036. Telephone: 202-833-4980. Application deadline 2 February 1976.

#### POSTDOCTORAL FELLOWSHIPS

Two (2) NRSA postdoctoral fellowships available in vision research. Appointments could begin August 1975 to June 1976. Preference given to candidates with a strong background in biochemistry, developmental biology, electron microscopy, or neurobiology. Two-year appointment, \$10,000 per annum. Send statement of background and research interest with three references to:

Dr. Gunter K. von Noorden Department of Ophthalmology Baylor College of Medicine Houston, Texas 77025

POSTDOCTORAL FELLOWSHIP in immuno-chemistry. Good background in either biochemistry or immunology is required. Applicants should write to: Professor A. Nowotny, Department of Microbiology and Immunology, Temple University School of Medi-cine, Philadelphia, Pa. 19140. An Equal Opportu-nity/Affirmative Action Employer.

POSTDOCTORAL FELLOWSHIP. Applications are invited for an opening involving studies in tumor im-munology and virology at the Comparative Leukemia Studies Unit, New Bolton Center, University of Penn-sylvania. Please submit curriculum vitae and references to Dr. Jorge F. Ferrer, University of Pennsylvania, New Bolton Center, Kennett Square, Pa. 19348.

## SUMMER RESEARCH FELLOWSHIPS AT THE MARINE BIOLOGICAL LABORATORY

For the summer of 1976, funds are available to help defray laboratory fees and/or housing costs for a limitderray taboratory tees and/or housing costs for a limit-ed number of postdoctoral investigators (up to \$4500 each). Applications are encouraged from investigators with from 1 to 5 years of postdoctoral experience whose research requires marine organisms or the Labo-ratory's special facilities. For applications and further information, write the Admissions Office, Marine Bio-logical Laboratory, Woods Hole, Mass. 02543. MBL admits students of any race, color, and national or eth-nic origin. nic origin.

## SYNTHETIC Organic Chemists

#### **2 Post Doctoral Positions**

available immediately within an ongoing basic research program. Research involves the use of radio nuclides in basic biological, biochemical, and medical research, and includes the study of decay mechanisms in labeled compounds and their use in dynamic function studies.

candidates must be imaginative, energetic, and have the ability to work with a diversified group. Experience with radicisotopes would be helpful but is not a prerequisite.

Please send resume to:

Dr. Alfred P. Wolf, Dept. of Chemistry

### LaTrobe University Melbourne Australia

# **VICE-CHANCELLOR**

The Vice-Chancellorship of the University will become vacant in January 1977 following the retirement in December 1976 of Dr. D.M. Myers who was appointed as foundation Vice-Chancellor in 1965. The Council wishes to announce an appointment in the latter half of 1976 and requests that enquiries and suggestions should be made by the end of April.

In addition to his role as chief executive officer the Vice-Chancellor is encouraged to maintain an active interest in the scholarship and academic pursuits of the University, especially through the development of personal relationships with the staff and students.

The Chancellor, the Hon. Mr. Justice Smithers, invites enquiries from men and women who are interested in the appointment or who wish to suggest suitably qualified persons who may be interested. Letters should be addressed to the Chancellor at the University. All suggestions and enquiries will be treated as confidential to the selection committee appointed by Council.

Bundoora, Victoria November, 1975

D.D. Neilson, Registrar.

## NEW FACULTY POSITIONS UC RIVERSIDE/UCLA PROGRAM IN BIOMEDICAL SCIENCES

Applications are invited for four new faculty positions in an innovative PROGRAM IN BIOMEDICAL SCIENCES jointly offered by UC Riverside, the UCLA School of Medicine and the UCLA-affiliated San Bernardino County Medical Center, to be available on or after July 1, 1976. This program, now in its second year of operation, integrates five years of primary college subjects and instruction in basic sciences with the introductory years of the medical curriculum at UC Riverside and the San Bernardino County Medical Center which are followed by completion of the final two years of study for the M.D. degree at the UCLA School of Medicine. In addition to demonstrated ability in research, applicants should have a genuine interest in medical education with emphasis on high quality teaching in the basic medical sciences and their relationship to clinical medicine. Faculty in this program will have their primary academic position in BIOMEDICAL SCIENCES, and will hold joint appointments in other academic departments at UC Riverside and/or the UCLA School of Medicine, as appropriate. Excellent facilities for research and teaching will be available.

ASSISTANT PROFESSOR with research and teaching emphasis in HUMAN AND MOLECULAR GENETICS. Ph.D. degree, or M.D. degree with equivalent experience, in human genetics or closely related discipline required. Postdoctoral and/or teaching and research experience should be in immunogenetics, biochemical, developmental, or cytogenetics, preferentially in relation to man. Acquaintance with genetic counselling procedures is desirable.

ASSISTANT PROFESSOR with research and teaching competence in *BIOCHEMISTRY* and *ENDOCRINOLOGY*. Ph.D. degree in biochemistry or equivalent, or M.D. degree and appropriate training in biochemistry, required. Research should be in biochemical endocrinology and preferably be concerned with the mechanism of hormone action at the molecular level.

ASSISTANT OR ASSOCIATE PROFESSOR with responsibility for developing instruction program in HUMAN ANATOMY. Ph.D. in anatomy, or M.D. with specialization in anatomy, required. The candidate must be sufficiently experienced in anatomy teaching to be able to organize an instruction program in gross anatomy, microscopic anatomy and neuroanatomy. To qualify for an appointment as associate professor, candidates should be of proven research productivity and have an ongoing research program of demonstrated capability to attract extramural funding.

ASSISTANT PROFESSOR, M.D. or Ph.D. PATHOLOGIST, with teaching competence in general (anatomic) pathology and pathophysiology. Clinical affiliation with the San Bernardino County Medical Center, if qualified.

Applicants should submit curriculum vitae, academic transcripts, and a statement on research and teaching goals and have letters of reference sent to Ernst A. Noltmann, M.D., Acting Director, Program in Biomedical Sciences, University of California, Riverside, CA 92502. Detailed descriptions of the individual openings will be furnished on request. The University of California is an Equal Opportunity/Affirmative Action Employer.

#### **FELLOWSHIPS**

POSTDOCTORAL RESEARCH FELLOWSHIP for recent graduates with a Ph.D. in genetics or biochemis-try involving human repeated DNA sequences and various fractionation and hybridization techniques. Sti-pend ranges from \$10,000 to \$14,000. Background in nucleic acid research required. To apply, send curricu-lum vitae and references to: Dr. Jorge J. Yunis, Professor and Director, Medical Genetics Division, Depart-ment of Laboratory Medicine and Pathology, Box 198 Mayo Memorial Building, University of Minnesota, Minneapolis, Minnesota 55455. An Equal Opportunity Employer.

A POSTDOCTORAL FELLOWSHIP IN OCU-LAR MOTILITY is available for a bioengineer seek-ing an academic career. This is a 2-year appointment ing an academic career. This is a 2-year appointment with salary based on experience. The starting date is open but July 1976 is preferred. The candidate will have the opportunity to work with an inter-disciplinary team combining bioengineering, neurology and oph-thalmology. Applicants should send a curriculum vitae to: L. F. Dell'Osso, Ph.D., Ocular Motor Neurophysiol-ogy Laboratory, Neurology Service (180), Veterans Ad-ministration Hospital, Miami, Fla. 33125.

#### POSTDOCTORAL FELLOWSHIP IN REPRODUCTIVE BIOLOGY

Is available. Applicants should be interested in the physiology and biochemistry of mammalian embryos during the preimplantation period. Studies are on the biochemistry of embryo development as well as on micromanipulation of the embryos and embryos cells that alters differentiation. Apply with curriculum vitae to: R. L. Brinster, Laboratory of Reproductive Physiology, School of Veterinary Medicine, University of Pennsyl-vania, Philadelphia, Pennsylvania 19174.

## POSTDOCTORAL FELLOWSHIPS IN MARINE POLICY AND OCEAN MANAGEMENT

Applications are invited for 1-year postdoctoral fel-lowships from scholars and practioners from relevant fields in the natural sciences, social sciences and man-agement who are interested in applying their disciplinary training and experience to investigations into questions of marine policy and ocean management which require a significant component of marine sci-ence. Recipients of awards are expected to pursue re-search full time basing themselves in Woode Hole

search full time, basing themselves in Woods Hole. Applicants must have completed their doctorate degree or possess superior professional qualifications through career experience. Fellowship stipend is \$13,000. Appointees are eligible for group health insurance and a modest research budget. Application deadline is 15 March 1976 for 1976 77 awards. Awards will be announced in April. Write for application forms to Dean of Graduate Studies, Woods Hole Ocean-ographic Institution, Woods Hole, Massachusetts 02543.

Equal Opportunity Institution M/F

#### **FELLOWSHIPS**

POSTDOCTORAL FELLOWS in radiobiology. One position to involve in vitro cell culture experiments associated with high LET radiotherapy. The other to investigate in vitro transformation of fresh explants of cells. Salary \$11,500 with increments for up to 3 years.

Dr. Eric J. Hall, Radiological Research Laboratory, College of Physicians and Surgeons, Columbia Univer-sity, 630 West 168th Street, New York, N.Y. 10032.

#### COURSES

#### SURVEY COURSE IN IMMUNOLOGY

The Annual Survey Course in Immunology, spon-sored by the American Association of Immunologists, will be held at Hood College, Frederick, Maryland, 12

Uli be neld at Hood College, Frederick, Maryland, 12 July to 23 July 1976. The course is intended primarily for university or college instructors who need to expand their breadth of knowledge in the field of immunology. The number of participants will be limited to approximately 100, and selection will be on a competitive basis. Applicants should prease a document conclusion the following in a should prepare a document containing the following in-formation: (i) curriculum vitae, (ii) current research and teaching activities, (iii) background in immunol-ogy, and (iv) reasons for wanting to enroll in the course. The document should be submitted in duplicate to **Dr**. The document should be submitted in duplicate to Dr. M. G. Hanna, Jr., Director of Basic Cancer Research, Frederick Cancer Research Center, P.O. Box B, Fred-erick, Maryland 21701, not later than 1 March 1976. There are no formal application blanks. The registration fee is \$125. Dormitory type facilities are available at nominal charge to the applicant. A lim-ited number of scholarships will be awarded.

#### PROGRAMS

PROFESSIONAL PROGRAM: Doctor of Optometry (O.D.). Accelerated professional program of two calen-dar years specifically designed for the Ph.D. in physical, biological, behavioral, or applied sciences. An op-portunity for an independent professional career; pro-gram starts July 1976. Division of Special Studies, Massachusetts College of Optometry, 424 Beacon Street, Boston, Mass. 02115. Telephone: 617-261-3430, extension 32.

**DOCTORAL PROGRAM—PHARMACOLOGY** Medical University of South Carolina, Department of Pharmacology, seeks candidates for Ph.D. program. Interdisciplinary environment with capabilities ranging from GC-MS through cell cultures and animal studies to clinical studies of patients. Research training avail-able in biochemical, cardiovascular and clinical pharaction of the second second second and the second plat macology, drug metabolism, toxicology, and analytical chemistry. Stipends available: \$3900 per year. Contact: Department of Pharmacology, Medical University of South Carolina, Charleston, S.C. 29401.

#### **CALL FOR PAPERS**

A conference on energy problems in agriculture will be held in St. Louis, Mo., 16 to 19 June 1976, organized by the Center for the Biology of Natural Systems, Wash-ington University, and supported by NSF/RANN. Re-ports of original research and review papers are invited on: energy in present agricultural technologies; energy-conserving alternatives to energy intensive fertilizers; ad-justments of irrigated agriculture to energy noblems: systems: alternatives to energy intensive fertilizers; ad-justments of irrigated agriculture to energy problems; policy implications for the U.S. and developing coun-tries. Summaries (about 500 words) or drafts should be sent by 13 February 1976 to: W. Lockeretz, Box 1126, Washington University, St. Louis, Mo. 63130.

#### **GRADUATE STUDY**

GRADUATE STUDY IN ENVIRONMENTAL HEALTH SCIENCES AND ENGINEERING School of Public Health

Harvard University

Opportunities available for graduate studies in air pol-lution control, industrial hygiene and occupational health, environmental management, radiation protec-tion, and environmental sciences and engineering. Traineeships and fellowships available in many of these areas. Deadline for completed applications: I March 1976. For details contact Dr. Dade W. Moeller, Har-vard School of Public Health, 665 Huntington Ave., Roston. Mass. 02115. Boston, Mass. 02115.

# TOXICOLOGISTS (DVM/PhD)

Two positions are available at the Schering Corporation Pathology and Toxicology Laboratory, located in Northwestern New Jersey

The desirable candidates will have a DVM, or PhD in Pharmacology/Toxicology (or equivalent). Emphasis will be placed on practical experience. Consideration will be given to outstanding candidates without experience. Responsibilities include development of protocols, implementation, and monitoring of safety studies on potential therapeutic agents, and the preparation of reports. Skill in oral and written communications highly desirable.

Please send resume in confidence to: Manager, Research Personnel, SCHERING RESEARCH CENTER, 60 Orange Street, Bloomfield, New Jersey 07003.

SCHERING-PLOUGH CORPORATION WE ARE AN EQUAL OPPORTUNITY EMPLOYER M/F

# Add a vertical illuminator for incident light fluorescence

You can extend the versatility of your AO MICRO-STAR microscope with the simple addition of our new compact Vertical Illuminator for incident light fluorescence microscopy. It fits any Series 10 or 20 microscope; attaches easily and quickly; requires no alignment or adjustment.

Fluorescence intensity is maximized by excitation with UV incident light regardless of specimen thickness or density. The microscope objective serves as both condenser and objective. Full field coverage is assured, even with the 10X objective. Exciter, barrier and dichroic filters are turret mounted for dial-in convenience. More than that, they can be identified by touch when working in subdued light.

Convert to conventional transmitted light merely by rotating filter turrets to a neutral position. See your AO dealer or representative or send for detailed brochure on the AO Vertical Illuminator. If you don't have a MICROSTAR microscope to use it with, we'll be glad to supply information on the Series 10 or 20 also.

# ...makes your AO MICROSTAR® do the work of two microscopes.
