2 APRIL 1976

Personnel Placement

Only those employers and individuals who do not discriminate on the basis of race, sex, religion, age, color, or national origin should submit Personnel Placement advertising.

POSITIONS WANTED: 40¢ per word; use of Box Number counts as 10 additional words. Minimum charge \$10. Prepayment required. This rate applies to individuals only; personnel agencies, companies, colleges, and universities take display rate for all advertising.

Display (POSITIONS OPEN, MARKET PLACE, AND SO FORTH): \$130 per inch, minimum, per insertion (1 inch is equivalent to 11 lines of 52 spaces each). Ads over 1 inch billed to nearest quarter inch. No charge for Box Number. Rates net. No agency commission allowed for ads under 4 inches. No cash discount. Prepayment required for foreign advertising. Purchase orders and billing information must accompany all other advertising.

COPY for ads must reach SCIENCE by Wednesday, 3-½ weeks before issue date (Friday of each week) requested. Send copy for all positions wanted ads and display ads under 5 inches to:

SCIENCE, Room 207 1515 Massachusetts Ave., NW Washington, D.C. 20005

Send copy for display ads, 1/6 page and larger, to:

Scherago Associates, Inc. 11 West 42 Street New York, N.Y. 10036

BLIND AD replies should be addressed as follows:

Box (give number) SCIENCE 1515 Massachusetts Ave., NW Washington, D.C. 20005

POSITIONS WANTED

Analytical Chemist: B.S. 1967. Seeking R & D position doing materials analysis and characterization. No agencies please. Box 159, SCIENCE. 4/2, 9, 16, 23

Anatomist, Ph.D. (gross, embryology, histology). Currently medical school faculty member, with teaching and research experience. Publications. Seeks teaching position with time for research activities. Box 160, SCIENCE. X

Aquatic Ecologist, Ph.D. Emphasis on freshwater fishes. Teaching, consulting experience. Three years of experience with environmental impact analysis for a broad range of industrial projects. Seeks teaching (general biology, ecology, ichthyology) or applied research position. Box 145, SCIENCE. X

Aquatic Plant Physiologist/Biologist, Ph.D. Five years of research experience in biological and chemical aquatic pest management and ecology of aquatic systems, water quality, and so forth. Box 161, SCI-ENCE. X

Biochemist. Ph.D. Years of teaching and postdoctoral experience in cancer research: human cancer, chemical carcinogenesis, enzymes, tissue culture. Publications. Seeks teaching/research position in industry, hospital, college/university. Available after June. Box 162, SCIENCE. X

Biochemist, Ph.D., Rochester, 1963. Transfer RNA chemistry, nucleic acids, antimetabolites, medical school teaching. Seeks university/college or private research position, anywhere. Dr. R. D. Faulkner, 2424 North Ridge Drive, Gautier, Mississippi 39553. Telephone: 601-497-4466. 4/2, 9

Biochemist/Nutritionist. Ph.D. Extensive research and administrative experience. Grants/contracts. Forty-five plus publications. Interests: vitamins (biochemistry/nutrition/pharmacology); metabolism (intermediary/disorders): CNS; behavior (biochemical correlates/nutrition); interactions (drugs/nutrients); environmental; and so forth. Presently director, research laboratory. Seeks challenging position: government/academic/industry. Box 163, SCIENCE. X

POSITIONS WANTED

Biostatistics, behavior measurement. Ph.D. Psychology/mathematics, postdoctoral anatomy/physiology. Twelve years of experience consulting, teaching applied statistics, modeling in biology, psychology, and medicine. Lab experience in animal learning, brain-behavior analysis, electrophysiology, preference testing. Publications. Seeking position with some fieldwork. Box 164, SCIENCE. X

Ecologist/Botanist, M.Sc. with diverse background including considerable experience in land use planning, soils, environmental impact, aerial photo analysis. Seeks consulting/research/administrative position. Publications. B. Kershner, 163-C Foster Drive, Willimantic, Connecticut 06226. X

Fisheries Biologist: recent Ph.D. desires position in warm water fish culture, fish nutrition, and pond management. Teaching and research experience in fish nutrition, culture, and biochemistry. Publications. Box 165, SCIENCE. X

Medicinal Chemist, molecular pharmacologist full professor, multilingual Canadian with European background, seeks senior academic or research position. Vigorous research program, numerous publications, industrial and administrative experience. Willing to relocate, including overseas. Box 166, SCI-ENCE. X

Physiology/Neurobiology/EM. Medical school interdisciplinary dual Ph.D., postdoctorate of prominent membrane morphologist, publications. Fundable research on model membranes. Telephone: 919-684-4124, extension 36. X

POSITIONS OPEN

ASSISTANT PROFESSOR, to begin fall 1976. Ph.D. in anatomy and/or physiology to coordinate allied health programs and to teach in biology program. Application deadline 23 April. Applicants should arrange to have transcripts, three letters of evaluation, and résumé sent to: Dr. T. Rambo, Department of Biological Sciences, Northern Kentucky State College, Highland Heights, Kentucky 41076. An Equal Opportunity/Affirmative Action Employer.

The University of Minnesota Medical School, Minneapolis, invites nominations and applications for a faculty position at the rank of ASSOCIATE PROFES-SOR OR PROFESSOR for an endowed chair in the field of rheumatic diseases. This position requires a physician-medical scientist holding the M.D. degree; Ph.D. degree in addition is desirable, but optional. Specialty training and postdoctoral fellowship or equivalent research training are desirable. Candidates should have clinical and research experience in basic mechanisms of pathogenesis of connective tissue diseases. Leadership in academic medicine should be demonstrated by scientific research and strong commitment to undergraduate and graduate medical education. Inquiries, including a curriculum vitae, should be sent to Dr. Alfred Michael, Chairman of Search Committee, Department of Pediatrics, Mayo Box 491, University of Minnesota Medical School, Minneapolis, Minnesota 55455. An Equal Opportunity/Affirmative Action Employer.

The City College of the City University of New York, Department of Biology. Applications are invited for a position at the **ASSISTANT PROFESSOR** rank beginning fall 1976. Applicants must have a Ph.D. in biology, proven research ability, and teaching experience. The candidates must be qualified to teach undergraduate courses, as well as specialty areas at the graduate level. The department seeks an individual with research experience in any one of the following areas: (i) animal behavior, preferably of marine invertebrates; (ii) cellular or molecular biology; or (iii) biostatistics-biomathematics. The major research interests of the department are behavioral and environmental sciences. Interested persons should send letter of application, curriculum vitae, and names of three references by 1 May to: Professor Paul L. Krupa, Secretary, Executive Committee, Department of Biology, City College of the City University of New York, 138th Street and Convent Avenue, New York, New York 10031. An Equal Opportunity/ Affirmative Action Employer.

ARTIFICIAL ORGANS AND NEUROPROSTHESES

A large and prestigious New York medical school and teaching hospital is seeking an established inves-tigator to implement a program for developing and testing neuroprostheses. Minimal requirements include an earned doctorate

in bioengineering or other field related to neuropros-thesis development. Basic support and academic ap-pointment will be determined by salary history and record productivity. Send curriculum vitae and bibliography with repre-

sentative reprint to:

Box 167, SCIENCE Affirmative Action and Equal Opportunity Employer

Applications are invited for an appointment at the **ASSISTANT PROFESSOR** level (depending on qualifications) in the Radiobiology Section of the Department of Human Oncology, Wisconsin Clinical Cancer Center of the University of Wisconsin. This will be a full-time appointment with responsibilities for teaching undergraduate and graduate students. be a full-time appointment with responsibilities for teaching undergraduate and graduate students, as well as maintaining a strong independent research program. Please send curriculum vitae to: R. E. Du-rand, Chairman, Radiobiologist Search Committee, University of Wisconsin, 420 North Charter Street, Madison, Wisconsin 53706. Apply by 1 May 1976.

Equal Opportunity/Affirmative Action Employer

Two full-time positions, Department of Pharmacology, ASSOCIATE AND ASSISTANT PROFESSOR levels. Candidate must be Ph.D., proficient in teaching medical and graduate students with research accomplishments essential. Women and minorities encouraged. All applicants send curriculum vitae, bibliography, and pames of three references to: ography, and names of three references to: Chairman, Department of Pharmacology, University of Health Sciences, Chicago Medical School, 2020 West Ogden Avenue, Chicago, Illinois 60612. An Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR OF MEDICINE (biochem istry) working on a collaborative research project involving the biochemistry of animal virus replication, transcription, and cell transformation. Knowledge of protein and nucleic acid chemistry is essential. Yale University and the Department of Medicine are Af-firmative Action/Equal Opportunity Employers. We encourage applications from qualified women and minority group members. Applications received within a month of the appearance of this ad will be considered. considered.

Send curriculum vitae, reprints, and names of three references to:

Dr. William Konigsberg Department of Molecular Biophysics and Biochemistry Yale University 333 Cedar Street New Haven, Conn. 06510

ASSISTANT/ASSOCIATE PROFESSOR PHYSICAL OCEANOGRAPHER

Applications are invited for a teaching and re-search position as physical oceanographer at the University of Rhode Island, starting I July 1976. Sev-eral years of experience with a demonstrated capaceral years of experience with a demonstrated capac-ity for outstanding research in an area such as the dy-namics of the upper ocean, ocean currents, shelf cir-culation, and/or estuarine processes is desirable. A new research vessel will provide an excellent facility for developing seagoing programs. Reply with ré-sumé and three letters of recommendation to Profes-sor Thomas Rossby, Chairman of Search Committee, Graduate School of Oceanography, Kingston, R.I. 02881. 02881

An Affirmative Action/Equal Opportunity Employer

ASSISTANT PROFESSOR, PLANT ECOLOGY. We ASSISTANT PROFESSOR, PLANT ECOLOGY. We are seeking a Ph.D. with a rare balance of human in sight, professional competence, and commitment to undergraduate teaching excellence, to teach in the areas of dendrology, plant ecology and physiology, and introductory forestry. Send professional résumé and letter to Dr. Philip Nanzetta, Dean, Faculty of Natural Sciences and Mathematics, Stockton State College, Pomona, N.J. 08240. Equal Opportunity Em-ployer. ployer.

ASSISTANT/ASSOCIATE PROFESSORSHIP: The Department of Pharmacology is being reorganized under a new chairman. In anticipation of new faculty positions to be created, applicants with a strong in-terest and research record in biochemical pharmacology may send curriculum vitae to:

ogy may send curriculum vitae to: Dr. David B. Ludlum, Chairman Department of Pharmacology Albany Medical College Albany, New York 12208 An Equal Opportunity/Affirmative Action Employer

Applications are invited for a faculty position (AS-SISTANT PROFESSOR) beginning September 1976 in COMPARATIVE ANATOMY OF VERTE-BRATES. Teach traditional comparative anatomy of vertebrates and graduate mammalian anatomy, devertebrates and graduate mammalian anatomy, de-velop an active research program, and direct gradu-ate research. Ph.D. and a record of excellence in col-lege teaching and research is required. Application deadline is 23 April. Send letter of application, cur-riculum vitae, complete transcript, outline of re-search plans, and three letters of recommendation to: Dr. C. D. Brown, Chairman, Department of Biol-ogy, Memphis State University, Memphis, Tennessee 38152. Equal Opportunity Employer, MIF.

TWO POSITIONS IN ANATOMY

Two assistant professors, Ph.D. or M.D. with post-doctoral research and teaching experience and abili-ty to develop independent research program; one with teaching interest in gross anatomy, and the other in microscopic anatomy, and the oth-er in microscopic anatomy. Send curriculum vitae to Dr. G. Gordon Robertson, Department of Anatomy, University of Tennessee Center for the Health Sci-ences, Memphis, Tennessee 38163. Equal Opportunity/Affirmative Action Employer

ASSISTANT PROFESSOR AQUATIC ECOLOGY

Aquatic ecologist (fish biologist) position available August 2006 Responsibilities: participation in lec-ture, laboratory, and field offerings of undergraduate curriculum in fisheries management; development of Ph.D. and publications required. Please send a cur-riculum vitae, transcripts, reprints, a summary of re-search interests, and three letters of recommenda-tion to: tion to:

Dr. W. L. Minckley Chairman, Search Committee Department of Zoology Arizona State University Tempe, Arizona 85281 Application deadline: 18 April 1976

Arizona State University is an Equal Opportunity/ Affirmative Action Employer.

Department of Biochemistry and Molecular Biology The University of Oklahoma Health Sciences Center

Faculty position of ASSISTANT PROFESSOR or Faculty position of ASSISTANT PROFESSOR or higher, depending on qualifications, in biochemistry and molecular biology. Applicant should have dem-onstrated research ability in the general area of im-munobiochemistry. Teaching of medical and dental biochemistry students and in the graduate biochemis-try program is expected. Preference will be given candidates who have particular training and experi-ence in the area of immunochemistry as a tool, in protein characterization, or in tumor biology. Send names of four references and curriculum

Send names of four references and curriculum Send names of four references and curriculum vitae to: Head, Department of Biochemistry and Mo-lecular Biology, The University of Oklahoma Health Sciences Center, P.O. Box 26901, Oklahoma City, Oklahoma 73190. The University of Oklahoma is an Affirmative Action Employer.

ASSISTANT PROFESSOR OF BIOLOGY, LAKE BIOLOGIST wanted to develop a research program in freshwater biology. Ph.D. and working experi-ence with large bodies of water is essential. Send ré-sumé and three letters of recommendation to:

Dr. Harold W. Manner Department of Biology Loyola University 6525 North Sheridan Road Chicago, Illinois 60626 Deadline date: 1 May 1976.

POSITIONS OPEN

ASSISTANT OR ASSOCIATE PROFESSOR MARINE AND ATMOSPHERIC SCIENCE

The University of Miami, Rosenstiel School of Marine and Atmospheric Science, invites applica-tions for a faculty position at a level which will de-pend on the applicant's qualifications. Preference will be given to candidates with a strong interest in

will be given to candidates with a strong interest in the modeling of climates and in atmosphere/ocean in-teractions on climatic time scales. Though the em-phasis is on research, the position also involves some teaching and supervision of graduate students. The appointment will be in the Division of Atmo-spheric Science, but there is strong interest in cli-mate modeling also in the School's other divisions (Geology and Geophysics, Physical Oceanography, Biology and Living Resources). Besides University computing facilities there is access to the National computing facilities there is access to the National enter for Atmospheric Research computing facility through a local terminal.

Please address applications or inquiries with four references to the chairman of the search committee:

Dr. Rainer Bleck University of Miami Division of Atmospheric Science P.O. Box 249115 Coral Gables, Florida 33124

An Affirmative Action/Equal Opportunity Employer

BIOCHEMISTRY. Faculty positions at the assistant professor level. Candidates should have a Ph.D. and 2 years of postdoctoral experience or equivalent with demonstrated abilities in teaching and research. Preference will be given to individuals with strong backgrounds in fundamental biochemical disciplines who will develop research programs in cellular regu-lation, organelle function or biogenesis, neuro-biochemistry, or growth and differentiation of eu-karyotic cells. Send curriculum vitae, a coherent and comprehensive plan for future research, and names of three references to: Search Committee, Depart-ment of Biochemistry, Medical School, 227 Millard Hall, University of Minnesota, Minneapolis, Minne-sota 55455. An Equal Opportunity Employer.

BIOLOGIST—Ph.D. to teach a course in cell biology and other related areas such as development and/or genetics. The person should be willing to assist in general biology in the future. Rank of assistant professor. Curriculum vitae, transcripts, and three letters of reference should be sent before 23 April to: Edward G. Horn, Chairman, Biology Department, Russell Sage College, Troy, N.Y. 12180. An Equal Opportunity/Affirmative Action Employer.

BIOCHEMIST

Merck Sharp & Dohme Research Laborato-Merck Sharp & Dohme Research Laborato-ries is presently offering a unique career op-portunity for a capable individual with a Ph.D. in biochemistry with 5 to 10 years of postdoctoral experience. Candidates must have a working expertise in protein, glycopro-tein, and polysaccharide biochemistry, with interest in preventive medicine applications. Selected candidates must also possess ability to work in a team effort in the field of vaccine research. research.

You can expect a salary commensurate with experience, a complete benefit program, and a challenging opportunity to work in a stimu-lating and professional environment at our suburban Philadelphia location.

Please send summary of training and experi-ence, date available, and minimum salary expected to:

DONAL E. JACKSON **MERCK SHARP &** DOHME RESEARCH LABORATORIES Division of Merck & Co., Inc. West Point, Pa. 19486

An Equal Opportunity Employer

SCIENCE, VOL. 192

BIOGEOGRAPHER

Applications are invited for a position at the rank of Applications are invited for a position at the rank of assistant professor, Department of Geography, St. George Campus, University of Toronto, beginning 1 September 1976. The successful candidate will be ex-pected to develop and teach courses in natural envi-ronmental systems with special emphasis on the spa-tial organization of the biosphere. He/she will work closely with the physical geography and resource management interests in the Department, including involvement in the teaching of introductory geo-morphology. Preference will be given to candidates with a demonstrated interest in ecosystems, both natural and man-modified. The candidate must have a Ph.D. in geography or another appropriate field. A a Ph.D. in geography or another appropriate field. A letter of application with curriculum vitae and the names of three referees should be sent to **Professor J. Spelt, Chairman, Department of Geography, Uni-versity of Toronto, Toronto, Canada M5S 1A1.** Appli-cations should be submitted before 1 May 1976.

BIOPHYSICAL POSTDOCTORAL position avail-BIOPHYSICAL POSTDOCTORAL position avail-able summer or fall for spectroscopic investigations of drug-nucleic acid complexes using FT-NMR, cir-cular dichroism, fluorescence, fluorescence-de-tected circular dichroism, and visible spectroscopic techniques. Interested applicants should submit cur-riculum vitae, transcript, and three letters of recom-mendation to Dr. Thomas R. Krugh, Department of Chemistry, University of Rochester, Rochester, New York 14627.

Position for BIOPHYSICIST OR PHYSICAL CHEM-IST to continue and expand a strong research pro-gram investigating biophysical and biochemical as-pects of low-temperature stress and its effects on horticultural plants. Should have training or experi-ence in plant science, horticulture, and cryobiology, or should have a deep interest in these areas. Must or should have a deep interest in these areas. Must be able to function in a cooperative team research sit-uation. The scientist will also be required to teach and to advise graduate students. The appointment (12 months) will be at assistant professor in the Labo-ratory of Plant Hardiness, Department of Horticultur-al Science, University of Minnesota, St. Paul, Minn. 55108. Address inquiries to: C. Stushnoff, Chairman of the Search Committee. Telephone: 612-373-1030. Completed applications due 23 April 1976. The Uni-versity of Minnesota is an Equal Opportunity/Af-firmative Action Employer and welcomes applica-tions from women and minority groups.

CARDIOVASCULAR PHYSIOLOGIST

The Department of Physiology of Northwestern University Medical Center invites applications for a faculty position at the assistant professor level in the field of cardiovascular physiology. The applicant should have 2 to 3 years of postdoctoral experience in an area related to cardiovascular system. The can-didate will be required to develop an independent research program in mammalian cardiovascular physi-ology and will be responsible for teaching cardiovas-cular physiology to both medical and dental students. Interested individuals should send curricu-lum vitae and names of three references to:

Dr. O. Hechter, Chairman Department of Physiology Northwestern University Medical School 303 East Chicago Avenue Chicago, Illinois 60611

Northwestern University is an Equal Opportunity/ Affirmative Action Employer.

Stanford Medical School, CHAIRPERSON, Department of Pharmacology, a Basic Science De-partment responsible for research and for teachpartment responsible for research and for teach-ing of medical and graduate students, in both molecu-lar and general pharmacology. Applicants will be evaluated on the basis of stature in the national re-search community, proven teaching ability, and ad-ministrative competence. Potential effectiveness in cooperating with members of clinical departments in teaching clinical pharmacology is also essential. Send applications, including up-to-date résumé, bib-liography, and the names of at least three references to: Search Committee for Pharmacology, c/o Dean's Office, Stanford University Medical School, Stanford, California 94305. Stanford University is an Equal Opportunity Employer, and welcomes nominations of women and minority group members and applica-tions from them.

POSITIONS OPEN

BIOPHYSICIST/VIROLOGIST

The biophysics program at Western Ken-The biophysics program at Western Ken-tucky University anticipates an August open-ing for an **assistant professor**. Duties would likely include half-time (6 hours) in an under-graduate and master's level biophysics pro-gram and half-time research. Ph.D. required; salary dependent upon experience. Appli-cants with demonstrated abilities in molecu-pate biolecu and memolian cell wirelow are cants with demonstrated abilities in molecu-lar biology and mammalian cell viriology are preferred. A funded investigation of certain environmental effects on human viruses, housed in a new mammalian cell virus labora-tory, is in its second year. Send letter of ap-plication, complete résumé including course work in physics biophysics physiology mowork in physics, biophysics, physiology, mo-lecular biology, cell biology, and virology, and the names and addresses of three profesand the names and addresses of three profes-sional references to: Dr. Thomas P. Ph.D. with training in biostatistics and background or interest in agricultural science are required. Duties will include teach-ing, consulting, and research in experimental de-signs and applied statistics. Submit curriculum vitae, signs and applied statistics. Submit curriculum vitae, transcripts, and list of publications, and request three letters of reference be sent to W. A. Williams, Department of Agronomy and Range Science, Univer-sity of California, Davis, California 95616. Telephone: 916-752-2474. Applications may not be considered if received after 1 May 1976. Equal Opportunity Em-ployer with an Affirmative Action Program.

MEDICAL SCHOOL FULL-TIME FACULTY POSITION

The new and rapidly expanding University of Mis-souri-Kansas City Medical School has an opening for a full-time faculty physician who will be respon-sible for teaching and patient care. Time and facilisible for teaching and patient care. Time and facili-ties for research are available. Needed is a general internist, or an internist with primary interest in pul-monary disease, gastroenterology, renal disease, or infectious disease. For further information, please contact Dr. Lee Langley, University of Missouri-Kansas City School of Medicine, 2411 Holmes Street, Kansas City, Missouri 64108. An Equal Opportunity Employer. Employer.

KING ABDULAZIZ UNIVERSITY JEDDAH, SAUDI ARABIA

Requires faculty and staff for its College of Engineering, essentially for undergraduate teaching assignments during 1976–77 and onward. The language of the college is English.

FACULTY

Positions available are in the subjects of physics, chemistry, mathematics, computer science, engi-neering graphics, architectural free-hand drawing, and areas of chemical, civil, electrical, industrial, and mechanical engineering.

Minimum qualification is Ph.D. in the related dis-cipline. Level of appointment will depend on years of teaching and allied experience. Those involved in research will be encouraged to continue but without significant experimentation support.

STAFF

These are technician positions for teaching laborato-ries listed above and also for general-purpose workshops.

Qualifications expected are standard technical school certificates with extensive experience in any one of the laboratories or workshops and also in the

following fields: Draftsman—architectural, structural, mechanical. Library—classification and cataloging. Stores—receipts and issues. Administration of cooperative work-study pro-

TERMS

1) The pay scales of the University are com-parable with those of the United Kingdom and United States.

2) Furnished, free accommodation is provided or handsome allowance in lieu is paid.
3) There is no income tax.
4) Up to four return air travel tickets are issued for

4) Up to four return air travel tickets are issued for use of employee and direct family during the sum-mer vacation which is fully paid.
5) All expatriate employees are first employed on 1-year contract, extendable.

MODE OF APPLICATION

Please apply on plain paper specifying the position for which you wish to be considered and enclosing your curriculum vitae with names of two referees, copies of all diplomas and certificates, and a latest passport-size photograph to:

College of Engineering King Abdulaziz University P.O. Box 1540 Jeddah, Saudi Arabia

by registered air mail on or before 30 April 1976. Please make your application as complete as pos-sible, otherwise we will have to send you our application blank and enter into correspondence which may delay our decision.

INTERVIEW

Applicants will be interviewed during June and July 1976 as close to towns of residence as may be pos-sible. Travel ticket will be paid to those called for in-terview.

POSITIONS OPEN

UNIVERSITY OF CALIFORNIA, BERKELEY, SEEKS DIRECTOR OF COMPUTING

Responsibilities include policy formulation and eval-Responsionlines include poincy formulation and evaluation of campus and off-campus computing services to advise the administration, administer the campus computing budget, provide liaison between segments of the computing community, the administration, and appropriate external agencies. Position may be combined with a small percentage of time in a faculty capacity.

Qualifications: demonstrated managerial experience and ability, capability of performing the functions outlined above, experience and stature in the field of computing.

Salary range: \$27,100 to \$40,700.

Applications should include full professional résumé and names of five references and should be sent to **Professor E. A. Hammel, Chairman, Search Com** Torisson D. A. Halman, Chalman, Californian, Colleges, University of California, Berkeley, Califor-nia 94720, by 15 May 1976.

The University of California is an Equal Opportu-nity/Affirmative Action Employer. Minority and women candidates are encouraged to apply.

The Multi-County Comprehensive Mental Health Center, located at Tullahoma, Tennessee, will re-ceive applications for the position of **EXECUTIVE DIRECTOR** until 1 July 1976. Suggested qualifica-tions for this position are: strong administrative/ managerial background, preferably in the mental health field. health field.

Please forward résumé, salary requirements, and other pertinent documents to Stuart Lusty, Jr., Multi-County Comprehensive Mental Health Center, 1803 North Jackson Street, Tullahoma, Tennessee 37388. An Equal Opportunity Employer

EXTENSION APICULTURIST (position No. **EXTENSION APICULTURIST** (position No. 7608)—Full-time extension position at the University of California, Davis. Ph.D. or equivalent in entomology required with training in apiculture and pollination. Practical beekeeping experience would be helpful. Provide educational programs in apiculture and pollination to commercial apiculturists, commodity groups, pesticide fieldmen, and farm advisers. Conduct applied research and demonstrations. Applications accepted until 1 May 1976. Send résumé or inquiry to: Kendall J. Engelund, Assistant Director, Personnel, Division of Agricultural Sci-ences, University of California, 2200 University Ave-nue, Berkeley, California 94720. An Equal Opportunity Employer

FACULTY POSITION-MICROBIOLOGY. The Department of Microbiology at The University of Chicago would welcome inquiries from candidates wishing to join its faculty. We are particularly interested in persons with doctoral and postdoctoral training in either (i) plasmid microbiology including studies of the role of R factors in drug-resistant and infectious diseases or (ii) those aspects of cell biology relevant to the departmental interest including the molecular biology of the eukaryotic gene. Candidates should have a primary interest in research but be prepared to participate in the teaching activities of the department. Interested individuals should send their curriculum vitae, list of publications, and the names of three references to: Dr. Bernard Strauss, Chairman, Department of Microbiology, University of Chicago, 920 East 58 Street, Chicago, Illinois 60637. From the time of its original charter, the principle of The University of Chicago has been to appoint scholars without regard to race, color, religion, sex, or national origin.

POSITIONS OPEN

ENVIRONMENTAL TOXICOLOGY

Three postdoctoral traineeships available in environ-mental toxicology for citizens or permanent resi-dents of the United States with backgrounds in bac-teriology, food science, soil science, chemistry, pa-thology, toxicology, or related fields. Salary range is \$10,000 to \$13,200 depending upon prior post-doctoral experience. Over 20 faculty members par-ticinating in program. Send résumé transcripts and ticipating in program. Send résumé, transcripts, and two letters of reference by 1 May 1976 to Dr. R. D. Hinsdill, Center for Environmental Toxicology, Room 23, Bacteriology Building, University of Wisconsin, 1550 Linden Drive, Madison, Wisconsin 53706.

An Equal Employment Educational Institution (Title IX/Title VI)

FACULTY POSITION IN ZOOLOGY

The Department of Zoology at DePauw Universi-The Department of Zoology at DePauw Universi-ty invites applications from qualified individuals for a faculty position beginning August 1976. Teaching responsibilities will include introductory courses in genetics and zoology and the development of an ad-vanced course in the individual's area of specialty. Ph.D. required; assistant professor rank. Send cur-riculum vitae, and three references to **Chairman. De**riculum vitae, and three references to Chairman, De-partment of Zoology, DePauw University, Green-castle, Indiana 46135.

ACADEMIC POSITION IN FORENSIC CHEMISTRY

Faculty position available September 1976 at the In-stitute of Chemical Analysis, Applications and Fo-rensic Science–College of Criminal Justice, North-eastern University. Requirements include a Ph.D. degree; forensic laboratory experience, and a record of research accomplishments. Backgrounds in tox-icology or criminalistics are preferred. Rank and sal-en will be determined by culfactione. Places can ary will be determined by qualifications. Please send a résumé, names of three references, and a brief syn-opsis of future research plans to Dr. Barry L. Kar-ger, 341 Mugar Building, Northeastern University, Boston, Massachusetts 02115. Northeastern University is an Equal Opportunity/Affirmative Action Emplover.

GENETICIST. Postdoctoral experience and/or out-standing research potential required. Undergraduate teaching in genetics and general zoology, graduate teaching in area of research competence. Position available January or July 1977; assistant professor rank. Please send biographical summary, publica-tions, and three letters of reference to J. C. Lucchesi, Department of Zoology, University of North Carolina, Chapel Hill, N.C. 27514, by 1 November 1976. The University of North Carolina is an Affirmative Ac-tion/Equal Opportunity Employer.

GEOPHYSICIST Department of Earth Sciences University of California, Riverside 92502

Applications are invited for a faculty position as assistant professor of geophysics. A Ph.D. is a pre-requisite. The position will be available beginning with the 1976–77 academic year, and it will be 50 per-cent in the department of Earth Sciences and 50 per-

cent in the department of Earth Sciences and So par-cent research appointment in the University's Agri-cultural Experiment Station. Duties will include research and teaching both un-dergraduate and graduate classes. A broadly based person is desired who has teaching interests in applied geophysics and research interests in fields such as groundwater, engineering geology, well logging, and so forth.

A complete résumé, including the names of three references, should be sent to: Dr. L. H. Cohen, Chairman, Search Committee

Dr. L. H. Conen, Chairman, search Committee Department of Earth Sciences University of California Riverside, California 92502 The University of California is an Equal Opportu-

nity Employer.

A full-time Ph.D. NEUROCHEMIST is being sought for the position of assistant research neurologist in the Reed Neurological Research Center, UCLA School of Medicine. Applicant needs demonstrated ability with heavy metal toxicology, radiochemical techniques in brain slices, and chemical fractions, lipid chemistry, and enzymology. Applicants should submit a curriculum vitae and reprints to Pieter Kark, M.D., Assistant Professor of Neurology, Reed Neurological Research Center, University of Californ-nia School of Medicine, Los Angeles, California 90024. UCLA is an Equal Opportunity/Affirmative Action Employer and is desirous of receiving appli-cations from minority and women candidates as well as from other qualified people.

SCIENCE, VOL. 192

HEAD OF DEPARTMENT OF BIOCHEMISTRY Applications are invited from biochemists for posi-tion as professor and head of the Department of Bio-chemistry, University of Rochester, School of Medi-cine and Dentistry, Rochester, New York. Inter-ested individuals should send copies of their curriculum vitae and bibliography to: Dr. Paul Horo-wicz, Chairman, Biochemistry Search Committee, De-partment of Physiology, University of Rochester Medi-cal Center, 601 Elmwood Avenue, Rochester, N.Y. 14642. 14642

An Equal Opportunity/Affirmative Action Employer

HUMAN BIOLOGY INSTRUCTOR—M.S. with graduate course work in human anatomy and physi-ology required; some college teaching experience preferred. Temporary position for 1976–77 academic year; may be extended for an additional year. Send résumé to: Dean Regina Tauke, Northampton Coun-ty Area Community College, 3835 Green Pond Road, Bethlehem, Pa. 18017. An Equal Opportunity Em-ployer plover

INSTRUCTOR OR ASSISTANT PROFESSOR IN PHYSIOLOGY. Medical school teaching experience for first-year students required. Participation in gradfor first-year students required. Participation in grad-uate school program available. Background of mam-malian CNS research desirable. Rank and salary commensurate with training and experience. Individ-uals should promptly send a complete résumé and have four letters of recommendation forwarded to Dr. Alvin S. Levine, Director, Indiana University School of Medicine, Terre Haute Center for Medical Education at Indiana State University, Terre Haute, Indiana 47809. Indiana University is an Equal Op-portunity/Affirmative Action Employer.

INSTRUCTOR OF BIOLOGY

Master's degree in biology required. Direct and coordinate freshman biology lectures and labs. Labo-ratory coordination experience desired. Send cur-riculum vitae, transcripts, and three letters of referriculum vitae, transcripts, and three letters of refer-ence to Gail Doell, Department of Biology, Texas Christian University, Fort Worth, Texas 76129. Appli-cation deadline is 15 April 1976. Texas Christian Uni-versity is an Equal Opportunity/Affirmative Action Employer and as required by Title IX and other laws and regulations, does not discriminate on the basis of sex, race, or ethnic origin.

NEUROPHYSIOLOGIST AND REPRODUCTIVE PHYSIOLOGIST

Two faculty positions available September 1976. Applicants preferably with postdoctoral experience who have demonstrated productive research with some teaching experience are invited to apply. Send curriculum vitae and names and addresses of three references to Dr. H. Mizukami, Division of Regu-latory Biology and Biophysics, Department of Biol-ogy, Wayne State University, Detroit, Michigan 48202.

An Equal Opportunity Employer

The Laboratory of Nuclear Medicine and Radi-ation Biology and the Department of Radiological Sciences, University of California, Los Angeles, in cooperation are seeking candidates to develop a re-search program in biomedical engineering in support of nuclear medicine and biology. Applicants should have had appropriate experience in electronics, com-nuer and radiation sensing technology and their aphave had appropriate experience in electronics, com-puter and radiation sensing technology, and their ap-plication to computed positron and gamma pomogra-phic devices. Send résumé to Laboratory Personnel Officer, Laboratory of Nuclear Medicine and Radi-ation Biology, 900 Veteran Avenue, Los Angeles, Cali-fornia 90024. An Equal Opportunity/Affirmative Ac-tion Employer. Résumés received prior to 5 May will be considered will be considered.

PLANT ECOLOGIST. Applications are invited for a faculty position at the assistant professor level in plant ecology. The position will involve instruction at the graduate and undergraduate levels. The appli-cant will be expected to develop a strong research program. Send résumé including research interests, transcripts, and names of three references to:

Dr. R. H. Hamilton 202 Buckhout Laboratory Department of Biology The Pennsylvania State University University Park, Pa. 16802

POSITIONS OPEN

UNIVERSITY OF CAMBRIDGE

The Appointments Committee hopes soon to be in a position to appoint a UNIVERSITY LECTURER in the Department of Experimental Psychology and ap-plications are invited for this office. The initial appointment will be for 3 years from 1 October 1976. The pensionable stipend for a univer-sity lecturer is on a scale of £4398 to £6878 a year with initial placing above the minimum where appro-priate. There is no grade of senior lecturer. A grant is made toward removal expenses. Candidates should send 12 copies of their applica-tion, together with names of not more than three ref-

Candidates should send 12 copies of their applica-tion, together with names of not more than three ref-erees, to G. R. Anderson, General Board Office, The Old Schools, Cambridge, England CB2 11T, from whom further information about the interests and teaching needs of the Department may be obtained, to arrive not later than 12 April 1976.

DEPARTEMENT DE PHYSIQUE POSTES DE PROFESSEURS EN ASTRONOMIE OPTIQUE

Deux postes de professeurs sont maintenant dis-ponibles au Département de physique de l'Université de Montréal. Les candidats devront ac-cepter de participer à la mise au point de l'équipement scientifique d'un nouvel observatoire astronomique dont l'instrument principal sera un té-lescope d'environ 1.5-mètre d-ouverture. Ils contrib-ueront aussi aux programmes de rechereche et d'enseignement du Département.

L'engagement pourra se faire dès l'été 1976. Le rang académique (adjoint, agrégé ou titulaire) et le traite-ment sont en raison des qualifications et de l'expérience.

Les personnes intéressées sont priées de faire parve-nir leur curriculum vitae, les noms de deux répondants, et toute autre documentation, à l'adresse sui-vante:

Le Directeur Département de physique Université de Montréal C.P. 6128 Montréal, Québec, Canada

PLANT ANATOMIST-MORPHOLOGIST MICHIGAN STATE UNIVERSITY

The Department of Botany and Plant Pathology, Michigan State University, invites applications from outstanding candidates with training in plant anato-my and morphology. Appointment at the level of **as-sistant professor** will begin in September 1976. The position involves teaching undergraduate plant mor-phology teaching anatomy for advanced under position involves teaching undergraduate plant mor-position involves teaching undergraduate plant mor-phology, teaching anatomy for advanced under-graduates and graduates, and developing a strong re-search program in plant anatomy-morphology or re-lated area. In filling the position the Department will place very high priority on evidence of teaching com-petence and dedication. A person with appropriate interest and experience could also have responsi-bility for the greenhouses used to teach botany. Ap-plicants should submit a curriculum vitae, bibliogra-phy, statement of teaching and research experience and objectives, and have three letters of recommen-dation sent to: Dr. John H. Beaman, Department of Botany and Plant Pathology, Michigan State Universi-ty, East Lansing, Michigan 48824. Closing date for receipt of applications is 15 April 1976. Michigan State University is an Affirmative Action/Equal Op-portunity Employer. portunity Employer.

POSITION AVAILABLE

The Department of Entomology, Purdue Universi-ty, has an academic staff position available with pri-mary responsibilities for teaching entomology at the undergraduate level. Training must include a strong background in entomology and a broad base in re-lated areas of science. The individual should have an overriding interest in the education of career ento-mologity with a commitment to an undergraduate mologists with a commitment to an undergraduate teaching program. In addition to the teaching func-tion the appointee will have opportunity to conduct research and supervise graduate students

Salary is to be commensurate with training and ex-perience. Send detailed résumé including transcripts and three letters of recommendation to:

Eldon E. Ortman Department of Entomology Purdue University West Lafayette, Indiana 47907

Applications will be received until 5 April 1976. An Equal Opportunity Employer; Purdue Universi-ty is an Equal Access/Equal Opportunity Employer.

POSITIONS OPEN

The Harvard-MIT Program in Health Sciences and Technology is seeking to appoint one or more in-dividuals well qualified to teach and to do research in physically oriented **PHYSIOLOGY**. The teaching re-sponsibilities involve courses in physiology designed for students who are candidates for the M.D. degree or are candidates for master's and doctoral degrees in biomedical physics and biomedical engineering.

The search committee is seeking creative schol-ars, actively engaged in research, who would be es-pecially productive in their interactions with life scipecially productive in their interactions with life sci-entists and with physical scientists and engineers. These physiologists will be housed in laboratories at MIT. As faculty members in the Health Sciences and Technology Program, they may also hold joint appointments in appropriate departments of Har-vard and/or MIT. The search committee is interested in learning of possible candidates at senior and ju-nior faculty levels. nior faculty levels.

Applications and nominations of possible can-didates should include a curriculum vitae, bibliogra-phy, and names of references, and should be sent to Dr. Irving M. London, Director, Harvard-MIT Pro-gram in Health Sciences and Technology, 77 Massa-chusetts Avenue, Cambridge, Massachusetts 02139.

Affirmative Action/Equal Opportunity Employer. Minority and women candidates are encouraged to apply.

POPULATION BIOLOGIST

Assistant or associate professor in biology. Candidate will be expected to teach at the undergraduate level a population genetics-evolution and a plant sciences course alternately, and participate in in-troductory courses. Position available September 1976, contingent on state appropriations. Candidate must be able to develop and maintain an active re-search program. Postdoctoral research and teaching experience desirable. Applicants must submit cur-riculum vitae, three letters of recommendation, and transcripts to: Faculty Search Secretary, College of Arts, Sciences and Letters, The University of Michi-gan-Dearborn, Dearborn, Michiga 48128. A nondiscriminatory. Affirmative Action Employer

POSTDOCTORAL POSITION available immediate-(PEN), a viral infection of marine fish. A back-(PEN), a Viral infection of marine hsh. A back-ground in virology and cell culture is essential. Expe-rience in EM is desirable, \$10,000 per year. Send cur-riculum vitae and three letters of reference to: Dr, Bruce L. Nicholson, Department of Microbiology and Migratory Fish Research Institute, Hitchner Hall, University of Maine, Orono, Maine 04473. An Equal Opportunity/Affirmative Action Employer.

POSTDOCTORAL POSITION immediately available for research on fatty acid metabolism in heart and its regulation. Send résumé to Dr. H. Schulz, City College of the City University of New York, Department of Chemistry, Convent Avenue at 138th Street, New Yo'rk, N.Y. 10031.

POSTDOCTORAL RESEARCH ASSOCIATE: \$11,000 per year, starting 1 June 1976. Individual must have interest in viral pathogenesis and host-vi-rus interaction. Experience in virology tissue culture and biochemistry desirable. Send résumé and letters of recommendation to: Dr. Roger M. Loria, Micro-biology Department, MCV Station, Box 847, Rich-mond, Va. 23298.

POSTDOCTORAL POSITIONS

Available for 1 year beginning April to October Available for 1 year beginning April to October 1976 for projects on central nervous system control of circulation. Preference for individuals experi-enced in CNS techniques (stimulation, recording, and so forth) or in analysis of blood flow distribu-tion. Stipend \$12,000 to \$14,000, depending on post-doctoral experience. No citizenship requirement. Send curriculum vitae and references to:

Send Curriculum vitae and references to: Dr. E. H. Rubinstein or Dr. R. R. Sonnenschein Department of Physiology University of California School of Medicine Center for the Health Sciences Los Angeles, Calif. 90024 The University of California is an Equal Opportu-nity/Affirmative Action Employer.

POSTDOCTORAL POSITION-For molecular biologist or nucleic acid biochemist to study genetic re-combination in vitro. Development of cell-free ascombination in vitro. Development of cell-free as-say, biochemical characterization of systems for gen-eralized recombination of bacteriophage. Regular interaction with molecular biology group at NIH. Background in lambda genetics and/or DNA en-zymology highly desirable. Position available July 1976 or sooner. Stipend of \$9,000 to \$10,000 for the first year. University of Maryland Baltimore County is an Affirmative Action/Equal Opportunity Employ-er. Direct curriculum vitae and two letters of refer-ence to Dr. John Hays, Chemistry Department, Uni-versity of Maryland Baltimore County, 5401 Wilkens Avenue, Catonsville, Maryland 21228.

PROFESSOR OR ASSOCIATE PROFESSOR IN ZOOLOGY AND CURATOR IN ENTOMOLOGY HARVARD UNIVERSITY

Applicants are invited for the joint position of professor or associate professor in zoology and curator in entomology in the Department of Biology and Mu-seum of Comparative Zoology.

Incumbents to this position are expected to teach in the broad area of systematic studies and assume responsibilities for an appropriate part of the Muse-um's entomological collections.

Earliest starting date: 1 July 1976. Harvard University is an Equal Opportunity Employer.

Applications and inquiries should be sent to the Di-

rector, Museum of Comparative Zoology, Harvard University, 26 Oxford Street, Cambridge, Mass. 02138.

POSITIONS OPEN

POSTDOCTORAL POSITION: Recent Ph.D. in bio-chemistry or molecular biology to study basic mech-anisms of insulin action, particularly fat cell protein modifications. Experience in enzymology and pro-tein purifications necessary. Salary \$10,000 to \$13,000. Available 1 April 1976. Send curriculum vitae including names of three references to: Dr. Wil-liam B. Benjamin, Diabetes Laboratory, Department of Physiology and Biophysics, State University of New York at Stony Brook, Health Sciences Center, Stony Brook, New York 11794. An Equal Opportunity/Af-firmative Action Employer. POSTDOCTORAL POSITION: Recent Ph.D. in biofirmative Action Employer.

POSTDOCTORAL RESEARCH ASSOCIATE position available summer 1976 for recent Ph.D. with experience in developmental biology and biochemistry. Opportunity for training in mouse devel-opmental genetics. Send curriculum vitae and names of three referees to Dr. Salome G. Waelsch, Depart-ment of Genetics, Albert Einstein College of Medicine, Bronx, N.Y. 10461. An Equal Opportunity/Affirmative Action Employer.

PSYCHIATRISTS/EDUCATORS sought for directing medical school and residency program activities within community-based New York State Buffalo Psychiatric Center. Positions would involve academic appointments (up to associate professor level) and administrative appointments (up to clinical director level) with commensurate salaries. Write to: **Dr. S.** Mouchly Small, Chairman, Department of Psychia-try, State University of New York at Buffalo, Buffalo, New York 14214. Equal Opportunity Employer.

FACULTY POSITIONS AVAILABLE IN BASIC MEDICAL SCIENCES

The Illinois College of Podiatric Medicine invites applications for the following faculty positions:

Anatomical Sciences (Gross Anatomy, Lower Extremity Anatomy and Neuroanatomy). Teach gross anatomy and lower extremity anatomy, lecture and laboratory.

Microscopic Sciences (Histology/Embryology, Pathology and Microbiology). Teach histology/embryology lecture (participate in pathology and/or microbiology lecture). Supervise laboratories.

Physiological Sciences (Physiology, Biochemistry and Pharmacology). Teach physiology lecture (participate in pharmacology and/or biochemistry lecture). Supervise laboratories. Ph.D. required. Professional medical school experience and chairperson qualifications desired.

Rank and salary dependent upon credentials and experience. Positions available July 1. 1976. Submit vitae and credentials to:

> Willis H. Riesen, Ph.D. Vice President for Academic Affairs Illinois College of Podiatric Medicine 1001 North Dearborn Street Chicago, Illinois 60610

SENIOR LECTURER IN GEOPHYSICAL FLUID DYNAMICS OR DYNAMICAL OCEANOGRAPHY

Applications are invited for the above post in the Department of Oceanography. Appointment, according to qualifications and experience will be made on the salary scale $R8,460 \times 360$ to $9,900 \times 450$ to R11,250 per annum.

The successful candidate should be trained in a branch of geophysical fluid dynamics, preferably oceanogra-phy or meteorology and have the experience to lecture in dynamical oceanography as well as supervising post-graduate research projects to doctoral level.

Applicants should submit a curriculum vitae, stating present salary, teaching and research experience and interests, publications, when available if appointed, and the names and addresses of three referees.

Memoranda concerning the position and general conditions of service should be obtained from The Regis-trar, Room 1, University of Cape Town, Private Bag, Rondebosch, 7700, South Africa, by whom applications must be received not later than 31 May 1976.

Appointment will be subject to a satisfactory medical examination. The University reserves the right to appoint a person other than one of the applicants or to make no appointment.

POSITIONS OPEN

PROFESSOR AND CHAIRPERSON. Department of Physical Education and Dance including under-graduate through advanced graduate professional graduate through advanced graduate protessional preparation programs. Doctorate or equivalent de-gree with administrative ability and strong teaching, service, and research. Deadline 17 April 1976. Send application letter and curriculum vitae to Harland E. Samson, School of Education, Box 39, University of Wisconsin-Madison, Wisconsin 53706. An Equal Op-portunity/Affirmative Action Employer.

RESEARCH OFFICER

Applications are invited for the post of research officer with the International Project in the Field of Food Irradiation, located in Karlsruhe, Federal Republic of Germany.

The successful candidate will be required to carry out research into the toxicological methodology of wholesomeness testing as applied to irradiated foods. The precise nature of the research will be de-termined according to the specific areas of expertise of the candidate selected for appointment who will assist in designing the research program. Of particular interest to the Project are the problems associat-ed with mutagenicity, carcinogenicity, and teratogenicity testing.

OUALIFICATIONS

Ph.D. or equivalent; several years of practical ex-perience in toxicology or a closely related science. Fluency in English is essential and a working knowl-edge of German and/or French would be an advantage

CONDITIONS OF SERVICE

The appointment will be as a consultant to the Or-ganisation for Economic Cooperation and Devel-opment on a yearly basis with the possibility of re-newal. Total salary, depending on qualifications and family situation will be within the range DM 50,000 to 60,000 per annum.

Applications, accompanied by curriculum vitae, to be made in writing by 1 May 1976 to the **Project Director**, **International Food Irradiation Project**, **In** stitut für Strahlentechnologie, Postfach 3640, 7500 Karlsruhe, Federal Republic of Germany.

DEPARTMENT OF RADIOLOGICAL SCIENCES UNIVERSITY OF CALIFORNIA COLLEGE OF MEDICINE, IRVINE

The Department of Radiological Sciences at the Uni-The Department of Radiological Sciences at the University of California, Irvine, invites applications for a position in nuclear medicine as assistant or asso-ciate professor-in-residence. Applicants must be suitably trained and experienced in the use of radio-nuclides with demonstrated evidence of clinical and academic ability. Duties will include interpretation of the clinical nuclear medicine studies and teaching at graduate and undergraduate levels. Applicants will also be expected to develop their own research protocols. protocols.

The successful candidate will be based at the Veter-ans Administration Hospital, Long Beach, Califor-nia (Chief of Nuclear Medicine, Dr. Kenneth P. Lyons), and will be appointed to the Faculty of the University of California College of Medicine, Irvine. Applications from all qualified candidates are wel-come; minorities and women are encouraged to ap-

ply. If you are interested in this position, please write to the address below including a curriculum vitae, an autobiographical letter, and copies of any publications.

Closing date: 15 April 1976.

Eric N. C. Milne, M.B., Ch.B., F.F.R. Professor and Chairman Department of Radiological Sciences University of California, Irvine College of Medicine Irvine, California 92717

Exceptional **RESEARCH SCIENTISTS** invited to apply for 5-year appointment beginning in 1976 at Boyce Thompson Institute, a nonprofit research in-stitute. Successful candidate expected to devote full stitute. Successful candidate expected to devote full time to research on nonsymbiotic nitrogen fixation in agricultural crops. All necessary facilities and equip-ment are available or obtainable. Liberal operating supply and travel budget, and postdoctoral or senior technician included in staff. Applicant expected to have Ph.D. and preferably postdoctoral experience. Salary open. Apply to Dr. Alva A. App, Boyce Thompson Institute, 1086 North Broadway, Yonkers, N.Y. 10701. An Equal Opportunity/Affirmative Ac-tion Employer.

RESEARCH PHYSICIST, University of New Hamp-shire, Durham. A position is available for an experi-enced experimental physicist to work in the field of gamma-ray astronomy (50 kev to 100 Mev). The suc-cessful applicant will join a group conducting investi-gations of solar and cosmic gamma rays from bal-loon or satellite platforms. A minimum of 3 to 4 years post-Ph.D. experience using balloons or satel-lites required, and should be specifically experi-enced in the use of scintillation spectrometers and/or cooled Ge(Li) spectrometers, basic digital electron-ics, and data analysis; experience in nuclear physics cooled Ge(Li) spectrometers, basic digital electron-ics, and data analysis; experience in nuclear physics using accelerators or in nuclear gamma-ray spectros-copy is also desirable. The applicant should have a significant record of personal achievements in re-search as evidenced by publications in appropriate journals. Salary commensurate with qualifications and experience. Application deadline: 12 April 1976. Send résumé to: Professor E. L. Chupp, Department of Physics, University of New Hampshire, Durham, N.H. 03824. An Equal Opportunity/Affirmative Ac-tion Employer. tion Employer.

SENIOR VISITING PROFESSOR

The University of Michigan-Dearborn invites ap-

plicants for a visiting professorship from a senior scholar in the natural sciences. The University of Michigan–Dearborn is a rapidly growing urban university in the metropolitan Detroit area and has available the resources of The Universi-

ty of Michigan-Ann Arbor. The Natural Sciences Department presently con-The Natural Sciences Department presently con-sists of 23 faculty members and offers bachelor de-gree programs in biochemistry, biophysical sci-ences, chemistry, environmental sciences, experi-mental biology, and physics. The successful applicant will be expected to teach courses in his/her specialty and to actively partici-pate in the educational and research activities of the department.

POSITIONS OPEN

RESEARCH ASSOCIATE POSITION

Available immediately. Recent Ph.D. (or Ph.D. pending) with training and/or experience in protein purification and/or enzyme kinetics for research on the regulation of collagen synthesis in vivo and in tissue culture systems. Applicants with some back-ground in connective tissue research preferred. Dr. George C. Fuller, Department of Pharmacology, Univ versity of Rhode Island, Kingston, R.I. 102881. An Equal Opportunity/Affirmative Action Employer. Women and minorities are urged to apply.

RESEARCH BIOCHEMIST: A position will become RESEARCH BIOCHEMIST: A position will become available 1 July 1976 for a biochemist expert in en-zymology of DNA synthesis to collaborate in a re-search program of leukemia cell metabolism and metabolic inhibitors. Supervision of small research group; new laboratory facilities. Joint appointment in a basic science department possible. Ph.D.'s with two or more years of relevant postdoctoral work are asked to send curriculum vites. List of publicatione asked to send curriculum vitae, list of publications, and names of three references to Dr. John Laszlo, De-partment of Medicine, Duke Medical Center, Dur-ham, N.C. 27710. Affirmative Action/Equal Opportunity Employer.

UNIVERSITY OF COLORADO

Two teaching positions; assistant professor, Sep-tember 1976. Requirements: terminal degree, ré-sumé, and three letters of reference. Teach courses

sume, and three letters of reference. Teach courses and carry out research in undergraduate curriculum which focuses on environmental problem-solving and design as a scientifically directed discipline. One position in the area of physical, applied, or natural science; another appointment will be a social scientist from areas like anthropology, economics, or environmental law. Send three letters of reference and résumé to: and résumé to:

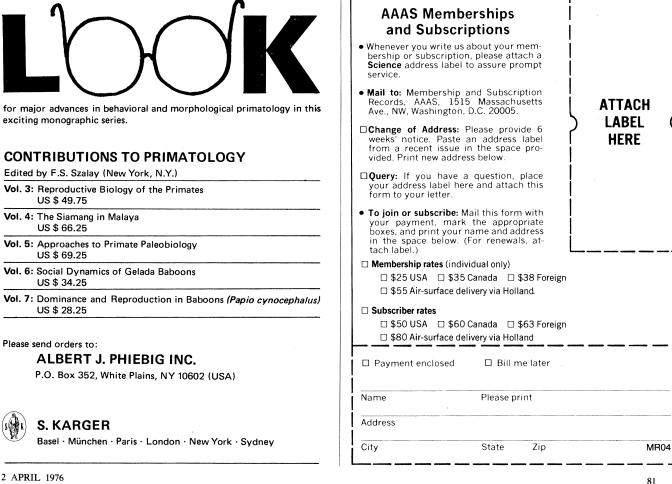

nd résumé to: Dr. Spenser W. Havlick College of Environmental Design University of Colorado Boulder, Colorado 80302 Telephone: 303-492-7711 Affirmative Action/Equal Opportunity Employer

POSITIONS OPEN

PULMONARY PHYSIOLOGY RESEARCH/TRAINING

Research and graduate teaching position available in field of mammalian pulmonary physiology as adjunct professorship of appropriate rank in the University of California, Irvine. Collaborative research con-ducting physiologic studies in animals exposed to air-borne materials of environmental/occupational interest. Requires Ph.D. in physiology or related field and 2 years of postdoctoral research, preferably with nulmonary measurements in laboratory anifield and 2 years of postdoctoral research, preferably with pulmonary measurements in laboratory ani-mals. Preference given applicants experienced in in-halation toxicology and published independent work. Research site at Toxic Hazards Research Unit, Wright-Patterson Air Force Base, Dayton, Ohio; opportunity to participate in training of gradu-ate students of University of California, Irvine, and other campuses. Closing date for applications is 1 June 1976. Applications from all qualified can-didates are welcome; minorities and women are en-couraged to apply. Submit complete curriculum vitae and names of at least three references to: Dr. J. D. MacEwen, University of California, Irvine, Toxic D. MacEwen, University of California, Irvine, Toxic Hazards Research Unit, Overlook Branch, P.O. Box 3067, Dayton, Ohio 45431.

Harvard Medical School's Department of Radiation Therapy invites applications and nominations for the appointment of a **RADIATION THERAPIST** with acappointment of a **RADIATION THERAPIST** with ac-ademic tenure in the Department of Radiation Thera-py. The appointee is to serve in the Joint Center for Radiation Therapy. The search committee is seeking an individual who is a creative scholar in the study of the biological principles underlying radiation thera-py and is at the same time an accomplished clinical radiation therapist. This individual should be highly qualified to teach fundamental radiation biology to medical students, house officers, and fellows in radi-ation therapy. Applications and nominations should include a curriculum vitae, bibliography, and names of references and should be sent to Dr. Irving M. London, Chairman of Search Committee, Harvard Medical School, 25 Shattuck Street, Boston, Mass. 02115. Affirmative Action/Equal Opportunity Em-ployer. Minority and women candidates are encour-aged to apply.

2 APRIL 1976

STAFF ASSOCIATE, Department of Neurology, College of Physicians and Surgeons, Columbia Uni-versity, in the laboratory of neurochemistry. The po-sition offers training and the opportunity for individ-ual and collaborative research as a member of the multidisciplinary group whose efforts are directed toward the molecular characterization of acetyl-choline receptors. Starting salary is \$12,000. Those interested should send curriculum vitae to:

Lewis P. Rowland, M.D. Neurological Institute 710 West 168 Street New York, N.Y. 10032

Equal Opportunity and Affirmative Action Employer

SUPERVISOR-ELECTRON MICROSCOPY

Applicant must have formal training and several years of experience in all aspects of electron micros-copy. Must be competent in servicing and main-tenance of electron microscopes and subsidiary equipment, the interpretation of biological ultrastruc-ture, and all aspects of tissue preparation for scanning and transmission electron microscopy. knowledge of histopathology would be beneficial. Α

The successful applicant will be directly responsible for the maintenance of equipment and the super-vision of several technicians in a multiuser unit with both service and research components, and is responsible for purchasing of supplies, maintenance of records, and instruction of electron microscope users.

Applicants should write stating educational and oc-cupational qualifications, and salary expectations to: M. Elliot, Personnel Administrator, Health Sciences Centre, McMaster University, Hamilton, Ontario, L8S 4J9, Canada.

VISION SCIENTIST

Pennsylvania College of Optometry is seeking can-didates for a teaching position in the Division of Vi-sual Sciences. Applicants should have demonstrated teaching excellence and research in the areas of bin-ocular vision, ocular motility, perception, and/or single-cell electrophysiology. A Ph.D. is required and preference will be given to those candidates with postdoctoral research experience. Salary rank will and preference will be given to those candidates with postdoctoral research experience. Salary rank will be commensurate with qualifications. Interested per-sons should send curriculum vitae and the names of three professional references to John B. Siegfried, Ph.D., Chairman, Faculty Recruitment Committee, Pennsylvania College of Optometry, 1200 West God-frey Avenue, Philadelphia, Pennsylvania 19141. Dead-line for applications is 1 May 1976.

An Equal Opportunity/Affirmative Action Employer

The Department of Physiological Optics of the School of Optometry, The University of Alabama in Birmingham, is seeking a person with an O.D. and a Ph.D. in an area of **VISION SCIENCE**. Responsi-bilities will include: teaching courses within the physiological optics curriculum to optometry stu-dents and graduate students, individual research, and some administration. Teaching experience with-in the areas of ocular motility and binocular vision would be an advantage. Rank and salary com-mensurate with experience. Résumés will be accept-ed until 1 May 1976. Interested persons should send their curriculum vitae and the names of three professional references to Dr. Thomas Greenspon, Ph.D., Department of Physiological Optics, School of Optometry/The Medi-cal Center, University Station, University of Alabama in Birmingham, Birmingham, Alabama 35294. Equal Opportunity/Affirmative Action Employer

SUMMER STUDY

ELECTRON MICROSCOPY: Intensive Summer Seminar on "Transmission Electron Microscopy Techniques," 1 to 12 June 1976. Enrollment limited to 14. Preparation of biological speciments for view-ing in TEM, including fixation, dehydration, embed-ding, ultrathin sectioning, use of ultramicrotometer, heavy metal staining. Use of Zeiss EM9S micro-scope, dark room. Introduction to vacuum evaporascope, dark room. Introduction to vacuum evapora-tion, carbon coating, shadow casting, freeze-etch-ing, replication, rotary metal coating, use of SEM (AMR 1200). Tuition: \$125 for New York State resi-dents, \$250 for non-New York State residents. Con-tact: Helen Sherman, Instructor, Orange County Community College, Middletown, N.Y. 10940. Tele-phone: 914-343-1121.

COURSES

The Department of Pathology, Eastern Virginia Med-ical School, Norfolk, Virginia, will offer a 5-week in-tensive course 14 June to 20 July in theory and prac-tice of electron microscopy. A certificate will be awarded upon successful completion. For further in-formation please contact: Dr. S. H. Vernick, Eastern Virginia Medical School, Department of Pathology, P.O. Box 1980, Norfolk, Virginia 23507. Telephone: 804.423-8280. 804-423-8280.

SEMINAR

SEMINAR ON OTOTOXICITY UNIVERSITY OF MICHIGAN 27 TO 28 MAY 1976

An introductory seminar for safety assessment of chemically induced ototoxicity providing informa-tion on the structure and function of hearing and balance, definitions and methods, and clinical ototoxicity. Contact:

Elias Souri, V.M.D. Searle Laboratories, J-3 Skokie, Ill. 60076

GRADUATE STUDY

GRADUATE STUDY

The Department of Biological Sciences, in cooper-ation with the basic science faculty of the University ation with the basic science faculty of the University of Maryland at Baltimore, provides graduate educa-tion toward the M.S. and Ph.D. in the areas of mo-lecular biology and biochemistry; genetics; and cell, developmental, organismic, and population biology. ASSISTANTSHIPS are available for qualified ap-plicants. For details write to Dr. R. P. Burchard, De-partment of Biological Sciences, University of Mary-land Baltimore County, Catonsville, Maryland 21228.

COLLOQUIUM

24TH ANNUAL COLLOQUIUM "PROTIDES OF THE BIOLOGICAL FLUIDS"

Brugge (Belgium) 27 April to 1 May 1976. Topics: Pregnancy associated proteins. Carcino-fetal and carcino-placental pro-

Detection and quantitation of proteins by molecular amplification.

No limitations to attendance.

Registration deadline: 10 April 1976.

Preliminary program, inquiries, and full details at: COLLOQUIUM PROTIDES OF THE BIOLOGICAL FLUIDS Secretariate Simon Stevin Instituut Jerusalemstraat 34 B-8000 BRUGGE (Belgium) Telephone 50/33.47.34, Telex 81379 SSI B

FELLOWSHIPS

FELLOWSHIPS

RHODES UNIVERSITY GRAHAMSTOWN, 6140 SOUTH AFRICA HUGH KELLY FELLOWSHIP

The fellowship is available to a scientist who wishof the departments within the Faculty of Science. The Faculty comprises the Departments of:

The Faculty comprises the Departments of: Botany, Chemistry, Geography, Geology, Mathe-matical Statistics, Mathematics (Applied, includ-ing Computer Science), Mathematics (Pure), Mi-crobiology, Pharmaceutical Sciences, Physics, Psychology, Zoology, and Entomology. Closely associated with a number of these depart-ments are the Leather Industries Research Institute, the Institute for Freshwater Studies, and the J. L. B. Smith Institute of Ichthyology. The fellowship for 1977 is available for a period of 6 months, which period shall include two academic terms of the University. The emoluments attaching to the fellowship include an award of R4000 (R1 = approximately US \$1.15) and a tourist-class return air fare from the fellow's place of residence. Forms of application and further particulars may be obtained from the **Registrar**, to whom completed applications should be submitted by 31 July 1976.

MUSCLE PHYSIOLOGY POSTDOCTORAL FELLOWSHIP

Persons with a doctoral degree interested in a 2-year postdoctoral fellowship to study excitation-contraction coupling and the modulation of con-traction in skeletal or cardiac muscle should please send a résumé to:

Department of Physiology and Biophysics SJ-40 University of Washington Medical School Seattle, Wash. 98195

An Affirmative Action Employer

TEMPERATURE REGULATION PHYSIOLOGY POSTDOCTORAL FELLOWSHIP

Persons with a doctoral degree interested in a 2year postdoctoral fellowship to study human vaso-motor and sudomotor responses to heat stress should please send a résumé to:

Dr. Georgé Brengelmann Department of Physiology and Biophysics SJ-40 University of Washington Medical School Seattle, Wash. 98195 An Affirmative Action Employer

BONE CIRCULATION PHYSIOLOGY POSTDOCTORAL FELLOWSHIP

Persons with a doctoral degree interested in a 2-year postdoctoral fellowship to study hemo-dynamics and circulation regulation in hard tissue should please send a résumé to:

Dr. Arthur C. Brown Department of Physiology and Biophysics SJ-40 University of Washington Medical School Seattle, Wash. 98195 An Affirmative Action Employer

CAPE TOWN

UNIVERSITY OF CAPE TOWN POSTDOCTORAL FELLOWSHIPS

The University of Cape Town is offering three postdoctoral fellowships in 1976 each, if awarded to a local applicant, with a value of R8100. The value will be increased to R9000 if a fellowship is awarded to an overseas applicant. The higher value includes the University's contribution toward the cost of one economy-class return air fare. ($\pounds I = R I.75$ approximately.)

return air tare. $(\pounds 1 = R1.75 \text{ approximately.})$ Intending applicants must be in possession of an approved doctor's degree and they must be willing to remain at the University for a period of 1 year for study and research. Applications must be made in writing setting out fully the details of the work to be performed, together with a curriculum vitae, a list of research publications, and the names of two referees to whom the University may refer. The policy of the University is not to discriminate in the appointment of staff or the selection of students on the grounds of sex, religion, race, color, or national origin. Applications will be considered by the Selection Committee at its meeting on 30 June 1976, and should be sent to The Registrar, University of Cape Town, Private Bag, Rondebosch, 7700, South Africa.

WILDLIFE ECOLOGIST/ FIELD ZOOLOGIST

Nalco, an international leader in water, environmental, and energy science is seeking a wildlife ecologist or field zoologist to fill a management position. As Wildlife Group Leader in our environmental-impact consulting group, the successful candidate will be responsible for field study design, implementation, and reporting as well as supervision of several scientists. Ph.D. or equivalent in a field of vertebrate ecology (mammalogy or ornithology) is preferred. A broad knowledge of ecological principles and sampling techniques is desirable. Technical writing and editorial abilities are required.

This position offers a starting salary commensurate with experience, generous company-paid benefits, and potential to advance professionally.

Send your letter of application and resume to:

Dr. M. L. Schamberger Section Head, Terrestrial Ecology Nalco Environmental Sciences 1500 Frontage Road Northbrook, Illinois 60062

SENIOR RESEARCH VIROLOGIST

Excellent opportunity to conduct independent research in virology towards the objectives of developing new or improved virus vaccines and acquiring better understanding of virus-host interactions. Prefer D.V.M. with M.S. or PhD. in virology or equivalent. This position offers superior potential for career advancement, excellent salary and benefits. Send detailed resume in confidence to: Dwight T. Stoneburner, Personnel Manager.

Jensen-Salsbery Laboratories Division of Richardson-Merrell Inc 520 W. 21st St., Kansas City, Mo. 64141 An Equal Opportunity Employer M/F

APPLICATION SCIENTISTS

We seek several individuals to fill unique positions involving marketing and sales of Millipore and Worthington Biochemical products to universities and basic research institutions. Applicants must have Ph.D. or equivalent experience in biological science or chemistry with a strong basic knowledge of the function of biological systems at the molecular level. An ability to communicate effectively and a willingness to travel are a must.

Application scientists are expected to maintain a current knowledge of their field of interest and to learn by communicating directly with researchers. We are a growing corporation with ample opportunity for advancement for individuals with proven performance.

Please submit resume to: Paul Chadwick

Manager, Life Sciences Marketing Millipore Corporation Bedford, Massachusetts 01730 or call toll-free 800-225-1380.

An equal opportunity employer.

Interested

in Preserving

Science?

If your copies of *Science* are piling up in the corner, getting dog-eared and torn, then you need our attractive binders to keep your copies in good condition, and available for quick easy reference. Simply snap the magazines in or out in a few seconds—no punching or mutilating. Sturdily constructed, each marcon imitation-leather binder stamped in gold leaf holds one three-month volume of *Science*. They sell for just \$6.00 each; four binders for \$22.00. For orders outside the United States add 60¢ per binder. Imprint: name of owner, year of issues, etc., add \$1.00 per binder.

Send orders to Dept. V-1

AMERICAN ASSOCIATION for the ADVANCEMENT of SCIENCE 1515 Massachusetts Avenue, N.W. Washington, DC 20005

Statisticians

G. D. Searle & Co., a leader in the health care field, is seeking the expertise of solidly experienced individuals with well developed statistical problem solving abilities and some background in scientific computing.

Our candidates will provide support and consultation on the use of statistics to solve problems and perform analysis in a wide range of applied areas including clinical and pathology/toxicology. You will be challenged to modify and develop approaches to solve problems requiring statistical knowledge of a complex nature.

The successful candidates must possess a Doctoral degree in statistics or biostatistics plus a biological science background. Top level communication skills are essential as well as strong self-motivation and high professional standards.

We are located in Skokie, Illinois, a suburb of Chicago. Our candidates can expect a salary commensurate with their education and expertise as well as a stimulating professional environment where significant growth can be realized. Please send a resume with salary history in confidence to:

Diane Burmam

SEARLE

Box 5110, Chicago, Illinois 60680

Equal Opportunity M/F... A Practice, Not Just a Policy

Magnetic tape, they called it. They said that some day it might rival phonograph records. Maybe even carry pictures. Hmmm.

Well, it happened. Photography acquired a sibling no less vigorous than itself. Nowadays, to be restricted to but one of the two media for professional (or even private) communication may seem like driving with one headlight-deplorable.

We have two things to say about that.

1. A slide/tape presentation on whatever it is that you and your colleagues wish to communicate can save costly, soul-trying travel. Perhaps you don't have to make the trip, and yet the valuable question period following the presentation may not need to be sacrificed. The telephone company may have some sensible suggestions on how to set it up. We on our part have some detailed suggestions on how to synchronize a slide/tape presentation to make it run a shade more smoothly, perhaps, than can be expected from a weary traveler, even when assisted by a well-meaning stranger or two. To arrange for a slide/tape presentation to your department on how to synchronize a slide/tape presentation, make interest known to Bob Scott, MP&AV, Dept. 640, Kodak, Rochester, N.Y. 14650.

2. A very respectable percentage of the active adult population have been imprinted to video since infancy. An organization that cannot risk being regarded as antiquated

therefore invests quite a bundle in videotape equipment, perhaps for research, perhaps for training. Prudence suggests that it be used frequently, even though one may often wish that film could be shown on the videotape monitors. It can be. This is a KODAK SUPERMATIC Film Videoplayer:

Feed it super 8 film, and it feeds color and sound to those monitors. Nothing more required to get the advantages of both media. Less than \$1700. Write Dick Schiavo at Kodak, MP & AV, Dept. 620, Rochester, N.Y. 14650.
