

## AMONG THE PUBLISHERS.

*Babyhood* continues in its May issue the medical articles on catarrhal affections and their complications in children, and the treatment of the headaches of childhood.

—The recent discussion over Jewish immigration to this country imparts a timely interest to Mr. Joseph Pennell's volume entitled "The Jew at Home." This artist has visited and studied the Jewish towns of the Austro-Hungarian Empire, and the results of his observations will be found both in his text and in a series of illustrations. "The Jew at Home" will be published immediately by D. Appleton & Co.

—*The Chautauquan* for May presents the following among other articles: "Physical Culture," IV., by J. M. Buckley, LL.D.; "The United States Patent Office," Part I., by Helen Frances

Shedd; "The Natural History of Plants," II., by Gerald McCarthy; "Flower Shows in the United States," by Samuel A. Wood; "Phrenology," by Garrett P. Serviss.

—In *Lippincott's Magazine* for May, Mr. Floyd B. Wilson has a paper on "Personal Economics in our Colleges," and Mr. Philemon Hemsley, in "After-Dinner Botany," traces the relationship between certain edible and other plants not usually connected in our thoughts.

—Professor Jowett's translation of "The Dialogues of Plato," the second edition of which has been for several years out of print, will appear in May in the third edition, forming five 8vo volumes. The work has been revised and corrected throughout and in great part rewritten. Macmillan & Co., the publishers, have copyrighted the new edition by resetting the entire work in this country.
