**APSCO LIFETIME  
MICROSCOPES**

**\$65.00**

with disc  
diaphragm

Model SS (Illustrated)

Model FA exactly like SS but disc diaphragm instead of iris

Model	Dustproof Nose Piece	Oculars	Objectives	Light Control	Without Cabinet
FA	Double	10X	10X, 44X	Disc Diaphragm	\$85.00
SS	Double	10X	10X, 44X	Iris Diaphragm	71.25

Despite the lower price of APSCO Microscopes, quality is the highest. Lenses have good chromatic and spherical correction. The stand is modern in design and construction.

All latest improvements incorporated.

Liberal Allowance for Old Instruments.

**SPINDLER & SAUPPE, INC.**  
86 Third Street, San Francisco

**New!**

Operates continuously without becoming too hot to handle.

**ADAMS SCOPELITE . . .**

Attractively moulded of durable, almost unbreakable Bakelite, it is cool and efficient in operation. Can be used either as a substage lamp (with mirror removed) or in front of the microscope.

The louvers, front and rear, cause a free circulation of cooling air throughout the lamp without loss of light, so that even after extended use, the lamp can be handled. The frosted daylight filter diffuses the light and gives uniform illumination approximating daylight.

A-1493 ADAMS Scopelite ..... each \$2.50
