Ace Mini-Lab is truly the small economy size: it takes up less space, considerable saving in reagent chemicals is effected and the good design of Ace Mini-Lab will facilitate your work. Mini-Lab is the first especially designed and fully developed line of miniature glassware. It has been enthusiastically accepted in laboratories, in schools, everywhere. It is versatile, comes in £ 14/20 and £ 18/9 joints, and features a full line of component parts permitting endless variations. For the small economy size, try Ace Mini-Lab. The excellent design, the fact that the reduction in size has been accomplished without reduction in usefulness, will make Ace Mini-Lab the most satisfactory miniature glassware you have ever worked with.

Select Mini-Lab from Catalog 60 or Write Dept. S for Mini-Lab brochure.
