

# SYNTHETIC POLYPEPTIDES

Polymers of the following L- $\alpha$ -amino acids are available from stock:

- ALANINE
- ASPARTIC ACID
- $\beta$ -BENZYL ASPARTATE
- GLUTAMIC ACID, SODIUM SALT
- $\gamma$ -BENZYL GLUTAMATE
- LEUCINE
- LYSINE HYDROBROMIDE
- $\epsilon$ -CARBOBENZOXY LYSINE
- PHENYLALANINE
- TYROSINE
- O-CARBOBENZOXY TYROSINE

In addition to the above, PILOT can synthesize copolymers, special molecular weights and polymers of amino acids having unnatural configuration. Also available from PILOT is Woodward's Reagent K, a new peptide-former. For further information, write to Dept. S-622.

36 Pleasant St., Watertown 72, Mass.

# WATER AND AGRICULTURE

A symposium presented at the AAAS  
Washington Meeting,  
December 1958. Published June 1960.

Roy D. Hockensmith, Editor  
6 x 9, 206 pp., 21 illus., cloth  
\$5.00 AAAS members' cash orders, \$4.50

## CONTENTS

**Water for the future:** E. A. Ackerman, C. A. Davis, C. B. Brown, and R. L. Nace

**Water sources:** W. C. Ackermann, H. T. Orville, C. H. M. Van Bavel, and G. L. Barger

**Water planning and use:** C. H. Wadleigh, H. C. Storey, W. D. Criddle, and W. I. Palmer

**Water control:** T. W. Edminster, F. L. Timmons, D. L. Klingman, G. E. Harbeck, Jr., and C. B. Tanner

British agents: Bailey Bros. & Swinfen, Ltd.  
Warner House, 48 Upper Thames Street  
London, E.C.4

Advancement of Science**  
1515 Massachusetts Avenue, NW  
Washington, D.C. 20005

## TRI-R VERSATILE LABORATORY INSTRUMENTS

### Electronic THERMOMETER

- Rapid, Accurate, Direct Reading
- Low cost, Portable, Thermistor type
- Many Ranges From  $-35$  to  $+100^{\circ}\text{C}$ .
- Interchangeable & Special Probes

### TISSUE HOMOGENIZERS

- Interchangeable Teflon Pestles
- Precision Bore Pyrex Glass Tubes
- Direct & Flexible Drive Apparatus

### TRI-R STIR-R

- Variable Speed Lab. Motor
- For Homogenizing or Stirring
- Adjustable Key Type Chuck

### MAGNETIC STIRRERS

- 3 Compact, Cool Running Models
- Lab. Mounting or Bench Top Use
- Stir in Flasks or Test Tubes
- In Open or Closed Vessels
- Stir Under Water

### Automatic EGG PUNCH

- For Opening Embryonated Eggs
- Clean 1" Circular Fracture
- One Hand Efficient Operation

Write for individual bulletins or catalog to Dept. S105

## TRI-R INSTRUMENTS, Inc.

Developers of Electronic and Mechanical Instruments for Scientific Research

144-13 JAMAICA AVENUE, JAMAICA, N.Y. 11435

# The Quest & the Commitment

The Age of Space is also the Age of Land and Sea. At Lockheed there are no environmental limits to technological exploration and progress. On land: highly advanced vehicle systems for missions of the future. In the sea: deep submersibles to probe the ocean depths. In space: Agena, most versatile vehicle system of the age.

Engineers and scientists are invited to write Mr. K. R. Kiddoo, Professional Placement Manager, Sunnyvale, California. An Equal Opportunity Employer.

MISSILES & SPACE COMPANY  
A GROUP DIVISION OF LOCKHEED AIRCRAFT CORPORATION

## NEUROPHYSIOLOGIST

*An attractive opening exists in our Neurobiology Department for a young Ph.D. with one to three years of post-doctoral experience. Versatility in neurophysiologic experimentation and interest in our complex program encompassing neuropharmacologic and neuroendocrine exploration of CNS drugs is desirable. Main emphasis is on basic research with steroid hormones. Send resume and inquiries in complete confidence to Personnel Department.*

# PERSONNEL PLACEMENT

## POSITIONS WANTED

**Bio-organic Chemist.** D.Sc. Male. Over 50. Seeks administrative, research, teaching position. Special interest in endocrinology, lipid and intermediate metabolism in arteriosclerosis, diabetes, cancer, human reproduction, and mental disease. Will establish facilities and train personnel. Box 250, SCIENCE. X

**Business Administrator** available. Science-oriented executive seeks challenge in university, medical college, or research organization. Significant background in hospital, medical college, government, and industry. Am effective in administration, systems, and procedures, new construction, grant administration, personnel. Box 249, SCIENCE. 10/8

**Editor,** management and creative experience, seeks change. Worked in physical sciences, member AAAS and professional societies; 40; about \$15,000. Box 252, SCIENCE. 10/22

**General Mammalian Physiologist, Ph.D.** NIH post-doctoral fellow with teaching experience desires academic appointment allowing sufficient time to continue organized research program on the physiology of ovulation. Prefer western location. **Lawrence Espey, Department of Physiology, University of Michigan, Ann Arbor 48014.** X

**Microbiologist, B.S.,** Male, over 10 years' experience in public health seeks challenging position in laboratory or related field. Box 253, SCIENCE. X

**Microbiologist, Ph.D., 1962.** Microbial physiology and metabolism. Publications; teaching/research and contract research experience. Teaching/research position desired. Box 254, SCIENCE. 10/15

(a) **Microbiology Ph.D.;** pediatrics-infectious disease postdoctoral research; seeks clinical or academic position; (b) **Biochemistry Ph.D.;** 7 years' faculty leading university, heart research; available for academic or research appointment. Write Woodward Medical Personnel Bureau, 185 North Wabash, Chicago 60601. X

(a) **Ph.D. Anatomy** (embryology, neuroanatomy); research, teaching experience; prefers academic appointment. (b) **Ph.D. Biochemistry** (organic chemistry minor); research, clinical, teaching experience; desires West Coast. (c) **M.S. Animal Ecology;** biology teaching, research experience; seeks assignment in/near Ph.D.-granting institution. Please write SCIENCE SERVICE, The Medical Bureau, Inc., 900 North Michigan Avenue, Chicago, Illinois 60611. X

## POSITIONS OPEN

### Fisheries Research Board of Canada RESEARCH SCIENTISTS IN STATISTICAL ECOLOGY

Applications are invited for positions as senior research scientists (biology, statistics, mathematics) in research laboratory being developed in the Halifax area of Nova Scotia to study mechanisms underlying natural marine production. Main program will be to outline the distribution, abundance, population dynamics, and trophic relations of major populations of pelagic and benthic fish species and to discover the biological basis for the observed relationship. Demonstrated ability for independent research and previous supervisory experience essential. Salary will be up to \$12,000 (Canadian) per year, depending on qualifications, with higher salaries in exceptional cases. Usual Canadian Government superannuation and other benefits available. Further enquiries should be sent to:

**The Director**  
Fisheries Research Board of Canada  
Atlantic Oceanographic Group  
Bedford Institute of Oceanography  
Box 1006  
Dartmouth, N.S., Canada

## Neuropharmacologist

for The Merck Institute for Therapeutic Research in West Point, Pennsylvania (suburban Philadelphia).

We invite you to take part in the development and application of neuropharmacologic and neurochemical approaches to the study of agents acting on the central nervous system. To effectively contribute to such a program, qualified candidates must have a Ph.D. with up to 5 years experience.

Please forward your resume and curriculum vitae to:

**Stanley R. Sawczuk**  
Employment Supervisor  
**Merck & Co., Inc.**  
Rahway, New Jersey

## POSITIONS OPEN

### PHARMACOLOGIST— PHYSIOLOGIST

Expanding activities have created the need for several Ph.D.'s in Pharmacology or Physiology with strong interests in participating in research programs leading to the development of new analgetics as well as agents influencing the cardiovascular, nervous, gastrointestinal, and respiratory systems. Applicants receiving their degree in the coming year who plan to select a permanent position within the next 6 months will be given very serious consideration. Some experience and interest in basic biochemical procedures relating to the analysis of body fluids and tissues is preferred but not an absolute requirement.

Please send résumé including a description of related experience and graduate courses to: **Cyrus M. Greenberg, Ph.D., Director of Scientific Employment, SMITH KLINE & FRENCH LABORATORIES, 1594 Spring Garden Street, Philadelphia, Pa. 19101**

An equal  
opportunity employer

## PHARMACO- TOXICOLOGIST

Ph.D. or experienced M.S. in preclinical medical sciences to assist in preparing preclinical and clinical evaluation protocols, in pharmacological and toxicological evaluations of metabolic and pathological data, and in review and preparation of such data for I.N.D. and N.D.A. submission to the F.D.A. on chemicals, cosmetics and drugs.

Send detailed resume to Personnel Director

### GILLETTE MEDICAL RESEARCH INSTITUTE

A Subsidiary of The Gillette Company

Dept. ME-2  
6221 North Capitol Street, N.E.  
Washington, D. C. 20011

## POSITIONS OPEN

## SCIENTISTS

required by public health laboratory

Ottawa

Canada's Laboratory of Hygiene conducts research in public health and as a national reference centre provides highly skilled professional services to hospitals, research institutes and provincial departments of health.

Scientists interested in

Virology

Bacteriology

Zoonoses

Biologics Control

Clinical Chemistry

should send resumes to the Technical and Scientific Requirements Group, Civil Service Commission of Canada, Ottawa 4, Ontario, quoting file reference 65-1350E.

## BACTERIOLOGIST

We are currently seeking a Ph.D. who can accept the challenge of combining technical knowledge with managerial ability. Individual selected will assume highly responsible position in Quality Control. This position requires a Ph.D. in a biological science and 3-5 years of Tissue Culture experience obtained in a commercial laboratory or research institute. Course work or experience in virology also helpful. In addition to excellent growth opportunity, we offer an attractive salary and an exceptionally liberal benefits program including stock purchase and educational assistance.

To explore the areas of your interest in confidence,  
please send resume to:

MR. GORDON L. GERHARD — Employment Supervisor

**MERCK SHARP & DOHME**

DIVISION OF MERCK & CO., INC.

WEST POINT, PA. — A suburb of Philadelphia

An Equal Opportunity Employer Under Title VII—Civil Rights Act of 1964

## POSITIONS OPEN

(a) **Biochemist** direct dept 20 people, teach; admin. ability; 300-bed hosp bldg, 200-bed annex; MidW; \$15,000-\$20,000. (b) **Chief Microbiologist** large univ hosp; E: \$15,000-\$16,400. (c) **Physiologist**, human environmental effects, aerospace research; MidW; \$14,000-\$17,000. (d) **Microbiologist**, evaluate treatment agents for infections, direct dept; large drug mfr; MidW; \$14,000. Write **Woodward Med. Pers. Bureau**, 185 N. Wabash, Chicago 60601.

*Professional Placement Services for 69 Years*

**Chief, Bureau of Research in Higher and Professional Education.** Opening in New York State Education Department in Albany for educational research worker to direct the department's research projects and studies in higher and professional education. Applicants for this position should have a doctoral degree and appropriate and extensive experience in higher education research which involved independent responsibilities for difficult and complex projects. Salary range \$13,170 to \$15,625 with appointment possible above the minimum salary level. Excellent noncontributory retirement plan, professional development leave programs, health insurance and other fringe benefits. Send detailed résumé to:

**Bureau of Personnel  
State Education Department  
Albany, New York 12224**

10/8, 15

**Director—Product Development and Market Research.** We seek a creative person to direct our product development and market research program. This is a new department. Therefore, person selected must perform in the following broad areas with only nominal supervision:

**New product planning conception  
Market Planning and Research  
Development of pricing recommendations  
Preparation of technical material for advertising and sales promotion.**

A qualified applicant should have a degree in Chemistry, Biology or a related discipline plus about five years experience in some aspect of the hospital, medical or industrial laboratory field. We are a rapidly growing manufacturer of laboratory glassware. Please submit a resume in sufficient detail to justify an interview at our expense. Reply in confidence to:  
**Mr. Edward G. Perkins, President  
Pfeiffer Glass Inc.  
140 Bennington Drive  
Rochester, New York 14616**

## Microbiologist

We have an immediate opening for a senior microbiologist with experience in microbial genetics and biochemistry who is interested in applying technical knowledge to challenging problems in fermentation development. In addition to research responsibilities the position offers supervisory and administrative opportunities. The position requires a Ph.D. in microbiology or closely allied field with several years experience in a commercial laboratory or research institute.

*Please send complete resume to:*

**Manager of Employment  
BRISTOL LABORATORIES  
Division of Bristol-Myers Co.  
Syracuse, N.Y. 13201  
An equal opportunity employer**

**Ph.D. Electron Microscopist** preferably familiar with viral work, for staff position open 1 November in a new, completely equipped, hospital research institute, southern Vermont. Salary to \$10,000. New JEM 7. Beautiful surroundings, excellent staff. Near six colleges. Write for details to:

**Dr. Helene W. Toolan, Director  
Putnam Memorial Hospital Institute  
for Medical Research  
Bennington, Vermont 05201**

**Requirement for Cancer Chemotherapy Project Leaders.** Outstanding research opportunities with an unlimited future. **Pharmacologist, Ph.D.** with considerable experience in metabolism, distribution and toxicity of drugs in large animals. **Immunologist, Ph.D.**, with excellent research background to initiate studies in relation to immunotherapy of neoplasia. Reply with complete résumé, recent publications, and salary requirements to **Microbiological Associates, Inc.**, 4813 Bethesda Avenue, Washington 14, D.C.

*An equal opportunity employer*

(a) **M.S./Ph.D. Physiologist**, endocrine training; research; eastern university. (b) **Ph.D. Microbiologist/Virologist**; pathogenic virus research; central university. (c) **Health Physicist**, safety officer; southeastern university. (d) **Ph.D. Clinical Biochemist**, isotope experience; northwest laboratory. (e) **Ph.D. Immunochimistry Director**, clinical, protein training. (f) **B.S. Analytical Chemist**, quality control; east. (g) **Pharmacology Faculty Appointment**, associate or full professor; mid-east university. Write **Science Service, The Medical Bureau**, 900 North Michigan Avenue, Chicago, Illinois.

## POSITIONS OPEN

**Director, Division of Teacher Education and Certification.** Opening in New York State Education Department in Albany for Director to manage the Division's activities relating to the registration of teacher education programs in colleges and universities, establishment and revision of teacher certification standards and directing a program of continuous registration of teachers. Applicants should have a doctoral degree and appropriate and extensive professional experience in institutions offering the bachelor's or higher degrees. Salary range \$15,420 to \$18,140, with appointment possible above the minimum salary level. Excellent non-contributory retirement plan, professional development leave program, health insurance and other fringe benefits. Send detailed resume by November 19 to: **Bureau of Personnel, State Education Department, Albany, New York 12224.** (An Equal Opportunity Employer)

### ENVIRONMENTAL PHYSIOLOGIST

Challenging research position in environmental physiology and human engineering as related to the improvement of naval textiles, clothing, and life support systems. B.S. minimum with experience in human physiology or animal physiology as related to humans required. Salary to \$8,650 commensurate with experience and education. This position is in the competitive career federal civil service. Submit résumé to **Administrative Division, U.S. Naval Supply Research and Development Facility, U.S. Naval Supply Center, Bayonne, New Jersey.**

10/8, 15

### IMMUNOLOGIST

Opportunity for Ph.D. Immunologist. A knowledge of parasitology is desirable. Challenging work with emphasis on problems of major helminth and protozoan diseases. Send résumé in confidence to:

**Industrial Relations Dept.  
Pitman-Moore Division  
The Dow Chemical Company  
P.O. Box 1656  
Indianapolis, Indiana 46206**

*An equal opportunity employer*

**Lea & Febiger, Publishers** in medicine and the biological sciences, is looking for a personable college graduate, age 23 to 35, with knowledge of medical or biological sciences to fill college editorial position. Territory available is east of Rocky Mountains, and exact states are open for discussion. Liberal travel allowance and generous fringe benefits. Position includes securing manuscripts and teacher contacts. Write full particulars, including salary expected, to **F. C. Lea, Jr., 600 South Washington Square, Philadelphia, Pennsylvania 19106.**

10/8, 15

### MARINE BIOLOGIST-OCEANOGRAPHER

Marine Biologist-Oceanographer with knowledge of commercial fishing methods and deep-sea experience to head a new biological division of oceanography company. An imaginative manager with science background and international outlook is required.

**Box 251, SCIENCE.**

### CHEMIST

(M.S. Degree)

Excellent opportunity for capable individual interested in developing industrial hygiene program and quantitative instrumentation techniques in the modern progressive public health laboratory, Milwaukee City Health Department.

Salary, \$6,429-\$7,663. Liberal fringe benefits include Social Security and city annuity retirement, sick and annual leave, paid hospital, medical plan, and group life insurance. Excellent opportunity for advancement.

Application to: **E. R. Krumbiegel, M.D., Commissioner of Health, Municipal Bldg.—Room 112, 841 N. Broadway, Milwaukee, Wisconsin 53202**

## FELLOWSHIPS

**Traineeships for Graduate Work in Pharmacology.** A 4-year program of course work and research training leading to the Ph.D. degree is offered. Research in fundamental mechanisms of drug action. Starting annual stipend \$2400 plus tuition and \$500 per dependent. Early application for September 1966 strongly advised. Write Department of Pharmacology, School of Medicine, State University of New York at Buffalo, 122 Capen Hall, Buffalo, N.Y. 14214.

## VARIAN BUILDS RECORDERS THE WAY YOU WANT THEM

We've always made good recorders. Now we make more of them. In fact, our line has grown to 24 basic models, with a wide range of options and accessories for each of them, so you can choose the recorder that's exactly right for the job.

What else is new? Dozens of things. New features. New accessories. Even new prices. For example, we added a dual channel model—the G-42—to our popular G-40 series of 10-inch strip chart recorders. We have a new 5-inch chart series—the G-14A—with three models, and a companion desk-top series—the G-15—with three 10-inch chart models.

Interested in X-Y recorders? Our F-70 and F-80 series

give you a wide variety of X-Y recorders with your choice of numerous options. We've also developed the new F-50—a unique modular design that provides tremendous versatility at low cost.

We'd like to send you our new catalog. Write now for your free copy. It's only 8 pages long, but it lists our complete line of recorders. And don't let all the numbers throw you. When you're thinking about buying a recorder, there's only one thing to remember: Varian.

**VARIAN ASSOCIATES**

PALO ALTO, CALIFORNIA □ ZUG, SWITZERLAND

## Direct determinations of solution concentrations ... with a single drop of sample!

**Optional Illuminated Table Stand provides utmost convenience for laboratory applications.**

**Countless Applications:** The new Model 10402 Goldberg T/C\* Refractometer can be used as a "concentrimer" to check and adjust concentrations of laboratory reagents and preparations, pharmacy batches and prescriptions. It's an ideal teaching and research tool for chemistry and physics laboratories.

**Automatic Temperature Compensation:** Unique, hermetically-sealed liquid prism eliminates error due to temperature changes. No water bath or temperature controller needed.

**Ultra-Micro Analysis:** Small sample needed, no more than 0.02 ml ... a single drop of solution.

**Instant Readings:** Read index of refraction and index of refraction difference direct from built-in double scale.

**Accurate:** Refractive index scale reads directly to 0.0002, comparable in accuracy to large bench-type Abbe refractometers.

**Tables Available:** Table of Properties of aqueous solutions related to index of refraction, consisting of 70 common laboratory reagents and other solutions is available from American Optical at \$15.00.

\* The new Goldberg Refractometer and its use as a "concentrimer" were developed in cooperation with Dr. A. V. Wolf, Head of the Dept. of Physiology, University of Illinois, College of Medicine.

**AMERICAN OPTICAL COMPANY**
