## New Matheson Scientific Catalog now ready—written for technical people, by technical people

We've tried to make it the easiest-to-use laboratory equipment catalog. Individual catalog numbers are given for each item and accessory, and, in addition, we've included manufacturers' numbers. Bold face type headings are provided for quick scanning. Plenty of detail and use information—even specs on accessories. We've done everything we can think of to make our catalog the one you'd rather use. Please ask for a copy.
