

RESEARCH-PROVED

All Purina Laboratory Chows are:

- specifically formulated to meet the nutritional needs required by the animal.
- Micro-Mixed to assure complete nutrition in every Checker.
- biologically assayed.
- manufactured under strict controls to help prevent drug contamination.

Call your Purina dealer listed in the Yellow Pages under "Feed Retail". Or write Laboratory Animal Research Center, Ralston Purina Company, Checkerboard Square, St. Louis, Missouri 63199 for complete information on all Purina Laboratory Chows.

Personnel Placement

POSITIONS WANTED

Administrative Director. Contracts, subcontracts, construction, programs and budgets, public and industrial relations. Box 282, SCIENCE. 7/26

Business Administrator, medical, business, and government experience. Minimum \$15,000. Box 281, SCIENCE. 7/19

Developmental Biologist, Ph.D. Experience in tissue culture, immunology, electron microscopy. Desires medical research with opportunity for independent investigation. Box 257, SCIENCE. 7/19

Versatile Biologist, Ph.D. Extensive research in microbial physiology, biochemistry, fermentations, and so forth. Industrial, academic. Box 283, SCIENCE. 7/26

Cytogeneticist, 7 years' teaching, 7 years' research in cytogenetics, radiation biology, developmental biology; grant recipient, publications. Desires teaching or research position. Box 273, SCIENCE. 7/19

Editor, Biological Sciences, experienced with all aspects of acquisition, production and promotion of manuscripts with leading publisher desires position with more responsibility in the advanced sciences. Box 285, SCIENCE. 7/19

Entomology Ph.D. Veterinary parasitology minor; research hypersensitive animals to insect bites, disease transmission; electron microscope use; desires research, teaching, opportunity. WOODWARD PERSONNEL BUREAU, 185 North Wabash, Chicago 60601. 7/19

POSITIONS WANTED

Laboratory Animal Scientist — Administrator; M.S. (Ph.D. program), 42; 15 years' experience. Associate Professor—Director OE Training Contract. Bioconsultant. Previously technical director animal breeding laboratory; research biologist, industrial and government laboratories. Various experience areas inclusive of primate breeding—carcinogenesis studies, developmental gnotobiology, and technical writing. Desires challenging academic (faculty-administrative) or industrial appointment. Box 274, SCIENCE. 7/19

Marine Algologist, Ph.D. Woman, 7 years' research and teaching experience. Seeks faculty or senior research position to pursue main research interest in comparative fine structure of blue-green and red algae. Available early 1969. Box 284, SCIENCE. 7/19

Microbiologist, M.S. Medical, with teaching experience. East or Midwest preferred. Available 15 September. Box 286, SCIENCE. 7/19

Microbiologist, Ph.D. Experience in research in microbial metabolism, in teaching medical microbiology and some in clinical microbiology. Prefers northeast area. Box 276, SCIENCE. 7/19

Microbiologist, D.V.M., Ph.D. Four years of postdoctoral experience. Publications. Seeking teaching research position in United States or Canada. Box 277, SCIENCE. 7/19

Nutrition, Ph.D. seeks research/teaching position in or related fields. Publications: available in August. Box 275, SCIENCE. 7/19

Physiologist, M.S. Two years of additional course work and research; 3 years of college teaching. Publications. Desires research and/or teaching position. Box 278, SCIENCE. 7/19

Respiratory Physiologist, excellent academic, research, and publications. Academic appointment. Box 279, SCIENCE. 7/19

Science Editor-Health Educator. Nine years' editing for major New York publishers. Publications. 1968 M.P.H. in health education from East Coast university. Willing to travel; will consider teaching. Box 271, SCIENCE. 7/19

POSITIONS WANTED

Science Writer, M.A. 1968. Experience: 6 years' biology, physics and chemistry teaching, secondary and college; 2 years' science writing. Phillip E. Miller, UIR, University of Wisconsin, Madison 53706. 7/19

Young Veterinarian with experience in interpretation of drug toxicological data and associated laboratory animal care. Pharmaceutical industry preferred. Phone 617, 755-4720; or Box 280, SCIENCE. 7/19

Virologist, Ph.D., 44, single. Experimental pathology. Veterinarian. Fifteen years' industrial, academic research-teaching experience. Presently professor large university. Desires challenging opportunity research, administrative, and so forth. Box 264, SCIENCE. 7/19

Virologist—Tissue Culturist, Ph.D. 1960. Experience in viral chemotherapy, oncology, and immunology. Seeks position. Box 272, SCIENCE. 7/19

POSITIONS OPEN

CLINICAL BIOCHEMIST Ph.D./ASSISTANT DIRECTOR OF BRANCH LABORATORY: Recent or experienced Ph.D. biochemist in the field of clinical chemistry. Salary range \$15,000-20,000 per annum, depending on experience and qualifications. Profit sharing incentives and other professional benefits. Send complete and detailed résumé to P.O. Drawer 1182, Beverly Hills, California 90213. All applications will be considered and acknowledged.

Central Islip State Hospital
Central Islip, New York

EXPERIENCED MARINE SCIENTISTS ARE NEEDED

Leading coastal and estuarine oceanographic research institution seeks capable marine scientists with several years experience in ichthyology or marine fisheries biology, physical, chemical or physical oceanography, marine microbiology, marine pollution biology or environmental health work and marine ecology to fill newly established positions. Needed are established doctoral-level scientists qualified to assume responsibility for operating research and graduate teaching departments. Strong local support assures continuation of active research and teaching programs.

If interested, please reply with appropriate resumes to Box 245, SCIENCE.

Openings at the Ph.D. level for **Research Investigators** in our Cancer Chemotherapy Division. Particular consideration given to applicants with experience in toxicology, biochemistry and pre-clinical pharmacology. Outstanding benefits and working conditions with an internationally recognized leader in the field.

Reply with complete resume, recent publications and salary requirements to: **Colonel Albert J. Roose, Director of Personnel, Microbiological Assoc. Inc., 4733 Bethesda Ave., Bethesda, Md.**

POSITIONS OPEN

ACADEMIC PATHOLOGIST

Position involves chiefly teaching and research, with limited service responsibility. Opportunities for independent or collaborative investigation. Rank according to qualifications. Attractive salary and fringe benefits. Contact **Doctor Joseph A. Sisson, Chairman, Department of Pathology, Creighton University School of Pathology, Creighton University School of Medicine, 2500 California Street, Omaha, Nebraska 68131.**

PROTEIN CHEMIST, Ph.D. or M.D. with experience. To work on isolation and structure of brain proteins. Full-time research position at hospital affiliated Research Institute in New York City.

SALARY:—Dependent on qualifications. Include fringe benefits and increments. Send detailed curriculum vitae and references to:

GRADUATE STUDY

Postdoctoral Fellowships (Ph.D., M.D., or D.V.M.) in Medical Mycology and Study of Mycotic Infections are available under a NIH-sponsored training program. For information write to: **Dr. S. Shadomy**
Division of Allergy and Infectious Diseases
Department of Medicine
Medical College of Virginia
Richmond, Virginia 23219

AUSTRALIAN NATIONAL UNIVERSITY THE JOHN CURTIN SCHOOL OF MEDICAL RESEARCH RESEARCH FELLOWSHIP/SENIOR RESEARCH FELLOWSHIP IN HUMAN GENETICS

Applications are invited for a Research Fellowship/Senior Research Fellowship attached to the Human Genetics Group (Department of Clinical Science) under the general direction of Dr. R. L. Kirk. The work will involve the study of serological or biochemical polymorphic systems in human populations and previous research experience in serology and/or biochemical genetics will be essential.

The salary range for a Research Fellow is \$A5,400 to \$A7,250 per annum, and for a Senior Research Fellow is \$A7,800 to \$A9,324 per annum. Appointment is usually for 3 years with a possible extension to 5 years.

Superannuation is on the F.S.S.U. pattern with supplementary benefits. Reasonable travel expenses are paid and assistance with housing is provided.

Further particulars may be obtained from the Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1.

Applications will close in Australia and London on 30 August 1968.

GRADUATE TEACHING AND RESEARCH ASSISTANTSHIPS LEADING TO M.A. AND Ph.D.

Teaching: Academic year stipend \$2400 and up, tuition waived, summer support available. Research: Limited number paying \$4000 and up calendar year. Research in inorganic, organic, physical chemistry, and biochemistry. Write to **Chairman, Department of Chemistry, Temple University, Philadelphia, Pa. 19122.**

POSTDOCTORAL FELLOWSHIP IN PARAPSYCHOLOGY

Psychology background preferred. Position chiefly involves research; with development of educational program secondary. Statistics important and research experience in parapsychology desirable. Contact **Director, Institute for Parapsychology, Box 6847, College Station, Durham, N.C. 27708.**

RADIATION HEALTH FELLOWSHIPS: Degree programs leading to M.S.(Hygiene), Sc.D. Background in physics, engineering, biology, chemistry, or medicine required. Active research program in large health center complex. Specialties available in radiobiology, radiation chemistry, cytogenetics, health physics, and radiological engineering and physics. Full tuition and fees, tax-free stipend of \$3000 to \$4800 per year. Citizens. Contact **Dr. Joseph A. Watson, Radiation Health Division, Graduate School of Public Health, University of Pittsburgh, Pittsburgh, Pa. 15213.**

A growing research effort has occasioned
two key openings in our Pharmacology Department.

SENIOR SCIENTISTS (PHARMACOLOGY)

BIOCHEMICAL PHARMACOLOGIST

Responsible for conducting and directing research toward the development of new anti-inflammatory drugs.

Involves, under the direction of the head of the Pharmacology Department, acquiring knowledge, designing, supervising and conducting experiments as well as analyzing and reporting results of investigations.

Required: Ph.D. 0-5 years related experience.

SENIOR SCIENTIST

Under the direction of a Senior Staff member, responsible for a variety of animal pharmacological experiments.

Requires scientific maturity, insight and initiative as well as the ability to lead others toward the successful completion of important assignments.

Required: M.S. Pharmacology. 0-3 years experience or a B.S. with a proven record of accomplishment.

If you qualify, seek challenges, a progressive work environment and compensation commensurate with your contribution, submit your resume in confidence to:
